2017-18 Credentialing Data

North Carolina Career and Technical Education

September 2018

Prepared by
Kimberly M. MacDonald, NBCT, PMP
Senior Analyst, CTE State and Federal Accountability
NC Career and Technical Education
North Carolina Department of Public Instruction

Special thanks to all CTE consultants and local teachers and administrators who provided the data used in this report.

EXECUTIVE SUMMARY

CREDENTIALS EARNED BY SECONDARY NC CTE STUDENTS EXCEED GOALS

Credentials earned by secondary North Carolina Career and Technical Education (CTE) students have increased steadily since 2010-2011, the first-year data were collected in the state. Students earned 276,561 individual credentials and 154,162 combined credentials. Credentials are endorsed by business and industry and document student mastery of skills required for employment and advancement in a career. The 276,561 credentials earned by CTE students who complete industry certification programs measure has exceeded the State Board of Education's goal.

TOP CREDENTIALS

Career Readiness Certificates, which are available in four different levels, were earned by 40,216 students. Microsoft Office Specialist Word (20,583) and PowerPoint (19,436) and were also among the most frequently earned credentials.

Students in Wake County report the highest number of credentials earned at 16,534 individual credentials earned. The school systems with the highest percentage of credentials earned based on enrollment in CTE courses that offered a credential were Person County Schools, Roanoke Rapids City Schools, and Harnett County Schools. Gaston County Schools, Harnett County Schools and Randolph County Schools appeared in the top rankings for number of student credentials met and percentage of students who passed a credential for the CTE course offerings that offered a credential.

HOW THE DATA WAS COLLECTED

Educators and business and industry representatives recommend credentials each year that are aligned to the CTE curriculum and valued by employers. Proposed credentials are investigated to ensure they meet requirements for reporting.

Credentials earned data is collected for each student and matched to enrollment information. Many of the NC CTE credentials earned data was collected directly from the credentialing agency. Additional results were collected from students using third-party software. Care was taken to protect the confidentiality of student information during the collection and analysis process.

MORE INFORMATION

The 2017-2018 NC CTE Credentialing Data report provides a more detailed analysis of credentials earned by secondary NC CTE students. It includes statewide, regional, and individual school district information disaggregated by student demographic information when available.

For more information about this report or credentialing data in North Carolina, please contact NC CTE Director Trey Michael (919-807-3764 or Trey.Michael@dpi.nc.gov).

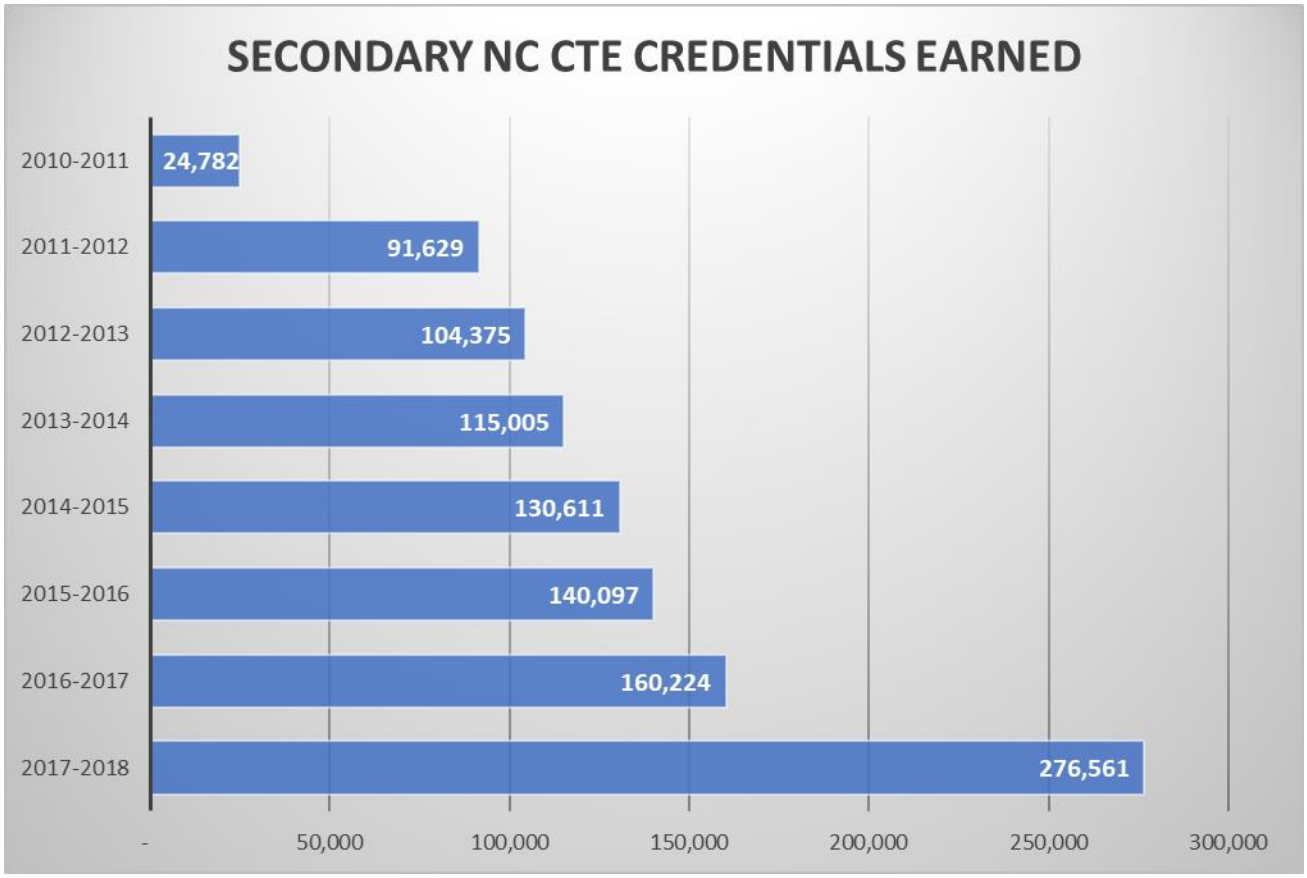
INTRODUCTION

Since 2010-2011, when North Carolina Career and Technical Education (CTE) began collecting data on credential attainment by secondary students, 1,043,284 credentials have been earned – 276,561 in 2017-2018 alone!

For this report, credentials are defined as certifications issued by professional associations, vendors, or employers. Credentials demonstrate that the student or employee "has acquired the designated knowledge, skills and abilities to perform a specific job" (Bielick, Cronen, Stone, Montaquila & Roth, 2013). A credential can be based on a written, oral or performance-based examination, or some combination of the three, and may require a prescribed period of supervised practice after successfully passing the exam.



Credentials differ from licenses, which are generally issued by a governmental entity. Licenses frequently are required for a practitioner to enter a field, while credentials help potential employees get hired or qualify them for a higher pay level but are not legally mandated.

A 2014 report from the U.S. Census Bureau found nearly a quarter of adults, 11.2 million people, had some sort of non-degree credential, and these workers were more likely to be employed and earned more than their counterparts without credentials (Ewert & Kominski, 2014). Writing about the Census Bureau findings, Massie (2014) reported that credentials often give employees a leg up on the competition. "In this shifting economy, one way that job seekers, students and workers may improve their opportunities is by earning credentials."

Earnings of workers with credentials can outpace those of workers who have degrees. In fact, "17% of people with post-secondary licenses or certificates – credentials short of an Associate degree – earn more than the average bachelor's degree recipient" (Austin, Mellow, Rosin & Seltzer, 2012). The best long-term scenario is expansion of credentials that are **portable**, meaning they are accepted anywhere around the country, and **stackable**, meaning they can be combined with other, related credentials to create a portfolio of workers' skills, they wrote.

Secondary students benefit from earning credentials in several ways, including the following:

- Credentials provide an advantage to students seeking entry-level employment as they document student proficiency in required skills against a state or national standard.
- Employees with credentials may start at a higher pay rate or be eligible for a pay raise or promotion more quickly than employees without a credential.
- Because the cost of the credential is usually covered by local or state sources, students can save considerable money as they prepare for their future careers.
- As credentialed employees, students can earn money for postsecondary education through employment that is well paid and often provides experience in their chosen field.
- Preparing for the credential examination educates students about what it takes to be successful in their field and exposes them to networking opportunities that can smooth their transition to the world of work.

This document provides further details on credentials earned by NC CTE students.

STATEWIDE RESULTS OVERVIEW

NC CTE students earned 276,561 statewide individual credentials in 2017-2018 school year. The 177 different credentials available to students included those that measured workplace readiness skills, general job skills applicable to many different careers (for example, Microsoft Office Specialist certifications in Word, Excel, PowerPoint and Access), and specific job-related proficiency (for example, Nurse Aide).

CREDENTIAL TIERS

NC CTE partners with the NC Department of Commerce to assign a three-tier value ranking to each industry credential. Consideration is given to both academic rigor and employment value as part of the credential tier assessment. In 2017-2018, NC CTE students earned 187,063 Tier 2 credentials exceeding the NC State Board of Education's goal of 92,022. NC CTE students also earned 2,793 Tier 3 credentials exceeding the NC State Board of Education's goal of 1,952.

MICROSOFT OFFICE SPECIALIST CREDENTIALS

Through an agreement with Microsoft Corp., Certiport, and NC Department of Public Instruction, students can take Microsoft Office Specialist (MOS) and other Microsoft credential examinations at no charge. During 2017-2018, 48,597 MOS credentials were earned by NC CTE students.

As part of the MOS certification process, three North Carolina students from Green Hope High School were recognized at the Certiport 2018 Microsoft Office Specialist U.S. National Championship held in Atlanta, GA on June 13-15, 2018. Jesse Sengonzi placed first in Microsoft Word 2013, Forrest Liu placed third in Microsoft Excel 2016 and Ashwin Prasad placed third in Microsoft PowerPoint 2016. Jesse went on to compete at the worldwide championships in Orlando, FL on July 29 – August 1, 2018, ultimately placing eighth in his category.

Microsoft Office Specialist is a widely recognized certification that ensures students are highly skilled in the use of Microsoft Office products. Many North Carolina students and teachers demonstrated an even deeper level of skills needed to proficiently use Office programs by earning a Microsoft Office Specialist Master certification. The requirements for earning the MOS Master certification changed for 2017-18 and included earning expert certification in Word **AND** Excel, certification in PowerPoint and at least one other MOS certification – no small feat. Regardless of the increased difficulty, NC students earned 134 MOS Master certifications! In addition, 9 teachers from across the state earned the Master certification, enhancing their own personal professional development. North Carolina's Certiport partners recognize the state as a pioneer and worldwide leader for these statewide accomplishments.

NATIONAL CENTER FOR CONSTRUCTION EDUCATION & RESEARCH CREDENTIALS

The National Center for Construction Education & Research (NCCER) credentials are aligned to many CTE course offerings. These credentials offer craft professional skill credentials in a module format that validate students' knowledge and skills in our Trades and Industrial Education course offerings of:

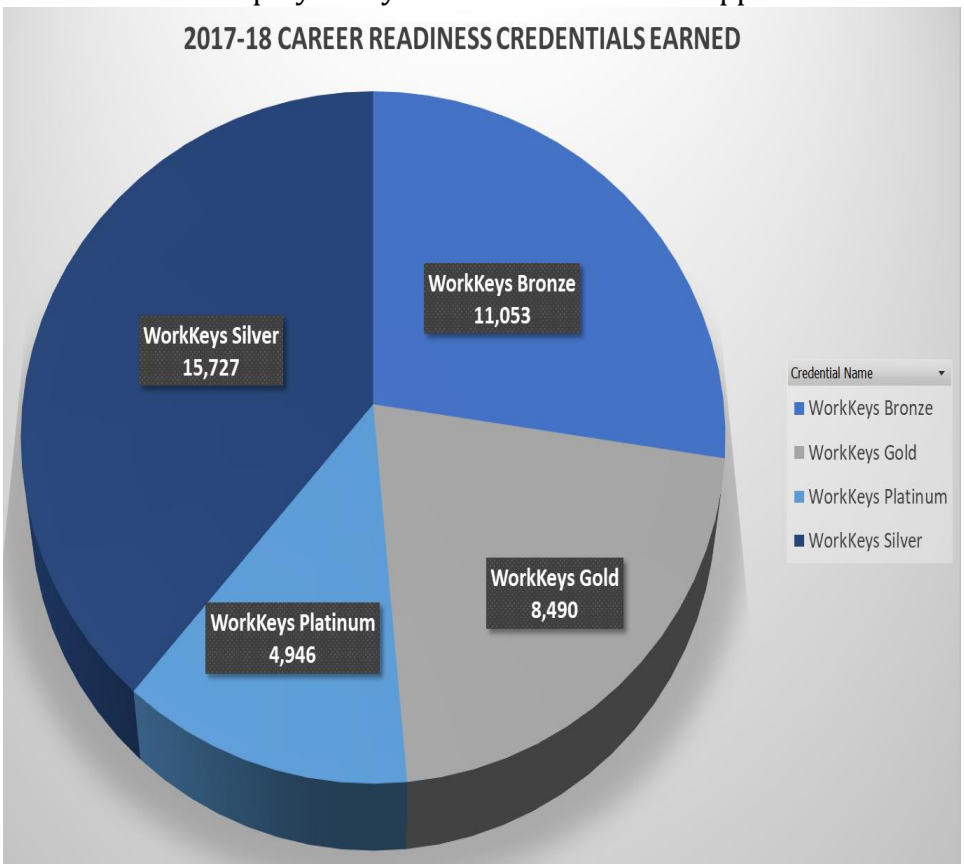
- Core and Sustainable Construction
- Masonry I, Masonry II, and Masonry III
- Carpentry I, Carpentry II, and Carpentry III

Students earned 119,044 individual NCCER module credentials in the 2017-18 school year.

CAREER READINESS CREDENTIAL

The ACT WorkKeys examination is administered each year to CTE Concentrators, students who earned four related technical credits, at least one of which was at the second level.

WorkKeys measures students' employability skills in three areas – Applied Mathematics, Locating Information, and Reading for Information. Test-takers who score high enough on the assessment receive a Career Readiness Credential, which is available at four levels – Platinum, Gold, Silver and Bronze. Employers use Career Readiness Credentials as a screen to improve the quality of their workforce and to help potential employees understand the level of performance necessary to be successful in a field.



OTHER CREDENTIALS

In addition to the Career Readiness Credential and the MOS certifications, the highest number of credentials earned were the following:

- EverFi, 7,855
- CPR Health Care Provider, 6,921
- Workplace Readiness Soft Skills, 6,439
- S/P2 Mechanical Safety, 2,545

The complete list of credentials earned by NC CTE students begins on the following pages.

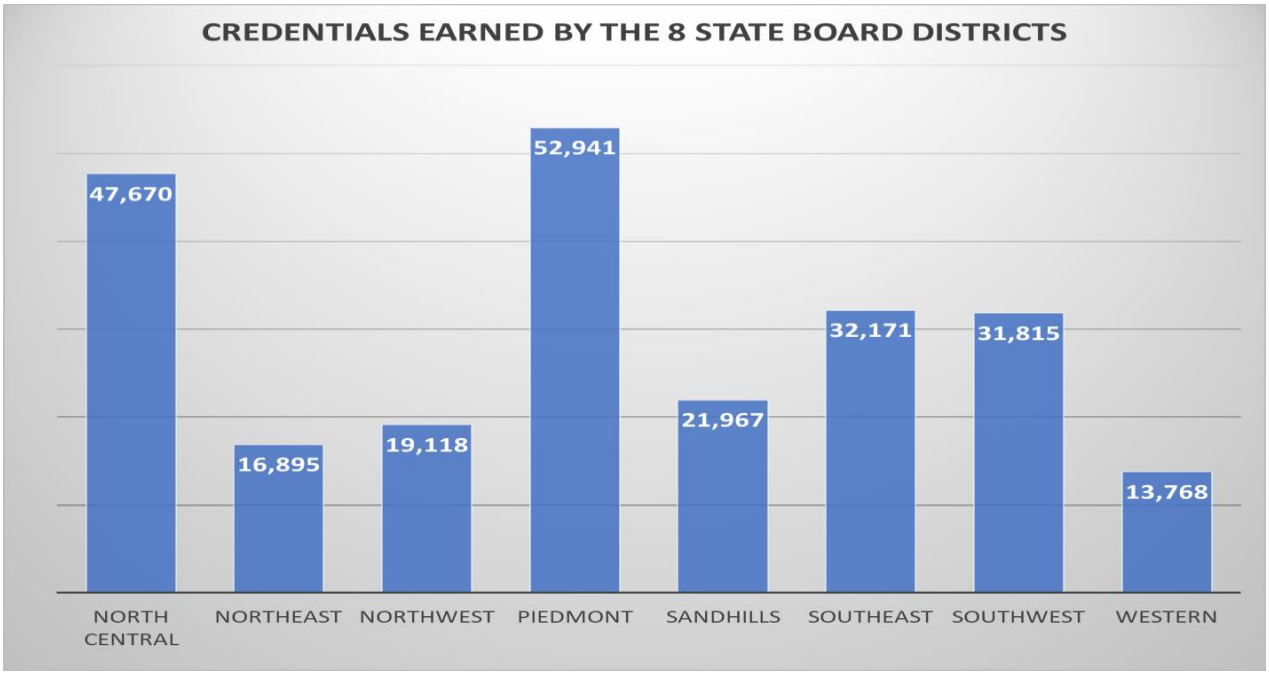
STATEWIDE REGIONAL RESULTS

Using the State Board of Education regions, the Piedmont District has the highest number of credentials at 52,941. The Southeast and Northeast District tied the highest credential earned percentage. As such, 92% of students in the Southeast and Northeast District that were enrolled in a CTE course that offers an industry recognized credential earned the credential.



Using the six CTE service regions, the Central Region has the highest number of credentials earned at 68,995. The Northeast Region held the highest credential earned percentage. As such, 89.6% of students in the Northeast Region that were enrolled in a CTE course that offers an industry recognized credential earned the credential.

LOCAL EDUCATION AGENCY RESULTS OVERVIEW

Students in all 115 Local Education Agencies and seven charter and special schools earned credentials in 2017-2018. The ten Local Education Agencies with the highest number of credentials earned are shown in the chart below.

Local Education Agency		Credentials
920	Wake County Schools	16,534
360	***Gaston County Schools***	***12,566***
430	***Harnett County Schools***	***10,790***
760	***Randolph County Schools***	***8,708***
670	Onslow County Schools	8,348
900	Union County Public Schools	8,145
410	Guilford County Schools	7,824
740	Pitt County Schools	7,739
260	Cumberland County Schools	7,429
800	Rowan-Salisbury Schools	7,212

Based on the number of credentials earned as a percentage of CTE course enrollment for courses aligned to a credential, the top Local Education Agencies and charters are shown in the chart below. Please note that for some CTE courses, students can earn multiple credentials for the same course. An example is the CTE course 'BM10: Microsoft Word and Power Point', which is aligned to the Microsoft Word credential and the Microsoft Power Point credential. Students enrolled in the 'BM10: Microsoft Word and Power Point' could earn both credentials and so the counts reflect each credential earned.

Local Education Agency		% Earned
730	Person County Schools	221.2%
421	Roanoke Rapids City Schools	211.2%
430	***Harnett County Schools***	***187.6%***
400	Greene County Schools	181.8%
530	Lee County Schools	165.4%
292	Thomasville City Schools	163.7%
880	Transylvania County Schools	163.3%
90	Bladen County Schools	161.8%
360	***Gaston County Schools***	***161.5%***
760	***Randolph County Schools***	***160.0%***

During 2017-2018, duplicated enrollments in North Carolina CTE courses that were aligned to a credential was 305,517. 77.4% of those students earned industry recognized credentials state wide for a total of 236,345. Detailed information on the total credentials earned and percent based on enrollment for each Local Education Agency appear in the chart beginning on the following pages.

LOCAL EDUCATION AGENCY RESULTS

CONCLUSIONS

Since 2010-2011, secondary North Carolina Career and Technical Education students have benefitted from the ability to earn business and industry-recognized credentials, often at no cost to the student. Students have entered the workforce or further education better able to demonstrate proficiency in skills that are important to employers.

Priorities for the coming year include the following:

- The list of credentials will be further expanded.
- NC CTE will continue to focus on developing the most efficient way to collect and report on credential data.
- NC CTE will work with other Divisions to list student credentials earned on the student transcript.
- The state will continue to refine a process to comply with the NC General Assembly's law that provides for teacher payment for students who earn selected credentials.
- NC CTE will continue to develop a mechanism to report on secondary students' credential attainment to the Office of Career, Technical and Adult Education of the U.S. Education Department. Reporting directly on credential attainment of secondary CTE students is anticipated to be required under the Strengthening Career and Technical Education for the 21st Century (Perkins V) Act.
