ESSER III – ARP IDEA COORDINATED EARLY INTERVENING SERVICES (CEIS) (PRC 187)

PROGRAM REPORT CODE: 187
UNIFORM CHART OF ACCOUNTS CODE: XXXX-187-XXX
CFDA #: 84.027X/84.173X

TYPE: Dollars
TERM: Up to 27 months
PURPOSE: CEIS is used to develop and implement coordinated, early intervening services. IDEA federal regulations mandates 15% of an LEA, charter school, or state-operated program's total annual ARP IDEA allocation (PRCs 185 and 186) is set-aside for any LEA, charter school or state-operated program with significant disproportionality based on race and ethnicity with respect to the identification of children with disabilities including particular impairment; the placement in particular educational settings of children; and the incidence, duration and types of disciplinary actions, including suspension and expulsions. This legislation also requires states to monitor the expenditure of CEIS funds. Services provided for nondisabled students for CEIS should be purchased through Program Report Code (PRC) 187.

ELIGIBILITY: All LEAs, charter schools, state-operated programs mandated to use 15% of their total ARP IDEA funds (PRC 185 and 186) and LEAs, charter schools and state-operated programs electing to use up to and including 15% of their total ARP IDEA funds (PRCs 185 and 186) permissively for CEIS are eligible. For permissive use of funds, the funds may be used for students in kindergarten through grade 12 (with particular emphasis on students in kindergarten through grade 3) who have not been identified as needing special education or related services.

FORMULA: The formula for mandated CEIS is 15% of the LEA, charter school or state-operated program's current year total ARP IDEA allotments (PRCs 185 and 186) transferred to PRC 187.

The formula for permissive CEIS is up to and including 15% of the LEA, charter school or state-operated program's current year total IDEA allotment (PRCs 185 and 186) transferred to PRC 187.
SPECIAL PROVISION:

1) For non-mandatory CEIS LEAs, funds can be reverted (between July 1 and January 15 of the initial fiscal year of the allocation) from PRC 187 to PRC 185 and/or PRC 186. Funds may only be expended according to the approved budget.

2) ARP IDEA expenditures for CEIS should be from PRC 187.

3) CEIS expenditures must be based on scientifically research based programs selected by the LEA, charter school or state-operated program for students in general education at risk of placement in special education. The 15% provided for these programs is federally mandated for any LEA, charter school or state-operated with significant disproportionality by disability, or race-ethnicity, but this does not prohibit other LEAs, charter schools or state-operated programs from using up to and including 15% of their total ARP IDEA funds for Coordinated Early Intervening Services.

4) Funds are specific and all unused funds not encumbered by June 30th are carried over to the next year.

5) Each project can be awarded funds for a period of time beginning July 1st and ending September 30th of the following year. The Tydings Amendment can extend the grant period to 27 months by allowing unexpended funds as of September 30th to carry over for an additional 12 months.

6) The 15% of total ARP IDEA funds for Coordinated Early Intervening Services follows the same liquidation period as the remaining ARP IDEA funds allotted through PRCs 185 and 186.

7) Exceptional Children Division will, after review of necessary data, assign technical assistance to LEAs not following state and federal guidelines regarding the use of these federal funds.

8) Positions paid with these funds are subject to time and effort requirements.

CFDA #: 84.425U

TYPE: Dollars
TERM: Funds are available through December 31, 2023
PURPOSE: To provide retention supplements to experienced principals to ensure continuity in school operations during transition back to use of current student growth scores for principal salary determination during fiscal years 2023 and 2024.

ELIGIBILITY: LEAs
FORMULA: Individual retention supplements will be calculated on a per principal basis for each qualifying principal supervising a school at the start of the 2022-2023 school year.

The amount of individual principal retention supplements will be based on the difference between the monthly salary amount based on growth placement on the Principal Salary Schedule of a qualifying principal as of December 31, 2022 and the monthly salary amount that the principal would be paid based on growth placement on the Principal Salary Schedule as of January 1, 2023 in accordance with SL 2022-74 Section 7A.4, before any adjustments for average daily membership as of January 1, 2023. That amount shall be multiplied by 12 to determine an annual supplement amount for each qualifying principal.

The total grant per LEA is the sum of the annual supplement amounts plus benefits for the qualifying principals within their districts employed as of January 1, 2023.

SPECIAL PROVISIONS:

1) A qualifying principal is a principal whose salary as of December 31, 2022 is projected to decrease due to the use of school year 2021-2022 student growth data for determining
placement on the Principal Salary Schedule after January 1, 2023 in accordance with SL 2022-74 Section 7A.4.(c)(2).

a. A qualifying principal must be employed by their district as a principal as of January 1, 2023.

4) Supplements provided are to be considered compensation and are subject to retirement.

5) Each qualifying principal is entitled to receive their full individual retention supplement amount as calculated by the Department, unless:
   a. A principal receiving a supplement leaves service before the requirements of receiving the full supplement amount has been met;
   b. A principal receiving a supplement transitions to a non-principal role within the same LEA; or
   c. A principal receiving a supplement transfers to another LEA to serve as a principal or in another capacity.

6) If a qualifying principal forfeits any portion of their individual supplements under the circumstances identified in Special Provision 5, the LEA may not utilize the funds to provide supplements to other principals, but must instead return those funds to the Department.

7) A qualifying principal shall not be required to repay any supplement funds already received at the time of any transition in service that would result in forfeiting the remainder of their supplement.

8) An LEA that employs a qualifying principal has discretion in determining the timing and frequency of the payment of any retention supplement amounts allotted for that principal, provided that the LEA ensures that a qualifying principal receives their full individual supplement amount by December 31, 2023. However, a minimum of half the total individual supplement shall be paid out to each qualifying principal before July 1, 2023 unless the principal leaves services or transitions to a different non-principal role or different LEA before that date.
