Special Education Module

ECATS End of Year (EOY)

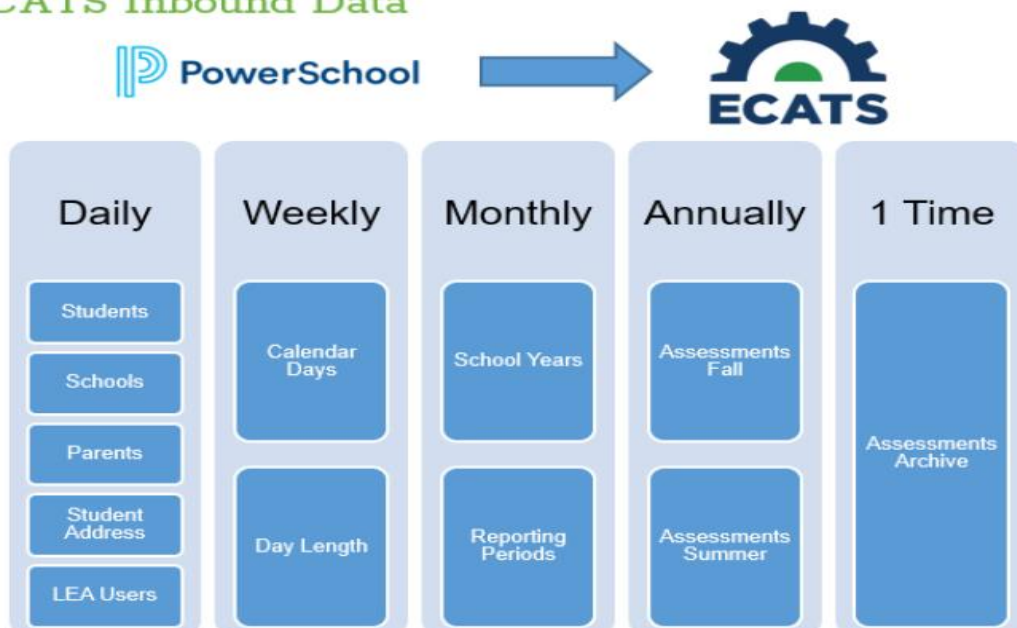

School year close out files for ECATS will be pulled at PowerSchool EOY shutdown on June 29. This allows the ECATS Special Education Module and the MTSS EWS to have final data for 2022-2023 school year including final grades, incidents, and course information, etc. ECATS will remain running and available to users through its EOY and BOY processes. No new 2023-2024 school year data will be consumed into ECATS until PowerSchool EOY is complete and EDDIE data has been imported into PowerSchool.

ECATS Beginning of Year (BOY)

Once EDDIE data has been consumed into PowerSchool, ECATS will pull files for an initial load of data for the 2023-2024 school year. Once this process is complete, ECATS will resume its regular data file import schedule.

ECATS pulls current-year information only on the schedule shown below.

ECATS Inbound Data

Note: This message is a repeat of the April 19, 2023 Director's Weekly Message.

Indicator 7: Preschool Outcomes - Data Collection

Indicator 7 captures the percent of preschool students with IEPs who demonstrate improved childhood outcomes based on data collected between July 1, 2022, through June 30, 2023. The attached memo provides details regarding the reporting window for this indicator beginning August 1, 2023. (ATTACHED)
