Indicator 11

Child Find

Indicator 11: Reminders

- Opened October 1st and closes October 29th
- Captures the percent of students for whom a referral was received, and placement determined within 90 days
- The delay reason “COVID-19” is still available under the data collection screen and can be used when appropriate. Selecting this delay reason will not result in a higher final percentage rate and will still require districts to follow up with their monitoring consultant to ensure eligibility and placement decisions are made as soon as possible.
- **Expectation that EC Director/Coordinator certifies Exit Count on or before October 29th**

Indicator 11 FAQ Guide

Indicator 11 Errors and Warnings

1. Why is a student is appearing in the Delayed Subtraction Category, when she had an IEP within the 90-day timeline?
 - a. **Troubleshooting:** Check that the student has a Consent for Services within the 90-day timeline. The Consent is required for a student to appear in the Eligible Subtraction Category.
 - b. **Resolution:** A Consent for Services is created within the 90-day timeline
2. Why is a student is appearing in the Exclusions Prior to 90 Day timeline Subtraction Category, when he has not left the district during the Referral process?
 - a. **Troubleshooting:**
 - i. Check the Student History for the Enrollment Date event and compare it to the Referral event date. There have been cases when the enrollment date sent by PowerSchool is future dated and appears after the Referral event date.
 - ii. Alternately, filter Consent for Services does not equal null and Subtraction Category equals "Exclusions Prior to 90 day timeline". These students should, most likely, be in a different Subtraction Category, as the Referral to Consent timeline was completed.

Date	Event Type	Description	Category
11/26/2019	Referral	Referral	11/26/2019 15:21 (211 Days)

08/15/2019	Notification - IEP	Notification - IEP	08/15/2019 08:58 (314 Days)
08/15/2019	Referral	Referral	08/15/2019 08:48 (314 Days)
08/09/2019	Grade Change (Undergarment)	Grade Change (Undergarment)	08/09/2019 03:22 (328 Days)
08/09/2019	School Change (Elementary)	School Change (Elementary)	08/09/2019 03:23 (328 Days)

- b. **Resolution:** Update the Enrollment event date on the Student History page to reflect the date when the student entered the school system (before the Referral received by school date).

Warning Type	Exception	Action
Error	Duplicate Referral	Same student ID and same referral date exists on another LEA's Indicator 11. Work with other LEA where student shows as duplicated to determine which district needs to resolve this via exclusion in ECATS.
Warning	Potential Duplicate Referral	Student has similar demographic-level information as another student at a different, or within the same, LEA but has a different ID. Resolve via exclusion if student is actually a duplicate. No action required if student is not a duplicate.
Error	School Code is Blank	Student is missing a school code. Update this in PowerSchool.
Error	Grade is Blank	Student is missing a grade code. Update this in PowerSchool
Error	School Student Placement	Student's school code is Private and Enrollment Type is Null. Update this on the Personal Info screen in ECATS.
Error	Referral Received by School Date Must be After the Date of Birth	Student's Referral Date is before their Date of Birth. Update this in PowerSchool (DOB) or ECATS (Referral)
Error	Referral Determination Date Must be >= Referral Received by School Date	Students' Referral Determination Date is less than their Referral Date. Update this in ECATS on the Student History screen.
Error	Consent to Evaluate Date Must be >= Referral Received by School Date	Student's Consent to Evaluate is less than Referral Date. Update this in ECATS on the consent page. Once corrected, delete the student event with the incorrect date.
Warning	Consent to Evaluate Date Required	Ignore this error. This error is only a warning and will not prevent certification.
Warning	Consent to Evaluate Purpose Required	Ignore this error. This error is only a warning and will not prevent certification.
Error	Consent to Evaluate Given Required	Update this in ECATS on the consent page. Once corrected, delete the student event with the incorrect information.
Error	Consent to Evaluate is N, Referral for Evaluation be N.	Student's Consent to Evaluate Response is "No" and a Referral for Evaluation Response of "No". Update this in ECATS. Either change the Referral for Evaluation to "Yes" or delete the Consent to Evaluate Response Event. Once an IEP team determines No Evaluation is needed, the 90 day timeline ends and no further information should be recorded.
Error	Evaluation Purpose can not be Null	Student has an Eligibility Date but their Evaluation Purpose is null. Update this in ECATS. Evaluation purpose must be initial for inclusion on Indicator 11.
Error	Eligibility Date Must be > = Referral Received by School Date	Student's Eligibility Date is less than their Referral Date. Update this in ECATS.
