2024–25 Performance and Growth of North Carolina Public Schools

Annual Testing Report (September 3, 2025)

Statistical Summary of Results

This report provides performance and growth data for the 2024–25 school year based on analysis of all end-of-grade (EOG) and end-of-course (EOC) tests, including the associated alternates, which are aligned to the North Carolina Standard Course of Study in reading, mathematics, and science for all public schools in North Carolina.

The following data are included in this report:

- Section 1. Test Data: The percentage of students that scored Level 3 and above (Grade-Level Proficient) or Level 4 and above (College-and-Career Readiness) on the EOG, EOC, and NCExtend1 assessments.
- Section 2. Percent Proficient Disaggregated by Subgroup
- Section 3. Test Performance Disaggregated by Academic Achievement Level
- Section 4. Growth Results: Based on student performance on the EOG and EOC assessments, the percentage of schools that exceeded, met, or did not meet growth expectations for the school and for each applicable subgroup within a school as defined and calculated in EVAAS.
- Section 5. School Performance Grades: An A–F designation for each school, for each student subgroup within a school and for reading and mathematics in schools with grades 3–8. Analyses include School Performance Grades by school type, by growth, and by economically disadvantaged student populations.
- Section 6. Measure of Interim Progress Toward Long-Term Goals
- Section 7. Participation Requirements
- Section 8. Alternative Schools and Special Population Schools
- Section 9. Federal Designations: Number of schools with federal designations of Comprehensive Support and Improvement (CSI) and Targeted Support and Improvement (TSI).
- Section 10. State Low-Performing Schools and Districts
- Section 11. ACT
- Section 12. WorkKeys
- Section 13. Percentage of English Learners Meeting Progress and Exiting Status

The appendix includes test performance data and School Performance Grades by State Board of Education (SBE) regions and by virtual charter schools.

Accountability performance results for districts and all schools included in this report are available on the North Carolina Department of Public Instruction's Office of Accountability and Testing website at https://www.dpi.nc.gov/districts-schools/accountability-and-testing/school-accountability-and-reporting. The testing results are available in a database at https://go.ncdpi.gov/AccountabilityDashboards. The data will also be presented in the North Carolina School Report Cards later this fall.

Section 1. Test Data

All tests are reported on four levels (general assessments) or three levels (alternate assessments). The previous years provided are the 2022–23 and the 2023–24 school years.

Figures 1–8 show the percentage of students at Level 3 and above and the percentage of students at Level 4 and above for grades 3–8 in reading, mathematics, and science, and in high school for biology, English II, NC Math 1, and NC Math 3. Students at Level 3 demonstrate preparedness to be successful at the next grade level with some support. Students at Level 4 and above are on track to be prepared for college and career at the end of high school if continued learning occurs.

Compared to the 2023–24 school year, all content areas and all grade levels for mathematics and reading show either the same or an increase in the percentage of students meeting Level 3 and above and Level 4 and above except for:

- Grade 3 reading students scoring Level 3 and above and Level 4 and above,
- Grade 3 mathematics students scoring Level 4 and above,
- English II students scoring Level 3 and above and Level 4 and above,
- Grade 8 NC Math 1 students scoring Level 3 and above and Level 4 and above,
- Grades 9–12 NC Math 1 students scoring Level 3 and above and Level 4 and above, and
- All NC Math 1 students scoring Level 3 and above.

With newly adopted science content standards (July 2023), new science assessments for grades 5 and 8 and biology were implemented in the 2024–25 school year. Comparisons to previous school years' assessments are not valid due to the differences in the content standards.

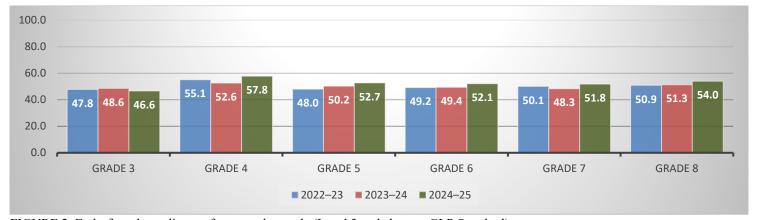

FIGURE 2. End-of-grade reading performance by grade (Level 3 and above—GLP Standard).

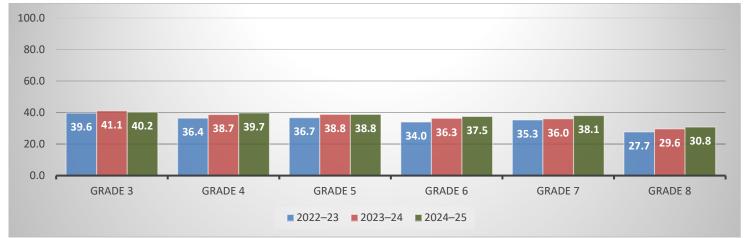

FIGURE 3. End-of-grade mathematics performance by grade (Level 4 and above—CCR Standard).

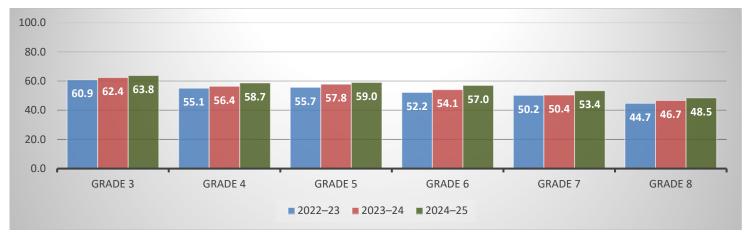

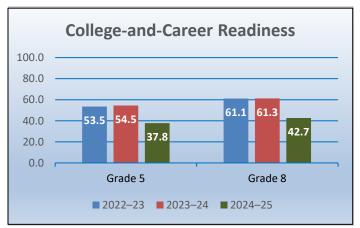

FIGURE 4. End-of-grade mathematics performance by grade (Level 3 and above—GLP Standard).

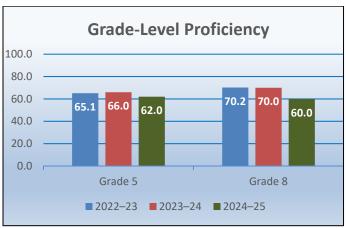

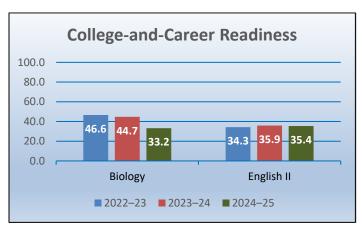

FIGURE 5. End-of-grade science performance by grade (Level 4 and above—CCR Standard and Level 3 and above—GLP Standard).

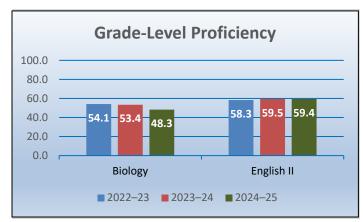

FIGURE 6. End-of-course performance by subject (Level 4 and above—CCR Standard and Level 3 and above—GLP Standard).

Mathematics: Grade 8, NC Math 1, and NC Math 3

Students who took NC Math 1 during or prior to grade 8 do not take the Grade 8 Mathematics EOG. In reviewing Figures 7 and 8, note:

- 1. Grade 8 Math EOG includes grade 8 students who took the grade 8 math EOG this school year.
- 2. Grade 8 NC Math 1 includes grade 8 students who took the NC Math 1 EOC in grade 8 or prior.
- 3. *All NC Math 1* includes all students who took NC Math 1, regardless of whether it was in middle school or high school.
- 4. Grades 9–12 NC Math 1 includes the students who took NC Math 1 in grades 9–12 this school year.
- 5. All NC Math 3 includes the students who took NC Math 3 in grades 9–12 this school year.

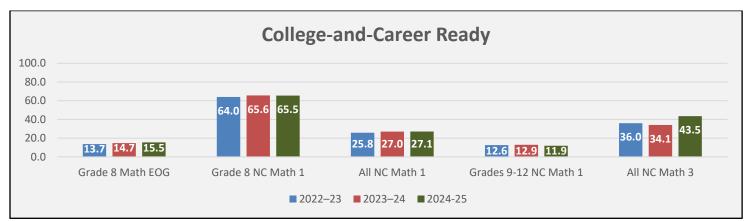

FIGURE 7. Mathematics end-of-grade and end-of-course performance information at grades 8–12 (Level 4 and above—CCR Standard).

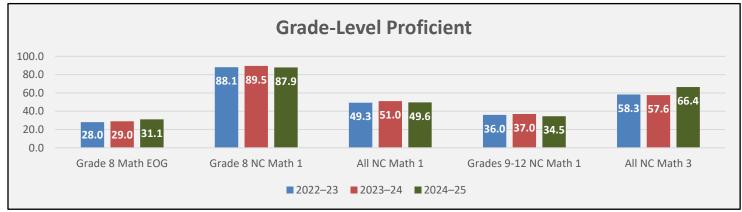

FIGURE 8. Mathematics end-of-grade and end-of-course performance information at grades 8–12 (Level 3 and above—GLP Standard).

Section 2. Percent Proficient Disaggregated by Subgroup

Tables 1–12 show the test results disaggregated by subgroup with tables 1–6 reporting performance for grade level proficiency and tables 7–12 reporting performance for college-and-career readiness.

² Eighth graders participate in either grade 8 End-of-Grade Mathematics or NC Math 1.

Section 4. Growth Results

For the 2024–25 school year, school accountability growth results are presented for the 2,541 public schools that participated in the statewide testing program. Using all EOG, English II EOC, NC Math 1 EOC and NC Math 3 EOC (for students who took NC Math 1 in grade 8 or prior) test scores, school accountability growth is calculated using EVAAS, a value-added growth model. Each school with the required data is designated as having exceeded expected growth, met expected growth, or did not meet growth. As shown in table 13, for the 2024–25 school year, 70.7% of all schools met or exceeded growth expectations.

TABLE 13. School accountability growth

Growth category	2022-23 Number	2022–23 Percent	2023–24 Number	2023–24 Percent	2024–25 Number	2024–25 Percent
Exceeded expected growth	725	28.3	733	28.7	714	28.1
Met expected growth	1,126	44.0	1,122	43.9	1,083	42.6
Did not meet growth	710	27.7	703	27.5	744	29.3
Total	2,561		2,558		2,541	

Table 14 and figure 13 provide the percentage of schools at each growth designation by school type. School type is defined as follows: elementary (any school with a grade configuration up to grade 5), middle (any school with a grade configuration up to grade 8), and high (any school with a grade configuration up to grade 12 or ungraded).

TABLE 14. Growth status of schools by school type

Growth status	Elementar	y School	Middle School Hi			igh School	
Growth status	Number	Percent	Number	Percent	Number	Percent	
Exceeded expected growth	310	25.7	206	30.2	198	30.4	
Met expected growth	610	50.5	247	36.2	226	34.7	
Did not meet growth	287	23.8	229	33.6	228	35.0	
Total	1,207		682		652		

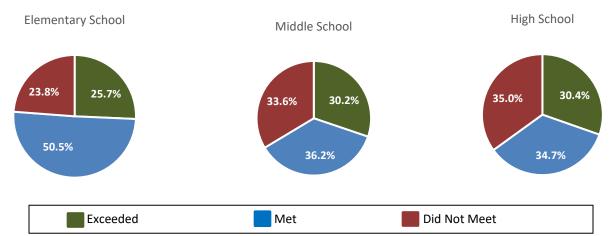

FIGURE 13. Growth status by school type.

As with school-wide accountability growth, subgroup growth is calculated using EVAAS, a value-added growth modeling tool. Within a school, each subgroup that meets data requirements is designated as having exceeded expected growth, met expected growth, or did not meet growth.

For example, as presented in table 15, there are 52 school-level American Indian subgroups that met the data requirement of having at least thirty students in the subgroup. Schools' subgroups that did not meet the minimum data requirement of thirty students are not included.

TABLE 15. Subgroup growth designations

Subgroups	Exce	eded l growth		xpected wth		ot meet l growth	Total number of
	Number	Percent	Number	Percent	Number	Percent	subgroups
American Indian	7	13.5	34	65.4	11	21.2	52

White	418	20.9	1,103	55.2	477	23.9	1,998
Economically Disadvantaged	428	17.6	1,297	53.3	707	29.1	2,432
English Learner	263	24.0	707	64.6	125	11.4	1,095
Students with Disabilities	120	8.1	1,025	68.9	343	23.1	1,488

Note: Due to rounding, the percent of subgroups may not total 100%.

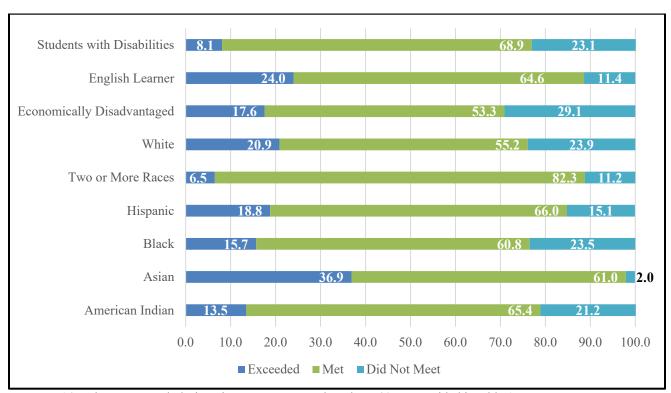

FIGURE 14. Subgroup growth designations – percentages less than 5% are provided in table 15.

Section 5. School Performance Grades (A–F)

As required by G.S. §115C-83.15, School Performance Grades (A–F) have been reported for all schools since the 2013–14 school year.

The School Performance Grades are based on student achievement (80%) and growth (20%). The indicators and the proficiency standards or benchmarks used for achievement include:

- 1. Annual end-of-grade mathematics and reading assessments in grades 3–8 and science assessments in grades 5 and 8 (Level 3 and above).
- 2. Annual end-of-course assessments in NC Math 1 or NC Math 3 (for students who took NC Math 1 in grade 8 or prior) and English II (Level 3 and above), included in achievement and growth.
- 3. Percentage of students identified as English learners who meet the progress standard on the English Proficiency assessment.
- 4. Percentage of students who graduate within four years of entering 9th grade high school (Standard [Four-Year] Cohort Graduation Rate).

As required by ESSA, the following are School Quality or Student Success indicators:

- 1. Growth for elementary and middle schools (mathematics, reading and science); high school growth is included in the achievement indicator (reading and mathematics).
- 2. Annual end-of-course assessment in biology for high schools (schools with grade 9 or higher).
- 3. The percentage of 12th grade students who complete NC Math 3 with a passing grade.
- 4. The percentage of 12th grade students who achieve the minimum score required for admission into a constituent institution of The University of North Carolina on the ACT (composite score of 19) or who meet the Silver Certificate or higher on the WorkKeys assessment.

The EVAAS model, which provides the growth measure, uses current and previous student test scores to determine whether schools are maintaining or increasing student achievement from one year to the next. If a school does not have a Growth Score, only the School Achievement Score is used to calculate the Performance Score.

For an indicator to be included in the School Performance Grade calculation, there must be thirty students. If a school has only one indicator, the School Performance Grade is calculated on that indicator.

The grade designations are set on a fifteen-point scale as follows:

. 0.5 100	D 50 04	C (0	D 40 54	T 20 1
$\Delta = 85 - 100$	R = 1/0 - 84	C = 55 - 69	11 = 40 - 54	$\mathbf{F} = 39 \text{ or less}$
$\mathbf{A} 0.5-100$	D /0 0 =	0 33-07	\mathbf{D}	1 37 01 1C33

Overall School Performance Grades

Of all district schools and charter schools, 2,584 received School Performance Grades (SPG) for the 2024–25 school year. Of the schools not included in the SPG report, 98 are schools approved to use the Alternative School Accountability Model, which is highlighted in Section 8.

Table 16 and figure 15 show overall letter grades.

TABLE 16. School Performance Grades

Overall grade	Number of schools 2022–23	Percent of schools 2022–23	Number of schools 2023–24	Percent of schools 2023–24	Number of schools 2024–25	Percent of schools 2024–25

Note: Due to rounding, the percentage of schools may not total 100%.

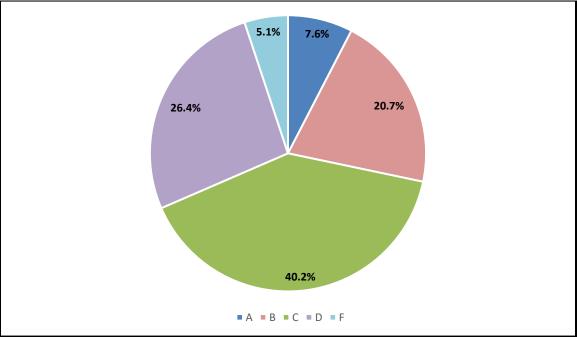

FIGURE 15. 2024–25 School Performance Grades for all schools.

School Performance Grade by School Type

Table 17 and figure 16 show the distribution of school grades by school type. School type is defined as follows: elementary (any school with a grade configuration up to grade 5), middle (any school with a grade configuration up to grade 8), and high (any school with a grade configuration up to grade 12 or ungraded). In 2024–25, 63.1% of the elementary and middle schools earned a grade of C or better, compared to 84.3% of high schools. This difference may be attributable to the indicators for each model. The high school model has more measures (Cohort Graduation Rate, ACT/WorkKeys, Math Course Rigor) than elementary and middle schools.

TABLE 17. School Performance Grade by school type

Condi	Elementary	and Middle	Eleme	ntary	Mid	dle	High	
Grade	Number	Percent	Number	Percent	Number	Percent	Number	Percent
A	70	3.6	48	3.8	22	3.2	126	19.2

F	117	6.1	62	5.0	55	8.1	15	2.3
Total	1,929		1,247		682		655	

Note: Due to rounding, the percentage of schools may not total 100%.

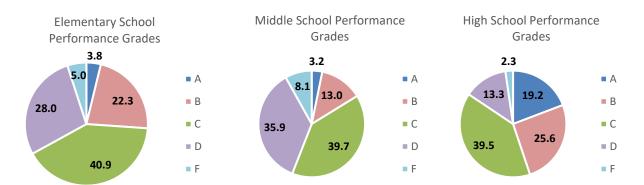

FIGURE 16. School Performance Grades by school type.

School Performance Grade by Subgroups

The indicators and the methodology to calculate A–F letter grades for student subgroups are the same as those used for the calculation of School Performance Grades. If an indicator does not meet the requirement of at least thirty students, it is not included in the calculation. However, if there is only one indicator that meets this requirement, the subgroup letter grade is based on the one indicator. For each subgroup, the subgroup growth index comprises 20% of the letter.

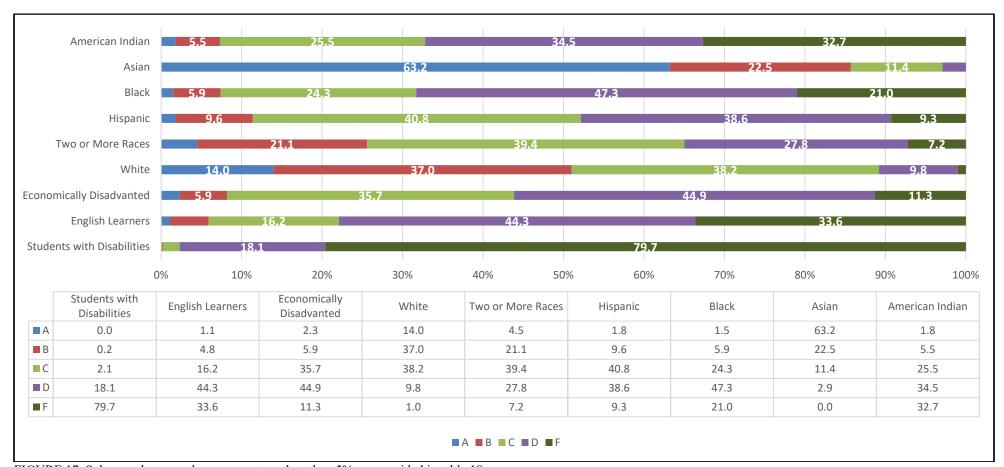

FIGURE 17. Subgroup letter grades – percentages less than 5% are provided in table 18.

School Performance Grades by Growth

Comprising 20% of the overall SPG, the amount of growth a school's students demonstrate for the year indicates the school's success in moving student achievement forward, a key criterion for sustained improvement.

Table 19 and figure 18 show that of the 2,515 schools with both an SPG and a school accountability growth status, 1,790 (71.2%) met or exceeded growth; of those schools, 178 (9.9%) earned an A, 481 (26.9%) earned a B, and 728 (40.7%) earned a C.

TABLE 19. School Performance Grade by school accountability growth

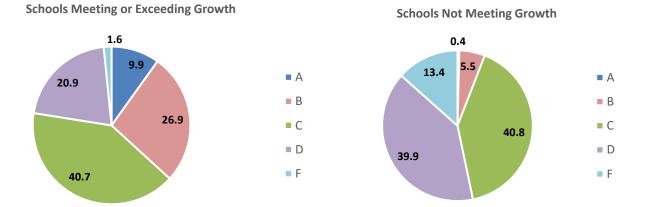

FIGURE 18. School Performance Grade by school by growth designations.

School Performance Grades and School Accountability Growth by Percentage of Students Identified as Economically Disadvantaged

Tables 20 and 21 present SPGs and school accountability growth by the percentage of Economically Disadvantaged Students (EDS) for schools. The percentage of EDS is divided into five strata: 0–20%, 21–40%, 41–60%, 61–80%, and 81–100%. Each table shows whether the percent of schools is within +/- 3 percentage points of the state-level data or above/below this range.

Reading and Mathematics School Performance Grades for Elementary and Middle Schools

Schools with grades 3–8 report separate letter grades for reading and mathematics based on EOG test scores. Like the overall SPGs, the reading and mathematics grades include achievement (80%) and growth (20%). Table 22 and figure 19 provide this information by the number and percent of grades earned for all schools.

TABLE 22. Number and percent of schools' reading and mathematics letter grades

Grade	Rea	ding	Matl	nematics
Grade	Number	Percent	Number	Percent
A	39	1.9	113	5.6
В	299	14.7	497	24.5
С	797	39.2	760	37.4
D	738	36.3	512	25.2
F	158	7.8	150	7.4
Total	2,031		2,032	

Note: Due to rounding, the percent of schools may not total 100%.

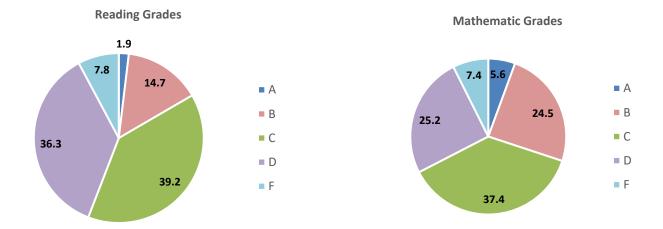

FIGURE 19. School Performance Grades for reading and mathematics.

Section 6. Measure of Interim Progress Toward Long-Term Goals

In the ESSA State Plan, North Carolina set twelve-year goals for improvement in Academic Achievement, Graduation Rate, and English Language Proficiency.

These goals reflect the percentage of students achieving College-and-Career Readiness (Academic Achievement Levels 4 and 5) on the EOG and EOC annual assessments of reading and mathematics for all students and each subgroup of students (American Indian, Asian, Black, Hispanic, Two or More Races, White, English Learners, Students with Disabilities, and Economically Disadvantaged).

Attainable yet ambitious goals were set requiring all students and each subgroup of students to meet interim measures of progress that, if achieved, would result in the state meeting its twelve-year goals and a reduction of the achievement gap between high performing and low performing subgroups.

	2024–25	1,317	489	37.1	828	62.9

Section 7. Participation Requirements

As required by the ESSA, schools must meet assessment participation requirements. Participation requirements apply to all state assessments administered by the state including EOG and EOC assessments in reading, mathematics, and science; the ACT, and ACT WorkKeys.

To meet participation requirements, schools must assess at least 95% of eligible students. Participation requirements are reported for the following student subgroups: All Students, American Indian, Asian, Black, Hispanic, Two or More Races, White, Economically Disadvantaged, English Learners, and Students with Disabilities. Participation consequences are applied to schools that did not meet their participation target.

Table 35 shows the number and percentage of schools that did or did not meet all the participation requirements. Table 36 shows, for each subgroup, the number of schools who met participation requirements for that subgroup.

TABLE 35. Participation requirements

	Number of schools	Percent of schools
Met all participation requirements	2,170	84.5
Did not meet all participation requirements	399	15.5
Total	2,569	

TABLE 36. The number and percentage of school-level participation requirements met by student subgroup

	Participation expectations				
Student subgroup	Number of schools met	Total number of schools with the subgroup	Percent met		
All Students	8,526	8,852	96.3		
American Indian	181	189	95.8		
Asian	730	748	97.6		
Black	4,433	4,708	94.2		
Hispanic	4,511	4,737	95.2		
Two or More Races	1,067	1,100	97.0		
White	6,224	6,368	97.7		
Economically Disadvantaged	7,237	7,597	95.3		
English Learners	2,801	2,982	93.9		
Students with Disabilities	3,585	3,873	92.6		

Section 8. Alternative Schools and Special Population Schools

In consideration of the limited data available for some schools, the State Board of Education policy provides an Alternative Schools' Modified Accountability System for reporting overall achievement and growth performance. This system is available to qualifying alternative schools, North Carolina Department of Public Instruction-approved special education schools, and schools identified as Developmental Day Centers. Beginning with the 2017–18 school year, and as required by ESSA, these schools also have a School Performance Grade for federal reporting. Table 37 provides information on the options selected by these schools for the 2024–25 school year.

TABLE 37. Alternative Accountability Model options

SBE policy selection	Number of schools	Description of option and outcomes
Option A	1	Participate in School Performance Grades
Option B	77	Alternative Schools' Progress Model
Option C	20	Schools submitted individual reports to the NCDPI
Total	98	

Schools that select Option B under the alternative system are evaluated based on their performance in the current year compared to the previous year. Schools are considered "Maintaining" if results stay within +/-2.9 points of the previous year. If more or less than three points are earned, the schools are "Progressing" or "Declining" respectively. Table 38 shows the results for the schools selecting Option B.

TABLE 38. Alternative Schools' Modified Accountability System Option B results

Option B results	Number of schools	Percent of schools
Progressing	18	23.4
Maintaining	51	66.2
Declining	8	10.4
Total	77	

Under Option C, alternative schools develop an alternative accountability model and present their proposal to the State Board of Education for approval. Approved schools provide a summary report of their accountability models, which are posted on the NCDPI website.

The results of the schools that chose Option B or Option C are located at the North Carolina Department of Public Instruction's Accountability Services website.

Section 9. Federal Designations

The Every Student Succeeds Act requires the identification of schools based on a state's accountability model. The designations required include Comprehensive Support and Improvement (CSI) schools and Targeted Support and Improvement (TSI) schools. Table 39 provides a quick reference of federal designations that had the opportunity to exit and were newly identified.

Comprehensive Support and Improvement Schools

CSI schools had an opportunity to exit at the end of the 2024–25 school year and new identifications were made for the 2025–26 school year. The 2025–26 identification lists included the new federal designation of CSI-Additional Targeted Support schools who were previously identified as TSI – Additional Targeted Support and did not exit such status within the required six years. All identified schools are provided support to implement interventions.

- 2024–25 Comprehensive Support and Improvement Low Performing (CSI–LP) Exit Criteria. Achieve above the lowest 5 % of Title I served schools for the most recent and previous school year and meet measure of interim progress for the All Student subgroup in all subjects (i.e., reading and math).
- 2024–25 Comprehensive Support and Improvement Low Graduation Rate (CSI–LG) Exit Criteria. Graduation rates greater than or equal to 66.7 percent in the most recent and previous academic year.
- 2025–26 Comprehensive Support and Improvement Low Performing (CSI–LP) Identification Criteria. Lowest performing five percent of all Title I schools.
- 2025–26 Comprehensive Support and Improvement Low Graduation Rate (CSI–LG) Identification Criteria. High Schools with graduation rates lower than 66.7 percent.
- 2025–26 Comprehensive Support and Improvement Additional Targeted Support (CSI–AT) Identification Criteria. Failure to exit TSI-Additional Targeted Support status after six years and receive Title 1 funds.

Targeted Support and Improvement Schools

TSI subgroups had an opportunity to exit at the end of the 2024–25 school year, and new identifications were made for the 2025–26 school year.

- 2024–25 Targeted Support and Improvement Consistently Underperforming Subgroups (TSI–CU) Exit Criteria. Achieve a letter grade of "D" or higher on the NC statewide system of annual meaningful differentiation (School Performance Grades) for previously identified subgroups in the most recent and previous year. (For the 2024–25 fall exit, 2023–24, and 2024–25 data were used.)
- 2024–25 Targeted Support and Improvement Additional Targeted Support (TSI–AT) Exit Criteria. (1) Identified subgroup(s) achieve a three-year growth index of 1.0 or higher (The three-year growth index calculation will require three years of growth indices, be an average of the index scores, use the most recent three years of available data, and require a minimum-n of thirty for each of the three years used.); or (2) Are on track to meet the subgroup(s) twelve-year proficiency goals in reading and mathematics; or (3) There is no longer a subgroup whose overall performance as measured by the School Performance Grade score is at or below the score designated for CSI-Low Performing identification and previously identified subgroup(s) improved performance on the School Performance Grade score as compared to the score at the time of identification.
- 2025–26 Targeted Support and Improvement Consistently Underperforming Subgroups (TSI–CU) Identification Criteria. One or more of the same subgroup(s) with a designation of "F" on the NC statewide system of annual meaningful differentiation (School Performance Grades) for the most recent and previous two years. (For the fall 2025–26 identification 2022–23, 2023–24, and 2025–26 data were used.)

• 2025–26 Targeted Support and Improvement – Additional Targeted Support (TSI–AT) Identification Criteria. Subgroup(s) performance grade at or below highest CSI-LP identified school and school's subgroup(s) is identified as TSI-CU in the identification year

TABLE 39. Federal identification and exits

Designation	Identification (2025–26)	Exit (2024–25)
CSI-Low Performing	Yes	Yes
CSI-Low Graduation Rate	Yes	Yes
CSI- Additional Targeted Support Not Exiting Such Status	Yes	NA
TSI-Consistently Underperforming	Yes	Yes
TSI-Additional Targeted Support	Yes	Yes

A summary of the number of schools with the above designations is listed in table 40. Schools identified as CSI-Low Graduation Rate may also be identified as CSI – Low Performing or Targeted Support and Improvement. For the 2025–26 CSI fall identifications, if schools were unable to exit, they are included in the total number of schools below. These schools are provided additional support to implement more rigorous interventions. The full lists of school identifications are available on the North Carolina Department of Public Instruction's Office of Accountability and Testing website at https://www.dpi.nc.gov/districts-schools/accountability-and-testing/school-accountability-and-reporting/accountability-data-sets-and-reports.

TABLE 40. Summary of federal designations

Designation	Number of schools ^{1, 2}
CSI – Low Performing	121 (4 exited)
CSI – Low Graduation Rate	34 (9 exited)
CSI – Additional Targeted Support	68
TSI – Consistently Underperforming Subgroups	450 (823 exited) ³
TSI – Additional Targeted Support	961 (136 exited)

¹ Closed schools are removed from the designation lists and are not included in the count of schools that have exited.

² If schools exited but were then reidentified, they are not included in the count of schools exiting.

³ The number of schools exiting TSI–CU increased with the new TSI–AT identification. Subgroups are no longer on both TSI lists.

Section 10. State Low-Performing Schools and Districts

The North Carolina General Assembly has enacted requirements to identify low-performing schools, low-performing districts, and recurring low-performing schools based on Legislative requirements. The identification of these schools and districts requires locally developed plans for improvement.

North Carolina identifies low-performing public school units annually. There are four designations for low-performing public school units:

- Low-Performing School
- Low-Performing District
- Continually Low-Performing School
- Continually Low-Performing Charter Schools

Low-Performing Schools. A low-performing school has a School Performance Grade of 'D' or 'F', and a growth status of 'Met' or 'Not Met.'

Low-Performing District. Low-performing districts are defined as districts that have greater than 50% of schools identified as low-performing.

Continually Low-Performing School. A continually low-performing school is identified as low-performing in any two of the last three years. A low-performing school has a School Performance Grade of 'D' or 'F' and a growth status of 'Met' or 'Not Met'. For the purposes of this list, charter, regional, and residential schools are not identified as continually low-performing schools.

Continually Low-Performing Charter Schools. A continually low-performing charter school is identified as low-performing in any two of the last three years. A low-performing charter has a School Performance Grade of 'D' or 'F' and a growth status of 'Met' or 'Not Met'.

The overall number of low-performing schools and districts has increased. Table 40 displays the overall changes from 2021–22 to 2023–24.

TABLE 41. Number of Low-Performing Schools and Districts

	2022-231	2023-242	2024-253
Low-Performing Schools	804 (-60)	735 (-69)	686 (-49)
Low-Performing Districts	25 (-4)	23 (-2)	23 (0)
Continually Low-Performing Schools	658 (+194)	730 (+72)	670 (-60)
Continually Low-Performing Charter Schools	57 (+22)	59 (+2)	50 (-9)

¹Difference cited is between 2021–22 and 2022–23

The lists of low-performing schools and districts can be found on the North Carolina Department of Public Instruction's Office of Accountability and Testing website at https://www.dpi.nc.gov/districts-schools/accountability-and-testing/school-accountability-and-reporting/accountability-data-sets-and-reports.

²Difference cited is between 2022–23 and 2023–24

³Difference cited is between 2023–24 and 2024–25

Section 11. ACT

ACT is reported as the percentage of 11th graders who have a composite score of at least 17, the UNC system admission minimum requirement. Although the ACT reports use the UNC cited minimum admission composite score of at least 17, the School Performance Grades continue to use the UNC minimum admission requirement of at least 19. This change of score is consistent with the UNC Board of Governors fall of 2026 transition, requiring incoming first year students to have an ACT composite score of at least 17. The students who took the ACT in the 2024–25 school year will be incoming students in fall 2026.

For the 2024–25 school year, the participation rate of the ACT at grade 11 was >95% (113,611 students).

TABLE 42. 2024–25 ACT (grade 11)

ACT (grade 11)	Number expected to test	Percent tested	Percent not tested	Met ACT Minimum 2022–23	Met ACT Minimum 2023–24	Met ACT Minimum 2024–25
All Students	113,611	>95	<5	41.1	40.2	53.8

Academically or Intellectually Gifted	9,159	>95	<5	91.9	92.0	92.8

Section 13. Percentage of English Learners Meeting Progress and Exiting Status

New English Learner (EL) exit standards were implemented for the 2024–25 school year. The English language proficiency assessment's composite score required to exit EL status changed from 4.8 to 4.5. The newly implemented alternate English language proficiency assessment's exit criterion was set at Performance Level 2. Identified English learners take either the general of the alternate English proficiency test annually to monitor progress and to determine if students may exit such status. Students qualifying to exit identification as an English learner increased from 6.9% for the 2022–23 school year to 13.0% for the 2024–25 school year. This is an increase of 6.1 percentage points.

TABLE 44. 2024–25 English learners meeting progress and exiting EL status

English learner proficiency and exit status	Total EL Progress 2022–23	Percent Exiting EL Status 2022–23	Percent Meeting Annual Progress Toward Exiting 2022–23	Total EL Progress 2023–24	Percent Exiting EL Status 2023–24	Percent Meeting Annual Progress Toward Exiting 2023–24	Total EL Progress 2024–25	Percent Exiting EL Status 2024–25	Percent Meeting Annual Progress Toward Exiting 2024–25
