The Individuals with Disabilities Education Improvement Act(IDEA 2004) requires each state to submit a State Performance Plan(SPP) /Annual Performance Report(APR). The SPP/APR is a six - year performance plan which evaluates the State' s efforts to implement the requirements of IDEA and improve results for students with disabilities.It describes how North Carolina will improve its performance on 17 prescribed indicators.Fourteen of the SPP /APR indicators(Indicators 1 - 14) focus on educational outcomes for students with disabilities, as well as compliance with IDEA requirements.The last three SPP /APR indicators(Indicators 15 - 17) review the State Education Agency's general supervision authority under IDEA and describe its State Systemic Improvement Plan (SSIP). North Carolina established measurable and rigorous targets for each indicator and must report annually on the performance of the state. The IDEA also requires states to report annually to the public on the performance of each local education agency on certain indicators. This year, reporting is on Indicators 1, 2, 3, 4a, 4b, 5, 6, 7, 8, 9, 10, 11, 12, 13 and 14 and is based on data collected during the 2016-18 school years with the exception of Indicators 1, 2, and 4a-b.
