

## 1.0 Percent Participation Justification Form 2017-18

The *Every Student Succeeds Act (ESSA)* requires each district and charter school to complete and submit a justification when it anticipates exceeding 1.0 percent of students assessed in a subject area with the NCEXTEND1 alternate assessment. Justifications from each district and charter school will be reviewed by the North Carolina Department of Public Instruction (NCDPI), and follow up actions will be determined based on the information found in the justification document. Staff from the Exceptional Children and Accountability Divisions in each district and charter school should collaborate to provide the following information on the justification document. Responses to numbers 1-4 are required; it is optional to include additional information (see page 3). This justification document will be publicly posted. As such, the document **must not contain any personally identifiable information**. If necessary, additional pages may be attached to this form.

<p>4. Enter additional justification of variables not covered but deemed essential to understanding why the district/charter school has a higher rate of alternate assessment participation.</p> <p style="font-family: cursive;">NCCS has a public separate school for students aged 3-22. This accounts for a large portion of our population as every student at Conover School is following the extensions of the standard course of study. NCCS also accepted all Catawba County students who are sent at Conover School into our LEA and 2018 are now on NCCS headcount accounting for increased numbers.</p>
