Inquiry - 9-12	
<p>The Inquiry Indicators are meant to be used in concert with the content standards in any strand for each grade in the 9-12 grade band. Teachers should be encouraged to use these indicators in every grade level.</p> <p>Because there is no set number of indicators that should be used in any grade level, the intent is that by the end of all high school courses students will have been exposed to the skills essential to developing critical thinking in social studies. For this to occur, students must be exposed to inquiry indicators in each grade.</p>
