Example Response Space for End-of-Grade Mathematics Grades 3–8

This is an example of the response space available to record an answer to a gridded response item on the grades 3–8 mathematics tests.

- Grades 3–5: Only 0, 1, 2, 3, 4, 5, 6, 7, 8, 9, ., and / are allowed.
- Grades 6–8 and high school: Only 0, 1, 2, 3, 4, 5, 6, 7, 8, 9, ., -, and / are allowed.
- Grades 4–8: Mixed numbers are entered by adding a space after the whole number. Spaces are only allowed between whole numbers and fractions.
    - Improper fractions are allowed at grades four and above.
