New EC Forms: 2nd Set – Spanish
The following new EC forms have been translated and posted to the EC Division website at:https://ec.ncpublicschools.gov/policies/forms/state-forms-directions

Worksheets:
- Autism
- NC Communication Plan
- Developmental Delay
- Emotional Disability
- Intellectual Disability
- Multiple Disabilities
- Other Health Impairment
- Specific Learning Disability
- Speech/Language Impairment
- Eligibility Determination
- Reevaluation

New Training Video: Correcting Student Enrollment Events
The same Data Correction Manager role with ECATS permission to delete events in the ECATS system have been given the ability to correct LEA Entry/School Entry Dates, shown as "Student Enrollment" events in ECATS. This should allow LEA Data Correction Managers to make the necessary edits for Enrollment Events for the December 1 Child Count.

This video is available on the ECATS website at https://ec.ncpublicschools.gov/ecats/special-education/training-videos.

Student Accommodations Populating Issues for Fall Testing
The ECATS Accommodations file that populates student accommodations may not be loading correctly in NCTest. The following list of tests have been reported as being affected:
- NC Final Exam Science (Grades 6 and 7)
- NC Final Exam Social Studies (Grades 6 and 7)
- NC Final Exam English IV

In addition, the *Review of Accommodations Used During Testing* forms may not be populating correctly within ECATS for the tests mentioned above. School test coordinators need to check individual Student Interface Questions (SIQs) information for each student participating in the tests listed above.

Test coordinators should refer to the authoritative documentation (i.e., Individualized Education Programs, Section 504 Plans, English Learner Plans/documentation, and/or Transitory Impairment documentation) at the school to ensure the students information is correct in NCTest Admin and to ensure the *Review of Accommodations Used During Testing* forms correctly match the student's authoritative accommodation documentation for each test.

If you notice an issue with other accommodations for a state test not mentioned above, please inform your Regional Accountability Coordinator (RAC) immediately.
