

ECATS Loading Historical Assessments

PowerSchool assessments from previous school years will be pulled and loaded into ECATS. This data is essential for ECATS functionality. PowerSchool data managers are requested to transfer data for currently enrolled students from previous LEAs into their LEA by Monday, June 22. This is a one-time pull of historical assessments; therefore, this data load into ECATS will occur only once.

For previous issues of the ECATS Monday Message, please visit <u>https://ec.ncpublicschools.gov/ecats/monday_messages</u>.
