<sup>1</sup>"Number Tested" is the number of students who participated in the end-of-grade test in reading and mathematics. The number of accommodations is based on the number of students who received the accommodation in either reading or mathematics.

<sup>2</sup>"Percent" is calculated based on the number tested in the "All Students" category.

<sup>3</sup>The "Percent At or Above Level 3" is calculated by dividing the number of students passing both reading and mathematics tests at or above Achievement Level 3 by the number of students with valid scores in both reading and mathematics; therefore, the data do not include students tested only in reading or mathematics.

<sup>4</sup>The "Percent At or Above Level 4" is calculated by dividing the number of students passing both reading and mathematics tests at or above Achievement Level 4 by the number of students with valid scores in both reading and mathematics; therefore, the data do not include students tested only in reading or mathematics.

\*Performance data are not reported when membership is fewer than ten.

\*\*Use of the "Interpreter/Transliterator Signs/Cues Test" or "Test Administrator Reads Test Aloud (in English)" accommodations during the administration of state tests that measure reading comprehension skills invalidates the results of the test.

Notes: Accommodations are available for students with Individualized Education Programs, Section 504 Plans, English Learner Plans/documentation, and/or transitory impairment documentation.

Performance data are masked when results are less than or equal to 5.0 percent, or greater than or equal to 95.0 percent

All data are rounded to the nearest tenth; therefore, accommodation categories may not sum to 100.0 percent.

Data received from local education agencies, charter schools, and regional school after October 5, 2023 are not included in this table.
