Office of Early Learning Demonstration Program
NC's Office of Early Learning
Demonstration Program (2017-2018)

The North Carolina Department of Public Instruction provides the Demonstration Program as a professional development opportunity. This program offers visits to inclusive preschool and kindergarten classrooms to see best practice in action and have meaningful opportunities for reflection and discussion. Scheduled guided observations are available for anyone working with young children.

Demonstration Programs:

- Provide guided observations focused on evidence-based practices with meaningful opportunities for reflection and discussion with teachers and administrators
- May offer additional professional development, technical assistance, and/or resources
- Model the use of North Carolina's Early Learning Standards for pre-kindergarten or North Carolina's Common Core and Essential Standards for Kindergarten
- Model the intentional implementation of an approved pre-kindergarten curriculum or a balanced approach to instruction as described in *The Power of K North Carolina Position Statement on Kindergartens of the 21st Century*
- Provide and model the use of developmentally appropriate and culturally responsive learning environments, both indoors and outdoors
- Model research-based teaching practices and incorporate a variety of teaching methods as described by:
 - *The Resource Manual for Administrators Supervising and Evaluating Teachers of Young Children*
 - *The North Carolina Guide for the Early Years, Second Edition*
 - *National Association for the Education of Young Children*
- Model a process of on-going formative assessment during instruction that provides feedback to inform and adjust teaching and learning
- Model the intentional implementation of evidence-based practices to support children's emotional and social development (including, but not limited to, the SEFEL framework in Pre-K)
- Model appropriate methods for teaching children who are English learners
- Facilitate effective transitions for children into pre-kindergarten, into kindergarten and into first grade
- Focus on CLASS domains (emotional support, classroom organization, instructional support)
- Demonstrate collaborative partnerships with Exceptional Children personnel to provide appropriate modifications and accommodations to address the individual needs of children with disabilities
- Demonstrate collaborative relationships with families and other community partners
