Dropout Data Collection Requirement

As you know, all North Carolina public schools are required to report annually on dropouts. You or your designee should be receiving correspondence from Ken on the reporting process, which is documented in the Dropout Data Collecting and Reporting Procedures Manual.

[Dropout Data Collecting and Reporting Procedures Manual](#)

Fortunately, many charter schools can report that they had no dropouts for the previous school year. If you know this to be the case for 2014-15, please report this to Ken directly via email at Kenneth.Gattis@dpi.nc.gov rather than using the approval process in the PowerSchool state reports. By the end of the dropout reporting period he will need from each charter school either an email stating the school had zero dropouts or a report of dropouts from PowerSchool. Contact Ken Gattis with questions or concerns regarding this process.
