## **IHE Master's of School Administration Performance Report**

#### **ELIZABETH CITY STATE UNIVERSITY**

2013 - 2014

#### **Overview of Master's of School Administration Program**

The Master Education in School Administration Program at Elizabeth City State University is a 36-42 semester hour program that combines graduate classroom preparation with field-based practicum experiences to provide candidates with the knowledge, skills, and dispositions to assist in becoming highly qualified executive school leaders who are informed, competent, effective decision-makers. The program provides two options, of full-time and extended study for candidates to complete the program. Through problem based learning experiences and an intensive internship, candidates are given opportunities to develop and use the required standard-based skills for successful school leadership. Working collaboratively with school districts, the university, candidates and faculty in the MSA program create and facilitate opportunities for candidate learning that responds to his/her strengths, challenges, and experiences in preparing to become a prospective school principal. Elizabeth City State University's MSA program uses a modified version of the North Carolina Standards of School Executives as a pre/post assessment for aspiring candidates.

### Special Features of the Master's of School Administration Program

The School of Education & Psychology has responded to the needs of its' service area by developing a program to prepare school leaders. It has a focus of helping school leaders meet local, state, and national expectations by transforming the way in which students are educated for this global society. A special feature of the MSA program is the on-the-job learning which puts teaching and learning at the core of the internship experience. Candidates begin the internship by engaging in a standards-based self-assessment that is used in the formulation of the internship development plan. Many candidates participate in the Northeastern North Carolina School Leadership Project. This federally funded project supports individuals employed in participating schools (in northeastern NC) to become assistant principals and principals. Each candidate is assigned a mentor. Mentors visit participants respective schools, and provide ideas and suggestions for improvement/success. Mentors remain available after candidates assume administrative positions for 3 years.

## Direct and Ongoing Involvement with and Service to Public Schools

LEAs/Schools with whom the Institution has Formal Collaborative Plans	Priorities Identified in Collaboration with LEAs/Schools and Rationale	Activities and/or Programs Implemented to Address the Priorities	Starting and Ending Dates	Number of Participants	Summary of the Outcome of the Activities and/or Programs
Warren County, Weldon City, Northampton, Edgecombe, Bertie, Washington, Edenton- Chowan, Perquimans, Pasquotank	newly certified school leaders with a MSA degree and to retool 80 principals and assistant principals as instructional leaders. Rationale-The	Northeast NC School Leadership Project  Participants engage in activities such as seminars, teleconferences and workshops. They were also involved in Problem-Based Learning Initiatives which are geared toward enhancing participating schools.  Mentors provided to support MSA candidates while on the field.	Fall 2009 – Spring 2016	65 (Fall 2009-Fall 2014)	Currently, 48 students have graduated and 17 are enrolled in the Master for School Administration Program, sponsored under the NNCSLP.  Participating schools received \$120,901.34 for Problem Based Learning Initiatives in 2013-2014.

## II. CHARACTERISTICS OF STUDENTS

## A. Headcount of students formally admitted to and enrolled in programs leading to licensure.
