DEFINITION OF TERMS

- 1) **ABCs Flexibility** – In [SL 1995-450](#), the General Assembly approved a law to give the State Board of Education the authority to implement the ABCs. The ABCs assign more responsibility at the school building level and allow schools flexibility to use funds as they are most needed at the school. Budget flexibility is codified in G.S. 115C-105.25
- 2) **Add-on** - Categorical dollars allocated over and above the base allotment.
- 3) **Allotted ADM** - The higher of the first two months total projected ADM for the current year or the higher of the first two months total prior year ADM.
- 4) **Apportionment of Local Funds** - The certification of the distribution of local current expense funds by the State Board of Education when there is more than one LEA in a county.
- 5) **Average Daily Membership (ADM)** - The sum of the number of days in membership for all students in an individual public school unit, divided by the number of school days in the term.
- 6) **CFDA #** - A number that is assigned to each federal program for which a grant is awarded. [The Catalog of Federal Domestic Assistance](#) contains information for all federal grant programs such as grant authorization, who is eligible to apply, etc.
- 7) **Carryover** – Funds appropriated but unspent in the first fiscal year that are brought forward for expenditure in the succeeding fiscal year. Most allotments that carry over must be approved annually by the State Budget Office.
- 8) **Categorical Allotments** – An allotment with a formula that weights the distribution of funds based on student characteristics or public school unit demographics. Local school systems may use this funding to purchase all services necessary to address the needs of a specific population or service. These funds may be used to hire personnel such as teachers, teacher assistants, and instructional support personnel or to provide a service such as transportation, staff development, or to purchase supplies and materials.
Examples: At Risk Student Services, Transportation, and Children with Disabilities.
- 9) **Charter Schools** – A public school operated by a nonprofit board or certain municipalities as a semi-autonomous school of choice within a school district operating under a "charter" with the State Board of Education. The final approval of all charters is granted by the State Board of Education. Charter schools are designed to give significant autonomy to individual schools and in turn hold these schools accountable for results. See G.S. 115C-218
- 10) **Child with a Disability** -- A child evaluated as having autism, deaf-blindness, deafness, developmental delay, hearing impairment, intellectual disability, multiple disabilities, orthopedic impairment, other health impairment, serious emotional disability, specific learning disability, speech or language impairment, traumatic brain injury or visual impairment who, by reason of the disability, needs special education and related services.
- 11) **Dollar Allotments** – An allotment with a formula based on dollars per ADM. Local school systems can hire employees or purchase goods for a specific purpose, but the local system must operate within the allotted dollar amount.
Examples: Textbooks, Central Office Administration, Teacher Assistants.
- 12) **Dollars per ADM** - LEA's Initial Allotments divided by the allotted ADM for that LEA. Other public school units receive an amount equal to the state funded dollars per ADM for the LEA in which the school is located or (for new charters) in which the student was

previously enrolled.

- 13) **Dollars per Child Count** - Funds generated for school-aged children with special needs divided by the LEA's April 1 total child count (not capped). Other public school units receive an amount equal to the LEA's state funded dollars per child count for the LEA in which the child was identified.
- 14) **ECATS** -- Every Child Accountability Tracking System. ECATS is comprised of three integrated modules accessed from a single user interface based upon role security: Special Education, Service Documentation and Multi-Tiered System of Support modules. ECATS also contains a combined set of data or Operational Data Store (ODS) from the three modules. ECATS will have direct data interface with the Student Information System PowerSchool and other NCDPI enterprise systems.
- 15) **ESEA** - Elementary and Secondary Education Act of 1965. This act was amended by the No Child Left Behind Act of 2001 and the Every Student Succeeds Act of 2015.
- 16) **Full-time Equivalent** (FTE) - Sum of part-time positions employed when added together equate to a full-time position used within a classification.
Example: Two one-half time positions equate to one full-time equivalent position.
- 17) **Grade Level Proficiency** – Performance standards, called achievement levels, are one way that scores on the North Carolina End-of-Course Tests are reported. Students that score at or above Level III are considered to be grade level proficient and at or above Level IV are considered to be on track for career and college readiness. Listed below are the five achievement levels:
 - a) Level I: Students performing at this level have a limited command of grade-level knowledge and skills in the tested content areas.
 - b) Level II: Students performing at this level have a partial command of grade-level knowledge and skills in the tested content areas.
 - c) Level III: Students performing at this level have a sufficient command of grade-level knowledge and skills in the tested content areas to move on to the next grade but who may need additional support to be on track for career and college readiness.
 - d) Level IV: Students performing at this level have a solid command of grade-level knowledge and skills in the tested content areas to move on to the next grade and are on track for career and college readiness.
 - e) Level V: Students performing at this level have a superior command of grade-level knowledge and skills in the tested content areas to move on to the next grade and are on track for career and college readiness.
- 18) **Headcount/Child Count** - This term refers to the process of actually counting the number of pupils who are defined as Children with Special Needs or Limited English Proficient.
 - a) For federal purposes, children with special needs include only a child with a disability.
 - b) The federal government requires child counts of children with special needs who have been properly identified, are receiving special education and related services on the child count day and have an individual education plan (IEP) or an individualized family service plan (IFSP). The December 1 IDEA Title VI-B child count includes those children ages 3 to 21 who are being served by LEAs, charter schools, or state-operated programs. State law requires an adjusted child count on April 1 of children ages 5 to 20 who are being

served by LEAs or charter schools and ages 3 to Pre-K-5 for Preschool funds. The April child count includes additions or deletions to the December 1 child counts and is used for state funding purposes.

- 19) **IDEA** - Individuals with Disabilities Education Act replaced the EHA - Education of Handicapped Act for Title VI-B. Includes Title VI-B and Title VI-B Preschool.
- 20) **Initial Allotments** – The allocation of state and federal funds to LEAs occurring after adjournment of the General Assembly.
- 21) **Laboratory School** – “Lab” School - A school created under the UNC Board of Governors pursuant to G.S.116-239.5
- 22) **Months of Employment** - A unit of employment corresponding to a calendar month. The state allots a certain number of months of employment which can be assigned to a position, or a portion of a position, at the discretion of the LEA. Months of employment pertain to all position allotments which include Career Technical Education and School Building Administration (Assistant Principals).

Example: If an LEA is allotted 100 months of employment, that LEA can hire 10 Career Technical Education teachers for 10 months; or 8 teachers for 12 months and 1 teacher for 4 months; or any other combination which equals 100 months. Each allotment category must be reviewed for any special restrictions.
- 23) **PR/Award** – A unique, identifying number assigned to each application. This is commonly known as the “grant number” or “document number”.
- 24) **Planning Allotments** – The tentative allocation of state and federal funds to LEAs to provide information for budgeting purposes. These allotments occur during February, preceding the fiscal year for which the initial allotment will be made.
- 25) **Positions** - Positions equate to the full-time equivalent individuals that can be assigned for the employment period represented by the allotment category. For example, a position in the classroom teacher allotment represents an employment period of 10 months. The number of full-time equivalent individuals that can be employed is limited to the number of months associated with the positions allotted by the state.
- 26) **Position Allotments** – The State allots positions to a local school system for a specific purpose. The local school system pays whatever is required to hire certified teachers and other educators based on the [State Salary Schedule](#), without being limited to a specific dollar amount. Each local school system will have a different average salary based on the certified personnel's experience and education. For more information see the State Salary Schedule Manual.

Example: Teachers, School Building Administration (Principals) and Instructional Support Personnel.
- 27) **Power School** - A web-based student information system. Power School provides the full range of features needed by administrators at the district and school level for student accounting. The system is developed by Pearson Education, Inc.

- 31) **Restart School - Reformed** school that has been identified as one of the continually low-performing schools in North Carolina. These school can operate using one of the following models with State Board Approval: (1) Transformation Model, (2) Restart Model, (3) Turnaround model, or (4) School closure model. G,S, 115C-105.37B

(See definition of *charter school*.)

Federal grant periods vary; therefore, each grant must be reviewed to determine if the Tydings Amendment will apply. Since the federal fiscal year begins October 1st and the state fiscal year begins July 1st, many grant periods can be active up to 27 months when provisions of the Tydings Amendment are applicable.
- 35) **UERS** – Uniform Education Reporting System. UERS is the comprehensive system by which LEAs and Charter schools report data electronically to the Department of Public Instruction. Some components of UERS include SIMS (Student Information Management System) and expenditure reporting in compliance with the [Uniform Chart of Accounts](#). G.S. 115-12(18)

Benefit Rates:

Hospitalization	\$7,397 per year per full-time equivalent position.
Social Security	7.65% for the entire year.
Retirement	24.50%

Effective July 13, 1989, a person must be a permanent employee as defined in the North Carolina Public School and must be employed for thirty or more hours per week in order for an LEA to submit the employee for enrollment in the State Retirement System and the State

Health Insurance System. Charter schools may elect to participate in the State Retirement System and the State Health Insurance System. Charter school decisions to enroll in the State Retirement System and State Health Insurance system are final.

Effective July 1, 1995, all employer salary-related contributions for full-time permanent employees, including hospitalization benefits, shall be prorated based on the actual percentage employed in each expenditure code.

APPORTIONMENT OF LOCAL FUNDS

In accordance with [GS 115C-430](#), if there is more than one LEA in a county, all appropriations by the county to the local current expense funds of the LEAs, except appropriations funded by supplemental taxes levied less than county wide, must be apportioned according to the membership of each LEA. Membership for each LEA will be based on the allotted ADM. Students residing outside the county will be deducted from membership before the apportionment of local funds is calculated.

Membership for city LEAs located in more than one county will be divided on a percentage basis according to the number of students residing in each county at the end of the second school month of the prior year.

If a Charter school is established within an LEA whose borders extend into more than one county, a breakdown of student membership for each of those counties will be obtained from the Charter School. This information will be used to calculate the revised ADM figures for the per capita distribution of local funds for the school system. As of the 2004-05 school year, Kannapolis City Schools and Nash County Schools have borders that extend into more than one county.

To comply with the School Budget and Fiscal Control Act, the membership for the subject LEAs will be determined and certified to the LEA and the board of county commissioners by the **Division of School Business**.

TEXTBOOKS FOR THE VISUALLY IMPAIRED

LEAs may order accessible formats, including, but not limited to, braille, tactile graphics, large print, audio, and/or digital and copies of State adopted textbooks and other educational materials for children with disabilities whose Individualized Education Programs (IEPs) require accessible formats state that such modified textbooks are necessary to meet their unique learning needs.

Orders for accessible formats from the State adopted textbooks must be submitted to the State Textbook Warehouse. These orders will be filled on a first-come first-served basis until the available state funds have been depleted. Once the fund for accessible formats has been

depleted, LEAs can use their textbook credit balance account to purchase other accessible format materials.

Textbook Services shall have the authority to recall the State adopted textbooks that have been made accessible for redistribution when no longer needed by children with special needs in any LEA.

Local boards of education may [GS 115C-98(b2)]:

1. Select, procure, and use textbooks that have not been adopted by the State Board of Education for use throughout the local school administrative unit for selected grade levels and courses; and
2. Approve school improvement plans developed under GS 115C-105.27 that include provisions for using textbooks that have not been adopted by the State Board of Education for selected grade levels and courses.

All textbook contracts made under this subsection shall include a clause granting to the local board of education the license to produce Braille, large print, and audiocassette tape copies of the textbooks for use in the local school administrative unit.

An LEA serving students whose IEP requires accessible formats, including but not limited to braille, tactile graphics, large print, audio, and/or digital copies of State adopted textbooks should contact the North Carolina NIMAC coordinator for download options.

MERGED LEAS

If two or more LEAs are consolidated into one LEA, the following allotments shall not be less than those same allotments to the separate LEAs for the first and second full fiscal years of the consolidation and shall be used for the continuation of the positions and programs, except as specifically authorized by the State Board of Education.

1. Central Office Administration
2. Career Technical Education Months of Employment
3. Children with Disabilities - Preschool
4. Limited English Proficiency

Additionally, individual LEAs with June 30 allotment balances that are subject to carryover provisions will be consolidated by respective category for all LEAs within the merger and reallocated in total to the consolidated LEA.

For additional information related to minimum local funding of merged LEAs, see [GS 115C-68.1](#), as enacted by the 1991 General Assembly.

ALLOTMENT ADJUSTMENTS FOR ADM GROWTH

PURPOSE:

The contingency reserve was established to support the average daily membership (ADM) based

allotments. The reserve is to be used in cases where first month Average Daily Membership exceeds the original anticipated ADM used for allotments. Increases will be made in the Classroom Teacher, Instructional Support, Non-instructional Support, Teacher Assistant, Classroom Materials and Supplies, Textbook, and Career Technical Educational Program Support categories as applicable.

OBJECTIVE:

In administering this allotment, the intent is to first ensure that adequate school-based resources are provided to meet the average daily membership as of the first month of school, per LEA request. The reserve will be allotted to LEAs on a case-by-case basis according to need. Secondly, (within available state funding) the reserve will be utilized to relieve class size overage problems as they may occur during the school year after the allotment adjustment for ADM growth. In the case of class size overage adjustments after the first month, allotments will only be made for regular teachers as authorized by [GS 115C-301](#).

ADMINISTRATION:

These adjustments are to ensure that adequate school-based resources are provided (within appropriated funding/formulas) to meet the requirements after the first month of school per LEA request.

The allotment adjustments are based on first month average daily membership reports as submitted by the LEAs to the **Division of School Business**.

After the first month of school, an LEA can request additional resources due to extraordinary student population growth that results in significant class size overage problems. Each request will be reviewed based on the criteria outlined below:

- The LEA's current month Average Daily Membership (ADM) will be compared to the LEA's Allotted ADM.
- Overall growth must be at least 2% or 100 students and the growth must have created significant class size overage problems that cannot be resolved by the LEA.
- Less growth will be considered if the growth and class size problem occur within a specific grade or grade spans K, 1-3, 4-8, 9-12, or within classes for children with disabilities.
- Individual school class sizes and the type of class structures (blocked, combined, etc.) will be examined. If reorganization or class restructuring can absorb the growth, additional allocations will not be made.
- The LEA must show a need for funding not already included in the regular ADM teacher allotment or children with disabilities programs.
- With receipt of an LEA's request, the Department of Public Instruction will verify that sufficient State resources are available to meet the LEA's request and will notify the LEA:
 - If additional funding will be allotted to cover the LEA's ADM growth, or
 - If the LEA's request for additional funding for ADM growth has been denied.

Additional funds will be allotted, within available funds, on a case-by-case basis. The State Board of Education, in accordance with [GS 115C-416](#), may specifically authorize use of the reserve (within available state funding) on a case-by-case basis where additional resources are required to meet legislative mandates.

ALLOTMENT ADJUSTMENTS FOR ADM DECREASES

PURPOSE:

In accordance with [SL 2007-323, Section 7.15\(b\)](#), decreases to allotments must be made if the original anticipated ADM used for allotments exceeds the higher of the first or second month Average Daily Membership (ADM) by at least 2% or 100 ADM.

The funds from this adjustment will be added to the ADM Contingency Reserve to be used in cases where first month Average Daily Membership exceeds the original anticipated ADM. Decreases are made in the Classroom Teacher, Instructional Support, Non-instructional Support, Teacher Assistant, Classroom Materials and Supplies, Textbook, and Career Technical Educational Program Support Categories as applicable.

Funds for children with disabilities will be transferred to and from the LEA, if the child leaves or returns to the LEA from a charter school, regional school, or lab school, per the special provision in PRC 032.

ALLOTMENT OF FUNDS TO INDEPENDENT PUBLIC SCHOOLS

When allotting funds to independent public schools – including charter schools, regional schools, and lab schools – the Department will allot any funds for which independent public schools are entitled to a per pupil share through PRC 036 – Charter Schools and PRC 038 – “Z” Schools (regional and lab schools). Any funding with restricted uses (e.g., compensation bonuses) or for which an independent school must apply directly to the Department in order to receive (e.g., grants) will be allotted to the independent public schools through the originating PRC, unless explicitly noted. Independent public schools will not be permitted to transfer these funds into PRCs 036 or 038, and must ensure that the funds are utilized for their intended purposes.

SPECIAL SMALL SCHOOLS

STATUTORY REFERENCE:

[SL 2008-107, Section 7.20](#)

Additional classroom teachers may be allotted within available funds based on the following provisions and upon request by the superintendent to the **Division of School Business:**

- 1) Qualifying Programs Schools
 - a) Regional Programs: Special allotments may be made for assignment to regional

- programs serving public school students with disabilities. These programs must serve students from more than one LEA.
- b) Hospitals, Special Programs, and Institutions: Special allotments may be made for assignment to hospitals which offer an educational component to students under their treatment.
 - c) Small Schools: Special allotments may be made for assignment to small schools of less than 110 ADM, when consolidation is not feasible due to geographic isolation.
- 2) Qualifying Conditions:
- a) Consideration will be given to small, geographically isolated schools over other qualifying programs and schools.
 - b) The LEA must show a need for funding not already included in the regular ADM teacher allotment or children with disabilities programs.
 - c) The special small school allotment must not take the place of local efforts or result in a duplication of positions or funds allotted under the regular ADM teacher allotment or children with disabilities programs.
 - d) All regular positions earned on ADM at those sites must be used to directly serve the program for which the allotment is requested.
 - e) Proper assignment of regular ADM and children with disabilities funds must be documented before a special small school allotment can be approved.
- 3) Continuation of Allotments: Special allotments are made on a year-by-year basis; however, special allotments will be continued for institutions and hospitals unless the following occurs:

LEAs wishing to appeal a denial of their request may do so in writing to the Office of the Associate Superintendent of Public Instruction. A final appeal for consideration may be made to the State Board of Education.
- 5) Employment of Allotted Personnel: Special small school allotments go to the requesting LEA, not to the institution or hospital where the teacher is assigned. Therefore, teachers allotted through a special small school allotment are employees of and should be supervised by the receiving LEA.
- 6) Assigned Duties of Allotted Personnel: Teachers employed through the special small school allotment may not be assigned duties unrelated to the purpose for which their position was allotted or duties which enhance the profitability of the institution or hospital to which they are assigned.

NORTH CAROLINA VIRTUAL PUBLIC SCHOOLS (NCVPS)

STATUTORY REFERENCE:

[SL 2011-145, Section 7.22](#)

Beginning with the 2011-12 school year, NCVPS will be funded by an allotment formula that recognizes the effects of e-learning courses projected enrollments with other ADM based allotments. The funds transferred through the allotment formula will fund the NCVPS program at no cost to students enrolled in North Carolina public schools, Department of Defense schools, and schools operated by Bureau of Indian Affairs.

NCVPS Allotment Formula:

- 1) Project the NCVPS student enrollment for each LEA by semester and year-long course type for each LEA and charter school.
- 2) Establish a per course teacher payment structure for the instructional costs of NCVPS. Based on:
 - a) Total compensation analysis taking into account salaries, benefits and work effort to ensure comparisons between occupations.
 - b) The effects any change in NCVPS teacher payments may have on the attraction and retention of NCVPS teachers.
- 3) Develop a per student fee structure for in-State students that is based on the per course teacher pay structure. The fee structure for in-State students shall ensure that the projected cost for the LEA units and charter schools equal the projected instructional cost for NCVPS courses.
- 4) Multiply the per student course fee by the projected enrollment by course type to calculate the total projected instructional cost.
- 5) The dollar amount transferred is 75% of the projected instructional cost.
- 6) No later than February 28 of each year calculate the actual instructional cost based on actual enrollment as of that date. [[SL 2013-360, Section 8.9\(b\)](#)]
- 7) Subtract the actual amount transferred from the actual instructional cost. The remaining dollar amount up to a maximum of 100% of the projected cost is transferred.
- 8) Reduce each LEA's allotment on the basis of ADM grades 6-12 to provide the sum for State-level operations and administration of NCVPS.
- 9) Beginning FY 2012-2013 and annually afterward this reduces each LEA or charter school's allotment on the basis of ADM in grades 6-12 an amount that is the difference between \$2,000,000 and the balance in the NCVPS enrollment reserves.
- 10) [SL 2012-142, Section 7.12](#) provides the ability to use different funding sources to pay for NCVPS courses. The only funds that may be used for the instructional costs of NCVPS are the following:
 - a) Funds provided through the North Carolina Virtual Public Schools Allotment Formula.
 - b) Funds provided through the NCVPS enrollment reserve as set forth in this section.
 - c) Local funds.
 - d) Federal funds.

- e) Special State Reserve Funds for Children and Youth with Disabilities.
- f) ADM Contingency Reserve.

[SL 2001-424, Section 28.20](#)

TYPE: Dollars
 TERM: July 1 - June 30
 PURPOSE: Provides state funding to charter schools based on the students attending the school.
 ELIGIBILITY: All charter schools approved by the State Board of Education.
 FORMULA:

Funding for an existing charter school is based on the dollars per ADM of the LEA in which the school is located. Funding for new charter schools is based on the dollars per ADM of the LEA in which the student is, or would be, currently enrolled. The total number of public-school students attending a new charter school will reduce an LEA's initial allotment.

An LEA's initial allotment is also reduced for existing charter schools growing over their planning ADM. LEAs are held harmless and will not have their allotment reduced for the following categories: Central Office Administration and School Building Administration.

A charter school will have 34% of its Initial Allotment available to "draw down" after the General Assembly adjourns.

After the 1st month ADM is submitted, allotments will be recalculated based on 1st month ADM⁽¹⁾ and an additional 34% of the allotment will be made available to the charter school. Note: charters in good financial standing may receive the full annual allocation. Charter schools in financial disciplinary noncompliance may receive their funding in monthly installments.

(1) Exceptions

- a) Virtual charter schools shall be funded based on current year month 1 membership last day and adjusted for month 5
- b) Schools serving students at risk of dropping out, as approved by the SBE, shall be funded on Month 5 ADM

No charter school shall be funded for an average daily membership greater than is permissible by law.

The final 32% of the allotment will be distributed prior to the end of February.

After 1st month ADM adjustments, a charter school can request additional funding if it has significant growth (20% or more) in months two through four. Requested ADM must be verified and be within the charter school's maximum. The state contingency reserve will be used to fund the prorated increases within funds available. Please refer to the Charter School Financial Guide for instructions for this process.

In addition to the state funding based on dollars per ADM, a charter school may receive Children with Disabilities and Limited English Proficiency funding if they qualify. These special funds plus the dollars per ADM funding are distributed under PRC 036.

Charter schools which have 50% or more students that qualify for free and reduced priced lunch program may apply to the DPI Office of Charter Schools for a Charter School Transportation Grant for the reimbursement of up to sixty-five percent of the eligible student transportation costs incurred by the school each semester.

SPECIAL PROVISIONS:

- 1) During the first 60 school days, if a child with disabilities was included in the prior fiscal year April 1 child count and leaves or returns to an LEA from a charter school, the prorated share of funds allocated for that child will be adjusted. In order to initiate the transfer of funds, the LEA or charter school receiving the students must complete the appropriate transfer request forms by the 10th of the month following the month the child transferred. Children with Disabilities' transfer requests are sent to the School Allotments Section. FORMULA: All data used for this formula will be the most recent data as of May 15 of the preceding fiscal year of the allotment. The formula for this allotment is as follows:

- 1) Compare a county's ability to generate revenue (using three criteria) with the average ability to generate revenue of the other 99 counties in the state.
 - a) Purpose: The overall wealth of a county is considered critical in determining if a county can generate the necessary revenue to support the LEA(s) located within the county. The formula attempts to project the county's ability to generate revenue as compared to other counties in North Carolina.
 - b) Criteria:
 - i) Anticipated Total County Revenue - This anticipated revenue is generated from the property value in the county plus the revenue a county actually receives from sources such as sales taxes and fines and forfeitures. The property value has been adjusted by a formula to take into consideration the year the property was last valued. This calculation is projected to be almost 95% of all the revenue available to a county for current expense.
 - ii) Tax Base per Square Mile (Density) - This part of the formula compares the value of a county's property per square mile with the state average property value per square mile. This calculation attempts to recognize the "swamp land" (low to no value property) across the state and to compare the quantity of this property with all other counties.
 - iii) Per Capita Income – A three-year average of a county's per capita income is compared to the same average for the total state. The per capita income is a basic indicator of a county's residents' ability to pay taxes.

- 2) Determine if a county is eligible to receive funding.
 - a) Purpose: The factors outlined in Step 1 are weighted to determine how a county compares to all other counties in the State.
 - b) Criteria:
 - i) 40% Anticipated Total County Revenue as a percentage of the State Average Anticipated State Revenue [see Step 1(b)(i)].
 - ii) 10% Tax Base per Square Mile as a percentage of the State Average Tax Base per Square Mile [see Step 1(b)(ii)].
 - iii) Combine the formula weights revenue/property as 50% of the calculation.
 - iv) 50% A County's average per capita income as a percentage of the State average per capita income [see Step 1(b)(iii)].
 - c) When the three percentages are totaled, the sum indicates the county's wealth as a percentage of the state's average wealth. If the total is less than 100%, a county is eligible to receive funding.
- 3) Determine if a county is meeting a minimum effort to generate revenue or fund public schools as compared to a state average effort.
 - a) Purpose: Minimum effort is established to determine if a county is committing a comparable effort compared to other counties within the State. To receive total funding, a county must either tax their local property at the State average or contribute more local dollars to public schools than the State average local contribution.
 - b) Criteria: A county is fundable at 100% of the calculated funding if at least one of the following conditions is met:
 - i) The county's actual tax rate is adjusted by a formula to take into consideration the year the property was last valued. The revised tax rate is classified as the Effective Tax Rate. If the county's Effective Tax Rate is higher than the state Average Effective Tax Rate, the county is fundable at 100% of the funding as calculated in the formula.
 - ii) If the county's appropriation per student is higher than what the county could provide given the county's ability to generate wealth and an average effort to fund public schools, then a county is eligible for 100% funding. To determine what a county could provide, the State average contribution is multiplied by the county's wealth percentage (total percentage in Step 2 above).
 - iii) A county will be funded at a percentage of the calculated funding in the formula if the county is eligible for funding and does not meet the two criteria outlined above. A county's funding will be based on the percentage a county is contributing to public schools as compared to what the county could contribute based on the county's wealth and an average state effort.
- 4) Calculation of what a County (LEA) will be funded.
 - a) Purpose: Once a county is determined to be Low Wealth, the next step is to calculate the amount of supplemental funds the county will receive.
 - b) Criteria:

- i) The difference between the county's Appropriation per student and State Average Local Appropriation (including supplemental taxes) per student is multiplied by the county's ADM for a total allotment per formula.
- ii) If the county does not meet the minimum effort as described in Step 3, their allotment is prorated based on the effort they are maintaining.
- iii) The total for all counties is prorated to the appropriated funds.

SPECIAL PROVISION:

- 1) Funds allotted for a Low Wealth Supplement must be expended only for:
 - a) Instructional positions
 - b) Substitutes
 - c) Instructional support positions
 - d) Teacher assistant positions
 - e) Clerical positions
 - f) Overtime pay
 - g) Instructional equipment
 - h) Instructional supplies and materials
 - i) Staff development
 - j) Fringe benefits
 - k) Textbooks and digital resources
 - l) Supplements for instructional personnel and instructional support personnel as defined in the Uniform Chart of Accounts.
- 2) These funds are to supplement, not supplant, local funds. Funds will not be allocated to any LEA found to have used these funds to supplant local per student current expense funds.
- 3) A county is considered to have used these funds to supplant if the current expense appropriation per student of the county for the current year is less than 95% of the average of the local current expense appropriations per student for the three prior fiscal years.
- 4) The State Board of Education will consider requests from LEAs to waive the non-supplant requirement as outlined in the legislated low wealth and small county supplemental funding formula only under the following conditions:
 - a) The county can show:
 - i) that it has remedied the deficiency in funding, or
 - ii) that extraordinary circumstances caused the county to supplant local expense funds with funds allocated under this section.
 - b) Examples include:
 - i) Closing/merging schools within an LEA.
 - ii) Loss of federal Impact Aid funds.
 - iii) Significant change in the demand for county resources due to state/federal unfunded mandates, natural disaster, or other emergency.
- 5) Per [SL 2017-197, Section 2.19](#), for the 2017-2019 fiscal biennium, a county containing a base of the Armed Forces of the United States that has an average daily membership of more than 17,000 students shall receive whichever is the higher amount in each fiscal year as follows: either the same amount of supplemental funding the county received as a low-wealth

county in the 2012-2013 fiscal year, or the amount of supplemental funding the county is eligible to receive as a low-wealth county pursuant to the formula. This provision also exempts the county from the non-supplant requirement.

- 6) Funds may be transferred with no restrictions by submitting ABC Transfer Form in the Allotment System.

 ELIGIBILITY: LEAs which have applied for and been approved by the State Board of Education to convert continually low-performing schools to the legislated restart model.

DPI will fund the LEA based on the legislated funding formulas and the allotted average daily membership (ADM) of the LEA.

SPECIAL PROVISION:

- 1) The LEA is required to transfer an amount equal to the State average per pupil allocation for the LEA for the ADM of the school into a restricted PRC. The average per pupil allocation will exclude transportation, exceptional children (EC), and limited English proficiency (LEP) funds.
- 2) The ADM will be the school's ADM per the Month 1 Principals Monthly Report.
- 3) The average per pupil allocation will include the guaranteed expenditures (PRC 009), however the LEA shall be allowed to expend for the Restart school in PRC 009.
- 4) The LEA is required to ensure that adequate services for exceptional children and limited English proficient students are provided. EC and LEP allotments shall not be transferred into this PRC. Program expenditures for students in Restart schools shall be accounted in PRC 032 and 054, respectively.

PURPOSE: A local board of an LEA which meets the legislated criteria may submit a plan to the State Board of Education to permit the LEA to decide all matters related to the operation of the schools under its control including the use of State funds, curriculum, and operating procedures unless prohibited in law. Upon the approval of the State Board of Education, the LEA shall be designated as a Renewal School District (RSS).

ELIGIBILITY: The LEA that has

 2) received low wealth supplemental funding and
 3) more than 10,000 in ADM.

FORMULA: The State Board of Education shall allocate to an RSS the following:

- 1) A base amount equal to the average per pupil initial allocation for the LEA for the allotted ADM, consistent with the calculation for state funds for charter schools. The allocation for children with disabilities, children with limited English proficiency, and driver training shall be provided in addition to the base amount.
- 2) An additional amount for each child attending the RSS who is a child with disabilities. During the first 60 school days, if a child with disabilities who was included in the prior fiscal year April 1 child count leaves or returns to a RSS from or to a charter school, the pro-rata share of funds allocated for that child will be adjusted.
- 3) An additional amount for children with limited English proficiency and driver training attending the RSS, based on the formulas adopted by the State Board.
- 4) Other funding due to the RSS per law or State Board policy, that is not restricted in law.

SPECIAL PROVISION:

adjustment for ADM differences between allotted and actual, all initial allotment categories shall be adjusted on a per pupil basis.

- 3) A RSS shall be eligible to receive or apply for funds available to LEAs, if applicable.
- 4) Use of State funds shall be unrestricted unless there is a restriction imposed by federal law, the conditions of federal grants or as provided through any rules that the State Board adopts to ensure compliance with federal regulations.
- 5) State position allotments will be converted at the State average salary for that position plus benefits.

[SL 1993-769, Section 19.24](#)
[SL 2011-145, Section 7.14\(a\)](#)

TYPE: Months of Employment (MOEs)
 TERM: 10, 11, or 12 months, July 1 - June 30
 PURPOSE: Provides funding for salaries including benefits for principals and assistant principals
 ELIGIBILITY: Each LEA is entitled to months of employment. The months of employment allotted are based on the formulas listed below.
 FORMULA: Principal and Assistant Principal Allotments are consolidated to allow more flexibility at the local level. The allotments are calculated separately and then combined into one allotment.

PRINCIPALS:

Each school with 100 or more pupils in final ADM and/or seven or more full-time equivalent state allotted/paid teachers and instructional support personnel, unrounded, (based on prior year 6th pay period) is entitled to twelve months of employment for a principal, within funds available. In accordance with [SL 2011-145, Section 7.14\(a\)](#), a school that opens after July 1, 2011 with less than 100 students in final average daily membership is not entitled to 12 months of employment for a principal. Year-round schools, multi-track organizational patterns, and other sub-urbanization patterns developed within the existing framework of an established campus are not automatically entitled to additional months of employment. The total months are then multiplied by the LEA's average monthly salary (based on prior year 6th pay period salary adjusted for legislated increases and benefits).

If a school opens on or after November 1, a principal allotment will be prorated based on the date of the school opening, within available funds. New school openings will be verified based on current year 2nd month ADM. If the schools are not open, or if they do not qualify for a principal, their principal allotment will be reduced. If this ineligible school was allotted 4 additional principal months in the previous fiscal year for school planning, the 4 months will also be reduced from the current year's allotment.

ADM is based on the final ADM for the prior year as reported on the Principal Monthly Reports (PMR).

FTE information obtained from the 5th and 6th pay periods will be as reported. 202 adjustments shall not be considered.

ASSISTANT PRINCIPALS:

One month of employment per 98.53 allotted ADM rounded to the nearest whole month. The total months are then multiplied by the LEA's average monthly salary (based on prior year 6th pay period plus LI) plus benefits.

Fractions of months of employment are rounded up to the nearest month for small city LEAs with ADM less than 3,000 students.

SPECIAL PROVISION:

1) PRINCIPALS:

- a) If a school does not meet the conditions specified above, then a teaching position may be used as principal of that school. Teachers employed as principals of schools with less than seven but more than two teachers should be paid for ten months on the appropriate pay level for building principals as specified in the North Carolina Public School Personnel State Salary Schedule.
- b) In the event the closing or reorganization of schools in an LEA causes a reduction in the principal allotment, the allotment shall be held harmless the first and second fiscal years following the reduction of the principal allotment, provided that the reduction in the principal allotment continues in the second year. Principal allotments provided for schools that are open for two years or less shall not be considered in this hold harmless calculation.
- c) A teacher may be reassigned to fill in for a principal after the principal has been on sick leave for at least ten (10) days. The reassignment shall be allowed until the principal returns to work or exhausts sick leave.
- d) Funds may be transferred for any purpose, except where prohibited elsewhere in the ABC transfer policy, by submitting an ABC Transfer Form. The salary transferred will be based on the first step of the principal Base salary schedule. Converting certified position allotments to dollars for the purpose of hiring the same type position is not allowable.
- e) The State Board of Education must approve waivers for placement of Principals on the salary schedule for Low-Performing schools.
- f) An LEA may submit in writing to the School Allotments Section a request for up to four additional principal months of employment for new schools (which will qualify for a principal allotment). This request needs to include the following information: school opening date, number of months requested, estimated ADM, estimated state allotted/paid teacher and instructional support FTEs, and the effective date that the principal begins the performance of administrative duties for the new school. This policy only applies to additional regular education schools opening within the district. It does not apply to alternative schools or schools that are replacing existing schools within the LEA. The allotment could be prorated based on the date that the request is received. The allotment of additional principal months will depend on the availability of funds.
- g) Small Restructured High Schools – Schools restructuring into smaller learning communities shall receive a principal position per new site.

- h) Approved STEM (Science, Technology, Engineering and Math) schools shall receive a principal per site.
- 2) ASSISTANT PRINCIPALS:
- a) These positions shall be used only for non-teaching activities.
 - b) LEAs may employ assistant principals for 10, 11, or 12 months. LEAs cannot exceed allotted months of employment.
 - c) Assistant principal months may be allotted within funds available to an LEA if the sub-organizational structure of a school within that LEA creates a distinct separate operating entity within an existing school such as an exceptional children wing of a school with integrated/shared programs. The allotments must be requested and appropriated on an annual basis. The LEA must show a need for funding not already included in the regular ADM assistant principal allotment or exceptional children programs. The identification of separate grade spans within a school does not qualify for additional funding under this provision.
 - d) Funds may be transferred for any purpose, except where prohibited elsewhere in the transfer policy, by submitting an approved ABC Transfer Form. Funds related to Assistant Principal Months of employment shall be transferred based on the first step of the Assistant Principal Salary Schedule. Funds may be transferred out. Converting certified position allotments to dollars for the purpose of hiring the same type position is not allowable.
 - e) Small Restructured High Schools –Schools within an existing school as approved will be reduced for Assistant Principal Months of Employment. ([SL 2005-276, Section 7.52](#))

PROGRAM REPORT CODE: 071
UNIFORM CHART OF ACCOUNTS CODE: XXXX-071-XXX
STATUTORY REFERENCE: SL 2021-180 Section 7A.12

TYPE: Dollars
TERM: July 1 - June 30

An eligible LEA located in whole or in part in a county that has an adjusted market value of taxable real property of less than \$43,700,000,000 based on data provided by the Local Government Commission as of April 30th of the previous fiscal year.

FORMULA: The formula for allotment is as follows:

- 1) Calculate a county allocation for each eligible county using the following steps:
 - a. Determine **the composite value** for each eligible county. The composite value is the sum of:
 - i. The taxable real property factor for the county [the median adjusted market value of taxable real property⁽¹⁾ in the State divided by the adjusted market value of taxable real property of that county] multiplied by 65%.
 - ii. The median household income factor for the county [the median household income⁽²⁾ in the State divided by the median household income for that county] multiplied by 25%.
 - iii. The effective tax rate factor for the county [the effective tax rate for that county divided by the median effective tax rate in the State⁽³⁾] multiplied by 10%.
 - b. Determine **the supplement factor** for each eligible county. The supplement factor is the composite value (calculated in Step a) multiplied by the number of State-funded certified teachers and instructional support personnel employed in a school in a LEA in the county.
 - c. Determine **the county allocation factor** for each eligible county by dividing the supplement factor for the county (calculated in Step b.) by the sum of all supplement factors for the State. Distribute the appropriation for the counties for Supplemental Funds for Teacher Compensation based on this factor.

- d. Per teacher funding cap: The allocation by LEAs shall not exceed \$5,000 per State funded teacher and instructional support. Determine a per-teacher funding amount by dividing the county allocation amounts by the total number of State funded teachers and instructional support, employed in 6th pay period of the prior year, in all eligible LEAs in that county. The county allocation shall be adjusted to ensure that the per teacher allocation does not exceed the cap.
- e. SPECIAL PROVISION:

- 1) Funds can be transferred into and out of this category by submitting an ABC Transfer Form. There is no change in carryover provisions as outlined in policy. Transfers will impact efficiency ratings.
- 2) These funds may not supplant other state, federal and local programs use of the "yellow bus" that serve the instructional purpose of the school, such as Pre-K, Smart Start, Head Start, Remediation Programs, Summer School, NC State Fair, Special Olympics, NC Symphony and other instructional field trips. When allotted state transportation funds are used to provide transportation services for these programs, the responsible program must reimburse this fund.

- 3) Allotted funds cannot be used for the maintenance of local vehicles and machinery such as - activity buses, staff vehicles, school maintenance trucks and vehicles, etc. When state funds are used to pay for this kind of activity, those state funds must be reimbursed from local (or other non-state) sources.
- 4) State Board of Education Policy states, "In order to be eligible to receive any mid-year transportation allotment resulting from increased fuel prices, an LEA must have a reduced idling policy in place at the beginning of the school year. The local policy must, at a minimum, prohibit all unnecessary school bus idling on school grounds and prohibit the warming up of buses longer than 5 minutes. As always, any increase in allotments will be subject to the availability of funds."
- 5) The Excellent Public Schools Act provided additional funding for the addition of 5 days within the existing school calendar. [[SL 2012-142, Section 7A.6\(a\)](#)]
- 6) Notwithstanding the purpose and other special provisions of PRC 056, PRC 056 funds may also be used to support yellow school bus operations for purposes which support students' nutrition or instruction in any state of disaster or local state of emergency declared under 166A of the General Statutes.
- 7) Due to continuing negative impacts on school transportation operations in 2021-2022 particularly in the areas of CDC public health requirements, bus driver shortages, virtual school options for students, and lower percentages of student ridership, use of 2021-2022 data could result in inequitable distribution of transportation funds. For the 2022-2023 school year LEAs will be allotted transportation funds, before adjustments for ADM, benefits, fuel, and other items as legislated, in an amount no lower than ninety percent (90%) of the unit's 2021-22 funding formula allotment less any ABC transfers out of PRC 056 made in 2021-22. Reversions of PRC 056 funds in 2021-22 will not negatively impact transportation funding for the 2022-23 school year. Initially unallocated funds will be reserved to assure equity in distribution due to significant anticipated changes in actual ridership and ADM in 2022-23.

TRANSPORTATION FUEL RESERVE – NON-RECURRING FY 2023 FUNDS ONLY:

- 1) For the purposes of the Transportation Fuel Reserve as described in this provision, a "school bus" is defined as a vehicle powered by diesel fuel, the primary purpose of which is to transport students to and from school for the regularly scheduled school day.
- 2) To be eligible to receive funds from the Transportation Fuel Reserve appropriated in SL 2022-74, an LEA or charter school must have fuel costs in excess of the price per gallon supported by the FY 23 primary transportation allotment, as substantiated by diesel fuel invoices.
- 3) Funding from the Fuel Reserve will be allotted based on need, as defined by the amount of fuel costs in excess of the price per gallon supported by the FY 23 primary transportation allotment, as substantiated by diesel fuel invoices. The first distribution of funds from the Fuel Reserve will cover the excess costs for the period July 1, 2022 through January 31, 2023, while the second distribution will cover the period from February 1, 2023 through April 30, 2023.
- 4) Funds allocated for charters will be distributed via PRC 036 and may be used only to offset fuel costs already recorded by the charter school at the time of each allotment.
