

# Low Performing School Addendum

## School Location: Northeast Guilford Middle School

- **Goal 1:** Northeast Guilford Middle School will increase proficiency on the Reading EOG to 58.1%, the Math EOG to 50.2%, the Science EOG to 60.7%, and the Math I EOC to 97% by June 2016.
- **Goal 2:** Northeast Guilford Middle School will decrease discipline incidents by 50% by June 2016 from 380 to 190 total suspensions (ISS and OSS).
- **Goal 3:** Northeast Guilford Middle School will increase overall reading fluency and comprehension by decreasing the total number of "red zone" students as measured by AIMSweb during each of the three testing periods during the 2015-16 academic year.

## **Regional Support:**

Regional support teams will ensure that Low Performing Schools implement the Instructional Framework with fidelity by conducting weekly visits to each of our schools on the Low Performing list. They will coach teachers in literacy, math and science in developing their questioning skills in order to improve student engagement. In addition they will coach individual teachers in designing content appropriate rigorous writing assignments to extend and internalize student learning of content. The regional support team will participate weekly in school based PLCs in order to help teachers fully utilize the PLC process in planning delivery of the C&I constructed units through strict adherence to the standardized pacing guides. Regional support team coaches will share their feedback with teachers immediately in a coaching context. The regional executive team will meet weekly with the principals of all Low Performing Schools in order to apprise them of weekly walkthrough data, and to ensure that principals are on track to meet the goals of this plan.

## **Central Office Support:**

Central Office based Curriculum and Instruction staff has prioritized standards and revised pacing guides in tested subjects and grades based on NCDPI test specifications. This creates more targeted and purposeful instruction aligned with state summative assessments. Low performing schools will complete diagnostic assessments linked to pacing in tested subject areas. As a result, schools will be able to provide targeted standard-level remediation to students. Additionally, several members of our central office based curriculum team have been placed in our four regions so that low performing schools receive additional support in the areas of literacy, math and science. Two district wide Learning Conferences are scheduled in the fall and spring for teachers that will focus specifically on

instructional strategies to maximize student outcomes. Teachers will be able to take strategies directly back to their classrooms for immediate implementation.

# 2014-16 SCHOOL IMPROVEMENT PLAN

School Name	Northeast Guilford Middle	School Number	487
School Address	6720 McLeansville Rd., McLeansville, NC 27301		
Principal	Jamie King		
District Name/State Local Education Agency (LEA) Number	Guilford County Schools (410)		
Date of Initial School Staff Vote of Approval	21-Aug-14		
Date of Last Review/Update	8/18/2015; 11/19/2015		
Principal Signature	(Signature On File)		
Board of Education Authority Signature	(Signature On File)		

#### School Vision and Mission Statement

Northeast Guilford Middle is committed to academic rigor which challenges, motivates, and uplifts students to become active, enthusiastic, lifelong learners who realize the importance of positive character, self-reliance

#### Mission Statement

Vision

Northeast Guilford Middle School exists to assist students in becoming not only academically sound but morally good citizens in a vast global society.

#### **District and State Goal Alignment**

Guilford County Schools Strategic Plan 2016, Area I: Personalized Learning

Supports State Board of Education Goal: North Carolina public schools will produce globally competitive students.

Guilford County Schools Strategic Plan 2016, Area II: Character, Service and Safety

Supports State Board of Education Goal: Leadership will guide innovation in North Carolina public schools.

Guilford County Schools Strategic Plan 2016, Area III: Parent, Family and Community

Supports State Board of Education Goal: North Carolina Public School students will be healthy and responsible.

Guilford County Schools Strategic Plan 2016, Area IV: Educator and Organizational Excellence

Supports State Board of Education Goal: North Carolina public shcools will be led by 21st Century professionals.

Supports State Board of Education Goal: North Carolina public schools will be governed and supported by 21st Century systems.

School Improvement Team Membership	Name	Date Elected via Secret Ballot	Term (EX: 2013-14 and 2014-15)
Principal	Jamie King		
Assistant Principal Representative	Tanicka Robeson	May 19th, 2015	2015-2016

# SUMMARY OF SCHOOL DATA ANALYSIS B AND/OR COMPREHENSIVE NEEDS ASSESSMENT

### 1. What does an analysis of your school data and/or a comprehensive needs assessment tell you about the school's strengths?

Our data shows that we did not meet our 2014-2015 target goals. Our data in 2014-2015 remained the same as the 2014-2015 school year. We were overall 37.3% proficient in 2014-2015 compared to 37.2% in 2013-2014. We want up from the previous year in 6th grade Math and 6th Grade ELA; however we went down in all other areas. If you compare to our projections, we were below in ELA and right on target with Math. Our Science and Math I were also below the projections. Overall we had 11 teachers that had positive PRELIMINARY growth data, 2 teachers with right a 0 PRELIMINARY growth data, and 18 teachers with a negative PRELIMINARY growth data. This gave us an overall PRELIMINARY growth data of -1.00. With our NC Final Exam data, we had 5 teachers with over 50% of their students receiving letter grades of A-C, and 7 teachers with scores of below 50%. In our Student Learning Conditions Survey, we had positive growth in :1) "Students of all races are treated equally at my school", 2) I am able to work well with students from different backgrounds", 3) I am able to work well with students in small groups", 4) "Adults in my school listen to me", 6) I feel physically safe at my school" 7) "If I feel threatened at school, adults at my school will help me." We also improved in EVERY area of the survey as it relates to the use of technology.

Our discipline data shows that we had 12 reported acts of crime and violence. Of that number 1 was an assault on school personnel, 1 possession of alcohol, 8 possessions of a controlled substance, and possessions of a weapon. Our internal discipline reports have that we had a total of 615 suspensions; 67% were male, 32% were female; 28% were 6th graders, 36% were 7th graders, and 36% were 8th graders; demographically we were 58% AA, 16% Hispanic, 22% white. Of the 615 suspensions, we had 240 different offenders and a total of 549 ISS days and 883 OSS days. Our major rule violations were 133 - Insubordination, 93-Cutting Class, 91-Aggressive Behavior, and 88-Fighting. We were the highest ranking middle school in the district and 4th highest school in the district as it relates to discipline.

2. What does the data analysis and/or comprehensive needs assessment tell you about the school's gaps or opportunities for improvement?

1) Work on 7th and 8th grade Core instructional practices.2) Work on building relationships with students3) Develop a comprehensive discipline program to include School Counselors4)Institute a Learning Management System to assist in student engagement.5) Develop protected PLC times6) Institute monthly pre and post common assessments7) Develop aprotected scheduled for admin classroom visits.

3. What data is missing, and how will you go about collecting this information for future use?

# SUMMARY OF SCHOOL DATA ANALYSIS B AND/OR COMPREHENSIVE NEEDS ASSESSMENT

4. Based upon the data analysis conducted and/or the comprehensive needs assessment, what priorities emerge for your school?

### Priority Area 1:

1B) Increase the overall EOG and EOC Composite of the school.

Priority Area 2:

2B) Create a culture where students and staff members feel NEMS is a safe place.

Priority Area 3:

3B)

4B)

Priority Area 4:

	PRIORITY AREA 1B AND ASSO								
PLAN: School Improvement Plans are development of the outcomes of the strategy implementation	eloped based on data analyses and/or comprehensive needs assessments (PLAN), a (ACT).	to implement solutions (DO), to un	derstand the results or i	impact (CHECF	<) and to make	adjustments ba	ased upon		
Priority Area 1	1B) Increase the overall EOG and EOC Composite of the school.								
*SMART Goal *Specific, <u>M</u> easurable, <u>A</u> ttainable, <u>R</u> esults- Oriented, Timebound	Northeast Guilford Middle School will increase proficiency on our Reading EOC	G to 58.1%, our Math EOG to 50.2%	5, our Science EOG to 6	60.7%, and our	Math I EOC to	97% by June 2	2016		
Target Goal for 2014-15 (What goal must be reached to be on target to meet SMART goal?)	Northeast Guilford Middle School will make the following increases to our profic EOG from 36% to 58.1%, Math EOG from 30% to 50.2%, Science EOG from 5			ata.			Reading

What data will be used to determine whether the improvement strategies were deployed with fidelity?								
Benchmark Data, Common Assessment Data, feedback information from lesson plans, Observation and walkthrough data,								
How will you determine whether the strategies led to progress toward the SMART goal? (Include formative, benchmark and summat	ive data as appropi	iate.)						
Benchmark Data, Common Assessment Data, feedback information from lesson plans, Observation and walkthrough data,								

What does the data/evidence show regarding the results of the implemented strategies?

Review 1 - 2014-15 (Based on results evidenced August through November, how/should strategies be changed?)

Our benchmark #1 data does not show an increase in data based on last year. Our ELA scores are actually lower than the 1st Benchmark last year. 7th Grade ELA is at 7.4% below the district average where last year we were at 4.2% below the district. For 8th Grade ELA we are at 8.2% below and last year we were at 3% below the district average.

Review 2 - 2014-15 (Based on results evidenced December through February, how/should strategies be changed?) ELA and 6th grade math have improved. 7th and 8th grade math have fallen behind and we are looking at what needs to be done in those classes to regain the momentum and increase those scores. 8th grade math actually decreased from the first Interim assessment so we are working with those teachers in PLC meetings to figure out what happened.

Review 3 - 2014-15 (Based on results evidenced end-of-year results, how/should strategies be changed?)

Need to move our focus to 7th grade teachers. We will implement monthly pre and post assessments. We will work with teachers to implement writing strategies and higher order questioning strategies.

Review 1 - 2015-16 (Based on results evidenced August through November, how/should strategies be changed?) This is difficult to measure since we do not have a system across the district to compare results. We have instituted monthly pre/post assessments which show growth, however there is nothing to truly compare this to.

Review 2 - 2015-16 (Based on results evidenced December through February, how/should strategies be changed?)

(New SIP will be developed based on end of year results to begin the next two year planning cycle.)

ACT: School Improvement Plans are developed based on data analyses and/or comprehensive needs assessments (PLAN), to implement solutions (DO), to understand the results or impact (CHECK) and to make adjustments based upon the outcomes of the strategy implementation (ACT).

Based upon identified results, should/how should strategies be changed?

Review 1 - 2014-15 (Based on results evidenced August through November, should/how strategies be changed?)

We need to focus on ELA strategies in SS and ELA in order to pull these scores up. Working specifically with our 7th and 8th grade first year teachers who had the lowest BM I scores in our school.

Review 2 - 2014-15 (Based on results evidenced December through February, should/how strategies be changed?) 8th Grade Math is having weekly PLC meetings to look at data. We are also looking at the Interim data to see what topics/areas students did not perform well in on the Interim Assessment. We have Saturday Academy's coming up each Saturday for remediation and tutorials. We also have after school tutorials that are based around the objectives in the CC.

Review 3 - 2014-15 (Based on results evidenced March through June, should/how strategies be changed?)

Review 1 - 2015-16 (Based on results evidenced August through November, should/how strategies be changed?)

We have implemented a school wide literacy program, called Reading Plus that we are using everyday in our AA classes to increase our literacy and reading EOG rates. We have also implemented Think Through Math (a district program) that all of our math teachers are using to assist with fundamental math skills. As well we are holding after school tutorials for all students.

Review 2 - 2015-16 (Based on results evidenced December through February, should/how strategies be changed?)

(New SIP will be developed based on end of year results to begin the next two year planning cycle.)

CHECK: School Improvement Plans are developed based on data analyses and/or comprehensive needs assessments (PLAN), to implement upon the outcomes of the strategy implementation (ACT).	nt solutions (DO), to	understand the results	s or impact (CH	ECK) and to m	nake adjustmer	nts based
What data will be used to determine whether the improvement strategies were deployed with fidelity?						
Monthly discipline data, informal and formal surveys to students, parents, and staff members.						
How will you determine whether the strategies led to progress toward the SMART goal? (Include formative, benchmark and summat	ive data as approp	riate.)				
A decrease in our discipline and an increase in the feeling of staff members feeling safe at school. Attempting to change the culture and climat	e of the school.					

## PRIORITY AREA 2B AND ASSOCIATED STRATEGIES

what does the data/evidence show regarding the results of the implemented strategies?
Review 1 - 2014-15 (Based on results evidenced August through November, how/should strategies be changed?)
Our data shows an increase in suspensions. As of the end of October we have had 183 suspensions. This has resulted in 330 lost instructional days with students in ISS for 139 days and OSS for 191 days.
Review 2 - 2014-15 (Based on results evidenced December through February, how/should strategies be changed?)
At the end of February we had 379 suspensions. This is an increase in our overall suspensions compared to last school year.
Review 3 - 2014-15 (Based on results evidenced end-of-year results, how/should strategies be changed?)
At the end of the school year we had a high number of suspensions. We need to work with staff to build relationships with students. We also need to target students who have repeated offenses and have mentors assigned to those
students.
Review 1 - 2015-16 (Based on results evidenced August through November, how/should strategies be changed?)
Based on our monthly data our suspensions are decreasing as compared to last school year. For 2014-2015 we had 183 suspensions as of November 1st. For 2015-2016 we have 127. Our number one suspension offense is fighting and
then for aggressive behavior. Last year our proportionality was not an issue, however this school year we have 79% of suspensions for AA students whereas our enrollment is 51%. Whereas our white students make up 25% of our
enrollment but account for 13% of our suspensions.
Review 2 - 2015-16 (Based on results evidenced December through February, how/should strategies be changed?)
Televerz - 2010-10 (based on results evidenced becentier anodyn results) nowshould strategies be changed?)
(New SIP will be developed based on end of year results to begin the next two year planning cycle.)
ACT: School Improvement Plans are developed based on data analyses and/or comprehensive needs assessments (PLAN), to implement solutions (DO), to understand the results or impact (CHECK) and to make adjustments based

upon the outcomes of the strategy implementation (ACT).

Based upon identified results, should/how should strategies be changed?

Review 1 - 2014-15 (Based on results evidenced August through November, should/how strategies be changed?)

We are looking at active supervision in areas around the school to reduce our aggressive behaviors and fighting suspensions. We are also speaking with staff members about positive relationships with students to decrease our insubordination infractions.

Review 2 - 2014-15 (Based on results evidenced December through February, should/how strategies be changed?) We are looking at active supervision in areas around the school to reduce our aggressive behaviors and fighting suspensions. We are also speaking with staff members about positive relationships with students to decrease our insubordination infractions.

Review 3 - 2014-15 (Based on results evidenced March through June, should/how strategies be changed?)

Review 1 - 2015-16 (Based on results evidenced August through November, should/how strategies be changed?) We are looking at the relationships with students and trying to assign repeat offenders to teachers in the building. We are using check-in/check-out procedures with concerned students as well. We are also having staff conversations about disproportionality within our school and are using student contracts as an intervention.

Review 2 - 2015-16 (Based on results evidenced December through February, should/how strategies be changed?)

(New SIP will be developed based on end of year results to begin the next two year planning cycle.)
