In order to qualify for designation as an "alternative school" for purposes of accountability under this policy, the charter school must demonstrate that it serves a student population as follows:

- 1. The school must include grades 9-12.*
- 2. At least 75% of the school's population in grades 9-12 must be at-risk of academic failure as defined in GCS-Q-001, I.B, and must also meet one or more of the following indicators:*
 - a. The student must either be recently released from a juvenile justice facility, or otherwise be subject to and participating in the juvenile justice court process;*
 - b. The student must be currently served by a treatment facility licensed pursuant to Chapter 122C of the General Statutes, or have recently been discharged from such a facility;*
 - c. The student must be currently under long-term suspension from a public or private school ; or*
 - d. The student must be a high-school dropout as defined in GCS-Q-001; or be imminently at risk of dropping out as demonstrated by adequate documentation in the charter school's application for designation under this policy.*

II. MISSION and PURPOSES

(No more than three total pages in this section)

Mission:

*State the Mission of the proposed charter school in **thirty-five words or less**. The mission statement defines the organization's purpose and primary objectives, describing why it exists. The mission statement provides the foundation for the entire proposal.*

The mission statement of the proposed charter school is as follows:

Power Elite Male Academy will provide an engaging and rigorous curriculum that engages and inspires all male students to achieve academic success through data-driven decision making.

Clearly describe the mission of the proposed charter school:

Our school will provide all male students a learning environment that is structured to adapt and build around the specific needs of these students with extensive wrap-around services.

Educational need and Targeted Student Population of the Proposed Charter School:

- 1. Provide a description of Targeted Population in terms of demographics. In your description, include how this population will reflect the racial and ethnic composition of the school system in which it is located. Describe the rationale for selecting the location and student body.*

The Charlotte-Mecklenburg LEA male student population is predominantly comprised of 21,000 White, 29,000 Black, and 17,280 Hispanic students. Black and Hispanic students in general are significantly behind the White student population in academic achievement. Male students are also performing approximately 5 points lower than the female population in this area. Each subgroup that our school will actively seek out of Black, Hispanic, economically disadvantaged, and male students are facing extreme academic achievement gaps in the LEA.

Our school population will draw from the most socioeconomically disadvantaged neighborhoods in the Charlotte-Mecklenburg LEA and expect to be over 95% economically disadvantaged.

Target Rationale:

The board is composed of educational and children support professionals who have all seen a distinct need among the populations they serve, which are predominantly socioeconomically disadvantaged students. Among this population, male students of color struggled the most in the classroom. With powerful partnerships already in place, students they serve actively asking for different schooling options, disturbing suspension data regarding male students of color, and the expertise this board possesses culminated into a collective desire to create a school that served the most underserved demographic in the Charlotte-Mecklenburg school district.

Torchlight Schools was identified as the partnering management company because of their excellent results among local, socioeconomically disadvantaged students. Torchlight's flagship school, Torchlight Academy, serves over 95% economically disadvantaged students and achieved the highest growth score among all 167 existing charter schools in the 2016 school year.

Torchlight Schools also has a history of keeping students in school, a factor of significant importance to this board. As seen in Appendix A1, Torchlight has had 0 suspensions with a large at-risk student population exceeding 500 students. For economically disadvantaged families, the costs are more severe when a parent may have to stay home from work while their child is suspended. Torchlight Schools makes it a priority to prevent that scenario, and has consistently found ways to keep students in school and grow academic performance.

We will serve all male students in the area, but focus on socioeconomically disadvantaged boys that are struggling in their current school environment.

- 2. What will be the total projected enrollment at the charter school and what percentage of the Average Daily Membership (ADM) does that reflect when compared to the Local Education Agency (LEA) of the same offered grade levels? (i.e. If the proposed school will be grades 9-12, only compare the total enrollment to the total enrollment of the LEA is grades 9-12).*

Power Elite Male Academy's target enrollment for year one will be 120 students. The school will plan to grow 30% each year, with a target enrollment of 342 by year five. The total grade levels to be served will be grades K-8 by year five, beginning with grades K-4 year one and adding one grade level each year.

The total projected enrollment of is less than one percent of the total amount of male students of color at each grade level. Our transportation will service all areas of Charlotte, ensuring that all students have a chance to attend.

- 3. Explain how the charter school's education plan will compare to or differ from that of the local LEA(s).*

Power Elite Male Academy will bring a blend of some of the most promising educational theories, models, and methods being utilized across the country that align with the North Carolina Standard Course of Study. Our curriculum will be based on the Core Knowledge Sequence framework and utilize teaching techniques as described in "Teach Like a Champion 2.0" (TLAC), by Doug Lemov. Power Elite Male Academy will incorporate active and project-based teaching styles similar to Success Academy Charter Schools (SACS) that are effective in teaching STEAM material. The effectiveness of these programs and teachers' iterations upon them will be continuously measured using the Northwest Evaluation Association Measures of Academic Progress (NWEA MAP) assessment system. This adaptive assessment tool will gauge and quantify academic progress and growth, identify student strengths and weaknesses, empower our teachers to creatively and logically iterate upon lesson plans, and illustrate student growth on a single grading scale for grades 3-8. Utilizing this tool in conjunction with our regular formative assessments and exit tickets helps the school effectively gauge and place students in

our independently constructed, tiered support system. This system categorizes students in tiers that indicate levels of support necessary to achieve and/or build upon academic success. By driving our instruction through data, our school will be able identify, intervene, and assist students in meaningful and targeted avenues.

Power Elite Male Academys decision to incorporate components of Success Academy Charter Schools active learning style and Teach Like a Champion techniques into our school is based upon their alignment with our educational values and, most importantly, their proven results. Success Academy Charter Schools (SACS) has produced incredible results, with their schools ranking in the top 1% of all New York Schools in both Math and Science and in the top 2% in English. They achieve these results with predominantly socioeconomically disadvantaged students, surpassing surrounding affluent, White school EOG results. Parents in the area have recognized the efficacy of this program and have flooded the school application portal. This past year, 10,000 students had to be placed on a waiting list after their schools capacity of just over 5,000 students was filled.

Teach Like a Champion (TLAC) is full of master teacher techniques that educational leader Doug Lemov identified over hundreds and very possibly thousands of hours observing teachers. Doug Lemov is a managing director at Uncommon Schools. Uncommon Schools has also produced excellent results, with 99% of their 2017 graduating class being accepted into a 4-year college program, with most of those students being classified as low-income. Lemov created TLAC because he believed that teachers are too often only given a vague sense of how to inspire and instruct students, with no specific practices or models to guide them in this endeavor. Lemov sought out and observed "master" teachers serving primarily socioeconomically disadvantaged populations in urban New York and New Jersey to identify effective techniques upon which teachers could iterate. While some of these techniques are rather basic in nature, they provide teachers of all experience levels a powerful resource to reference and build around.

Our school board has worked extensively within the community to provide an exceptional range of wrap-around services unmatched by the LEA. Please see Appendix O.

4. *In the appendices (Appendix A1), you must provide evidence through a narrative or visual of this educational need through survey data, or times and locations of public meetings discussing this proposed charter school. (Please do not provide more than one sample survey form).*

Purposes of the Proposed Charter School: *In one page or less, describe how the proposed charter school will achieve one or more of the six legislated purposes, as specifically addressed in the NC charter school statute GS 115C-218, and the proposed school's operations.*

The Six Legislative Purposes of a Charter School are:

1. *Create new professional opportunities for teachers, including the opportunities to be responsible for the learning program at the school site.*
2. *Hold schools accountable for meeting measurable student achievement results.*

3. *Provide parents and students with expanded choices in the types of educational opportunities that are available within the public school system.*
4. *Improving student learning.*
5. *Increasing learning opportunities for all students, with a special emphasis on at-risk or gifted students.*
6. *Encourage the use of different and innovative teaching methods.*

The Six Legislative Purposes of a Charter School are:

1. Create new professional opportunities for teachers, including the opportunities to be responsible for the learning program at the school site.

Teachers at Power Elite Male Academy will be asked to continuously differentiate their instruction based on student assessments and data profiles. We will provide teachers the professional development and guidance to make these decisions, but teachers will be expected to regularly utilize the data they receive and construct an approach that best suits their students.

NWEA MAP Growth and Skills assessments will play a critical role in guiding teachers in identifying and addressing student skill gaps. Teachers will feel challenged and use this grade scale throughout the year to gauge the effectiveness of their instructional choices.

2. Hold schools accountable for meeting measurable student achievement results.

The entirety of the schools program, ranging from MAP assessments to our independently constructed support system, necessitates data. Tracking academic progress of each individual student, our adherence to the North Carolina Accountability system, and most of the schools overarching charter goals are dependent upon measurable student achievement data. We envision a school managed by exceptional leaders that understand and apply data in daily decision-making.

The NWEA Map assessment was created to measure and track student academic growth and this system is embedded into the way we evaluate students, staff, and school success.

3. Provide parents and students with expanded choices in the types of educational opportunities that are available within the public school system.

Socioeconomically disadvantaged male students perform lower on state assessments and receive a disproportionate amount of school suspensions. Power Elite Male Academy would provide a learning environment with a focus to adapt, learn, and respond to the segment of the CMS student population facing the largest achievement gap.

Our education has a mission driven focus around civic engagement and social responsibility. Our school will continuously relate local and global affairs to students studies to impact and change the historically low civic engagement displayed among impoverished, minority communities.

4. Improving student learning.

Our school is aligned with the Common Core and Essential Standards. Data will be heavily utilized to drive and differentiate instruction. The blend of Success Academy Charter Schools active-based learning in conjunction with Teach Like a Champions teacher techniques will provide a learning environment unlike any other in the area. Both programs were created with a focus around socioeconomically disadvantaged students and have had trend-breaking results.

Our selected management company excels in addressing and adapting to the needs of socioeconomically disadvantaged students, of which this population is predominantly comprised. Torchlight Schools (TLS) surpasses both the state and district in every academic subgroup grade proficiency averages for which they qualify. Our school pairs a program catered towards socioeconomically disadvantaged students with a local, successful management company. If the school was to achieve the types of results TLS has consistently produced across all their schools, Power Elite Male Academy would rank as one of the top-performing schools among Hispanic, Black, ELL, and economically disadvantaged populations in the Charlotte-Mecklenburg School District.

5. Increasing learning opportunities for all students, with a special emphasis on at-risk or gifted

Our partnered management company has worked almost exclusively with at-risk students for decades and have had great success in catering to their unique and wide-ranging needs. The tenets of our schools program utilizes research best practices to engage, teach, and grow at-risk students.

6. Encourage the use of different and innovative teaching methods.

Data-driven instruction is the future of education. Data has shown us that effective instruction occurs when it is differentiated to specifically address students learning styles and skill gaps. Teachers must adapt to their classroom. The use of data empowers our teachers to differentiate instruction throughout each year and measure instructional efficacy. Our active learning environment will provide students an educational opportunity that is not commonly available.

Goals for the Proposed Charter School:

1. *Provide specific and measurable goals for the proposed school for the first 5 years of operation outlining expectations for the proposed school's operations, academics, finance, and governance. Address how often, who, and when the information will be communicated to the governing board and other stakeholders.*

Power Elite Male Academy embraces the following goals for its first five years of operation. The Lead Administrator will be responsible for the

administration, monitoring, and reporting of these goals to the board of directors. Goals will be assigned monthly, with the below goals being reported in timely fashion each year.

Academic Goals:

General:

Attendance- Average attendance of 95%

Students average 1.5 years + of growth in Math and ELA each year "Meet" or "Exceed" Academic Growth as defined by the state

EOG scores for grades that exceed the scores of peer group schools by 5% or show 70% proficiency by year 5

90% teacher retention per year or 5% better than the peer group schools average

Grade Proficiency Objectives

Year 1: 50% of students in 3rd and 4th grade will receive at least a 3 on the Math and ELA EOG or 5% greater than the district composite for each academic subgroup

Year 2: 55% of students in 3rd-5th grade will receive at least a 3 on the Math and ELA EOG or 10% greater than the district composite for each academic subgroup

Year 3: 60% of students in 3rd-6th grade will receive at least a 3 on the Math and ELA EOG or 15% greater than the district composite for each academic subgroup

Year 4: 65% of students in 3rd-7th grade will receive at least a 3 on the Math and ELA EOG or 20% greater than the district composite for each academic subgroup

Year 5: 70% of students in 3rd-8th grade will receive at least a 3 on the Math and ELA EOG or 25% greater than the district composite for each academic subgroup

ELL Proficiency

Year 1: Achieve 10% higher ELL student proficiency than surrounding schools

Year 2: Achieve 15% higher ELL student proficiency than surrounding schools

Year 3: Achieve 20% higher ELL student proficiency than surrounding schools

Year 4: Achieve 25% higher ELL student proficiency than surrounding schools

Year 5: Achieve 30% higher ELL student proficiency than surrounding schools

TRC/Dibels:

Year 1: 70% of students in K-3rd grade will meet grade level goals (blue or green overall scoring) or 5% greater than the district composite

Year 2: 75% of students in K-3rd grade will meet grade level goals (blue or green overall scoring) or 10% greater than the district composite

Year 3: 80% of students in K-3rd grade will meet grade level goals (blue or green overall scoring) or 15% greater than the district composite

Year 4: 90% of students in K-3rd grade will meet grade level goals (blue or green overall scoring) or 20% greater than the district composite

Year 5: 95%+ of students in K-3rd grade will meet grade level goals (blue or green overall scoring) or 25% greater than the district composite

NWEA MAP:

Year 1: 50% of students exceeding internal MAP growth goals

Years 2-5: Utilize past years data and MAP projections to create feasible, thoughtful, and challenging growth goals

Metrics:
EOG Scores

NWEA MAP Scores

NC DPI School Report Cards

Financial Goals:

Year 1: Positive balance of 1.5%

After Year 2: Meet the state standard of a positive 3% balance each year

Metrics:

Monthly financial report to our Board based on review by finance committee

Independent audit contracted by our Board in addition to management

Organization audit

Operational and Culture Goals

Family satisfaction of 90% with a 60% response rate

Each scholar writes and sends a letter to a local legislator at least once per year

100% of parents volunteer at school

90% teacher satisfaction and retention rate

County Health Dept ratings of kitchen facilities of A or 95%

Metrics:

Family satisfaction surveys conducted in December/May Family attendance records for meetings, activities, etc.

Staff surveys in October, December, March and June (NC Teacher Working Survey)

Staff attendance

County health inspection

2. How will the governing board know that the proposed public charter school is working toward attaining their mission statement?

The Lead Administrator will present a monthly report to the board of directors appraising the board of the schools progress toward attaining the schools mission and goals. The Lead Administrator Report shall be made a permanent part of the monthly board of directors meeting agenda.

The Lead Administrators Report shall include:

- School Academic Performance
- MAP Growth Assessment
- Beginning, Mid-Year, End
- Budget Progress Report
- List of Items Requested by DPI and Submission Status
- Parent Volunteer Services
- Student Transportation Utilization
- School Lunch Program Participation Percentage
- Summation and Minutes of Parent Advisory Council Monthly Meeting
- Report of Culturally Relevant Lesson Planning and Adaptations

In addition, a Parent Advisory Council will present questions and concerns at the mid-year point and at the end of the school year to give parents a platform to directly impact school policy and encourage engagement.

I certify that this subsection has not been copied, pasted, or otherwise plagiarized from any other charter application.

III. EDUCATION PLAN

(No more than ten total pages in this section)

NOTE: *All sections of the Education Plan should align with all other sections of this application. The State Board of Education shall give priority consideration to the applicants who demonstrate potential for significant, meaningful innovation in education. Provide precise and clear explanations. Lack of response to any question or proper documentation will deem the application incomplete.*

Instructional Program:

Provide a detailed description of the overall instructional program of the proposed charter school, including major instructional methods, assessment strategies, and explain how this instructional program and model meet the needs of the targeted student population.

Overview:

Power Elite Male Academics overall instructional program will be based upon the North Carolina Standard Course of Study (current version), including the North Carolina Essential Standards and Common Core State Standards as tested by the State. The school will abide by the North Carolina Accountability Model. The school will adhere to these standards and ensure vertical and horizontal alignment across grade levels and among grades through utilization of the Core Knowledge Sequence, infused with STEAM activities. Layered over this structured framework, Power Elite Male Academy will incorporate components of Success Academy Charter Schools (SACS) active-based learning and THINK literacy program and Teach Like A Champion (TLAC) 2.0 techniques in an academically demanding, civically focused, high expectation environment. Both TLAC and SACS active-learning approach have been extremely successful among socioeconomically disadvantaged populations.

Assessment Strategies & Utilization

Within the first two weeks of school, K-2 students will take the TRC/Dibels assessment as required by Read-To-Achieve. Grades 3-8 will be assessed three times throughout the year in Reading, Math, and Science using the Northwest Evaluation Association Measures of Academic Progress (NWEA MAP) assessment system, in addition to the Beginning-of-Grade (BOG) and End-of-Grade (EOG) Tests required by the state.

The NWEA MAP Growth assessment measures and quantifies academic growth and achievement in the core subjects of Reading, Math, and Science. The test is unique in the way that it adaptively asks students questions based upon their responses to pinpoint each child's level of understanding. The collected data is used to enhance, inform, and differentiate instruction over the next grading period.

In addition to data-driven differentiated instruction, identified gaps will be addressed during regular academic intervention sessions where students can be strategically grouped with similar skill gaps for more effective and targeted lessons.

Data will be provided and explained to students and parents regularly to increase parent engagement, challenge students to grow, and celebrate academic achievements.

Foundational Framework:

The Core Knowledge Sequence curriculum ensures that the content we teach progressively builds our students knowledge base and that our students across classes can hold discussions with the same core knowledge at the center.

Teach Like a Champion (TLAC) will be deployed alongside this blended curriculum as a classroom management guide, everyday reference tool, and to streamline teaching vocabulary throughout the school for more consistent and understood communication among staff.

Active-Based Learning:

Active-based learning will be one of the schools primary differentiators, and this approach will provide teachers the opportunity to utilize relevant and engaging material for students to analyze, discuss, and explore.

Our instructional model sets a goal of 80 minutes of direct instruction per day across all grade levels. A large portion of lecturing is replaced with in-class discussions, work groups, and various other activities where scholars are doing rather than passively listening. To form civically engaged, exceptional scholars, our children must think creatively, critically, and adaptively. Years of studies, educational leaders of past and present, and the superb results of schools employing this teaching method have collaboratively validated active-based learning as an effective educational approach and important component of learning retention.

Curriculum and Instructional Design:

Describe the basic learning environment (e.g., classroom-based, independent study), including class size and structure for each grade span (i.e. elementary, middle, high) the school would ultimately serve.

Power Elite Male Academy shall serve grades K-4 in its first year of operation and will add one grade level each year, reaching grade eight by year five. The school will ultimately feature primary (K-2), elementary (3-5), and middle (6-8) school sections.

Power Elite Male Academy teachers will foster a community oriented, culturally sensitive, active-learning environment. Students will regularly gather to hold intimate class discussions and interactions. Students will collaborate, exchange ideas, and be challenged to form creative solutions to unfamiliar problems. Teachers will serve primarily as facilitators of this process and foster, oversee, and guide classroom discussions and activities. Teachers will reference Success Academy Charter Schools online resource material in conducting this learning approach.

Teachers will also utilize Teach Like a Champion techniques to manage their classroom and adapt these guiding techniques to best suit their students. Teachers and staff will be encouraged to discuss the applicability of these techniques and learn how to more effectively employ them in their classrooms. These techniques are extremely helpful in setting behavioral and academic standards in the classroom and have been most referenced among socioeconomically disadvantaged students.

All students will wear uniforms, and classes referenced by the teachers Alma Mater and the year the students are projected to graduate college. We believe that this structure will focus students on school and heighten expectations.

Our class sizes from grades K-5 will target 20 students per class. Students in 6th-8th grade will rotate among a team of teachers who teach the core subjects of ELA, Math, and Science. This will take place once our school has enough grades to financially support this rotation. Until that point, grades 6-8 will be taught by a single teacher with the support of teacher specialists.

Specialists: Specialists will rotate between classes on a regular schedule teaching specialized coursework for all classes for 30-60 minutes per day throughout the week. Our school will open with two specialists that will rotate between classes. In the first year, our specialists will teach Spanish and art each week. In addition, the art specialist will assist in the incorporation of art into components of our STEAM curriculum. Specialists free-time will be spent in providing teachers classroom assistance and aiding our teachers in facilitating intervention sessions on a weekly basis.

Provide a synopsis of the planned curriculum, including:

- 1. One sample curriculum outline (in graph form) in the Appendices (Appendix B) for one core subject (specific to the school's purpose) for each grade span (i.e. elementary, middle, high) the school would ultimately serve.*
- 2. If you are proposing a high school, as Appendix B2, provide a visual disseminating what courses (core content and electives) will be offered at the charter high school to ensure students meet the proposed charter school's graduation requirements. Please ensure the projected staff and budget aligns with the course offerings.*
- 3. Identify how this curriculum aligns with the proposed charter school's mission, targeted student population, and North Carolina Accountability Model.*

Power Elite Male Academics curriculum is based upon the Common Core State Standards and North Carolina Essential Standards. The North Carolina Accountability Model measures academic progress using the North Carolina Standard Course of Study, which is designed based upon the Common Core State Standards.

Best practices literature demonstrates that the Common Core State Standards contain college and career readiness standards which, if mastered, helps prepare students for college and career. The Core Knowledge Sequence integrates with these standards and has been used extensively among diverse populations. The Core Knowledge mission aligns directly with our mission to serve all students, create productive citizens, and pursue academic excellence. Their program has been successful in this endeavor and continues to receive grants from various federal and state entities to further study its approach and results.

The targeted student population is predominantly socioeconomically disadvantaged. The Success Academy Charter Schools literacy program and active-learning methodology, Teach Like a Champion techniques, and Core

Knowledge Sequence have all been built and born out of schools that are predominantly economically disadvantaged and largely comprised of diverse populations. Their results are inspiring. Utilizing their tenets with a management company that has produced superb results among poor, diverse North Carolina populations aligns with our ultimate mission to pursue academic excellence for our currently underserved communities.

- 4. Describe the primary instructional strategies that the school will expect teachers to master and explain why these strategies will result in increased academic achievement for the targeted student population for each grade span (i.e. elementary, middle, high) the school would ultimately serve.*

Overview:

All teachers will be required to read and utilize the concepts laid out in "Teach Like a Champion." Our teachers will be trained in our active-based model, acting as facilitators as opposed to lecturers. Culturally-relevant pedagogy will be a point of emphasis among our diverse population, and teachers will be regularly coached on the types of engaging materials that suits their specific classroom.

Teachers will receive regular training on how to best utilize the NWEA MAP system. Identifying skill gaps, differentiating instruction, and progressing students along the RIT Scale of the MAP assessment will be key characteristics of a successful teacher.

As has been discussed extensively throughout the application, Success Academy Charter Schools active-based learning focus and Teach Like a Champion techniques have produced excellent results among socioeconomically disadvantaged students, of which our population is predominantly comprised.

While many schools utilize various elements of a STEAM program, our school presents STEAM in a collaborative and cross-curricular setting where students regularly experience the value of STEAM fields in a hands-on environment, solving real-world problems. Power Elite Male Academy will encourage and fashion more relevant and interesting avenues for students to enjoy and pursue STEAM studies. This is particularly important among such a diverse population, that historically been underrepresented across STEAM fields.

K-2 Teachers:

At the primary (K-2) level, teachers build the students foundation for the future. Primary teachers are expected to master learning strategies that help students learn how to get along with each other and cooperate on past performance. Primary teachers are also expected to master instructional strategies to help students build a strong foundation in reading and math including phonemic awareness, vocabulary building, reading fluency, and techniques to enhance cognitive processing speed.

In math, primary teachers are expected to utilize mass instructional strategies designed to help students develop a number sense, concept of linear time, basic addition, subtraction, multiplication, and division. Primary teachers also introduce students to the world. Primary teachers will master instructional strategies in teaching tolerance, diversity, cooperation, and introduce the global community. Teachers are expected to

promote diversity and master culturally responsive teaching techniques.

3-5 Teachers:

Our intermediate grade (3-5) level teachers are expected to master small group instructional strategies, cooperative learning strategies, and use of technology in instruction. Intermediate teachers are required to master data-driven instructional strategies and promote student independence. Intermediate teachers are expected to master instructional strategies that promote student community skills, including public speaking, conference speaking, and the art of persuasion.

6-8 Teachers:

Middle school teachers are expected to master instructional strategies designed to help students develop and improve executive function skills. Middle school teachers are expected to cultivate students independence. Each grade level teacher is expected to master the instructional strategies that may be distinctive to their grade level. All teachers must master culturally responsive teaching strategies.

5. *Explain how the proposed instructional plan and graduation requirements will ensure student readiness to transition from grade to grade and to the next grade span upon program completion.*

Power Elite Male Academys instructional plan is built upon the North Carolina Standard Course of Study that defines what students should know at each grade level. The Core Knowledge Sequence curriculum ensures students are progressing along a planned course schedule that builds upon itself. Power Elite Male Academy will participate in Read-to-Achieve and the North Carolina Accountability Model, including taking BOG and EOG tests. The NWEA MAP assessment provides teachers and the instructional leadership team a progress profile of individual students as they transition and matriculate through the school. The MAP assessment can predict, with ~85% accuracy, whether a student is projected to pass the North Carolina EOG. This tools projection and assistance in identifying skill gaps will empower our teachers to make data-driven decisions to more effectively and effectively grow each student.

Students in grades K-2 must achieve grade proficiency on the Dibels assessment to transition to the next grade. For grades 3-8, students must achieve grade proficiency on the state EOG assessment, a score of 3, in the subjects of math, reading, and science. If a student does not achieve the stated grade proficiency scores, the teacher, parent/guardian, and Lead Administrator will review formative assessments, MAP Growth, behavior history, and various other factors to determine if grade progression is appropriate. The same method will be utilized to determine graduation from the school.

6. *If you are proposing a high school, describe how the proposed charter school will meet the Future-Ready Core requirements. Provide details on how the students will earn credit hours and how grade-point averages will be calculated?*
7. *Provide a school academic calendar in Appendix C (minimum of 185 instructional days or 1,025 hours).*

8. *Describe in a brief narrative below on how the calendar coincides with the tenets of the proposed mission and education plan.*

The school calendar is closely aligned with the LEAs school calendar. The Power Elite Male Academy calendar establishes three marking periods to administer the NWEA MAP assessment to deliver measured pacing to instruction. The calendar is also important to alert parents of when their child's MAP assessment data will be available, and times to discuss that data.

The calendar provides teachers a framework for delivery of instruction and student assignments.

Special Programs and "At-Risk" Students

1. *Describe the methods and clear systems of prevention and intervention teachers will utilize to provide assistance to students that are not performing at expected levels: ensuring continued progress and academic student growth.*

Power Elite Male Academy will use an independently constructed support system to facilitate prevention and intervention by teachers in a defined and measured system. Students will be placed into these tiers through teacher discretion and validated through MAP assessments and regular formative assessments.

Power Elite Male Academy will operate an independent support system with four levels. All students enrolled in the school begin at Level I of the support system. Students that maintain adequate academic progress and grade level success remain in Level I. Students that demonstrate they are having difficulty maintaining adequate progress are elevated to Level II of the support system.

Level II students have trouble keeping up with assignments, not turning assignments in on time, or submitting assignments that demonstrate a lack of understanding of the intended skill being taught. Students will also be identified as Level II if they have not met academic growth as measured by the NWEA MAPS assessment across two grading periods. These identified students will be provided additional support such as small group instructional support, tutoring, parent conferences, special training, or other special assignments designed to remediate students lack of progress. Level II interventions may be maintained or rescinded based upon whether the student needs continuous support to maintain adequate progress. Adequate progress is defined as an academic trajectory set to achieve a "B" grade or better on the marking period report card. Students that are not able to make adequate progress with Level II intervention will be placed in Level III.

Level III students are provided one-to-one support including tutoring and individual project assignments. Level III students receive enhanced academic coaching and may be referred for evaluation by the school's exceptional children's program to determine if the student is eligible to receive exceptional children's protections and services.

Level IV interventions may include seeking out of school supports for the student such as intervention by the Division of Social Services, Division of

Mental Health, Family Counseling, Housing Assistance, and facilitation on meeting other family needs that impact student academic progress. Power Elite Male Academy teachers and staff will receive regular professional development on implementation of the support system process. [As a special note: Students may be referred for evaluation by the schools exceptional childrens program regardless of the support system process as a matter of law.] The schools primary instructional leader is responsible for coordination of the support system. The board of directors will adopt a written policy and procedure for operation of the support system that includes record-keeping requirements, evaluation, and compliance review.

2. *Explain how the instructional plan and curriculum will meet the needs of English Language Learner (ELL) students, including the following:*

- a) *Methods for identifying ELL students.*
- b) *Specific instructional programs, practices, and strategies the school will employ to ensure academic success and equitable access to the core academic program for ELL students.*
- c) *Plans for monitoring and evaluating the progress and success of ELL students, including exiting students from ELL services.*

Addressing ELL students is important a significant issue in Charlotte. Our management company has achieved excellent results with this demographic, far surpassing the district and state averages.

Method for identifying ELL students:

The school will conduct a full program for English Language Learners. Power Elite Male Academy will identify ELL students as mandated by the state. All students that enroll in the school will complete a Home Language Survey. All students identified through the Home Language Survey with a home language other than English will be administered the W-APT or the WIDA to determine if ELL services are needed and at what level. The school will have a licensed ELL instructor and specific support staff to provide students ELL services.

Service categories will include extensive services, supportive services, and transitional services.

"Extensive Services" may include some or all of the following:

- Collaboratively modified content by the classroom teacher and English language assistance.
- English language instruction taught by the ELL teachers away from the classroom (pull out services).
- A minimum of four 30 minutes sessions per week in groups of no more than 4 appropriately grouped students.

"Support services" involve two or three 20-30-minute sessions per week in groups of no more than six students.

"Transitional Services" include various other cooperative activities established between the regular classroom teacher and the ELL teacher.

More detailed information of these services are identified in Appendix **.

C. The school administration will ensure proper record-keeping in compliance with federal Title III. The school may apply for Title III support and other

ELL state support. The school will develop a comprehensive policy, procedure, and program for services to ELL students. ELL students will be assessed annually, at minimum, to determine if they no longer need ELL services.

The School administrator will be responsible for oversight of the ELL program including:

Identification of students

Determination of levels of services needed Implementation of the service program

Review of students deemed no longer requiring ELL services Proper record-keeping

The ELL teacher will coordinate with the schools testing coordinator to assure that ELL students receive any required test accommodations. All ELL teachers will be Spanish speakers to ensure effective communication and student comfortability.

3. *Explain how the school will identify and meet the needs of intellectually gifted students, including the following:*
 - a) *Specific instructional programs, practices, strategies, and opportunities the school will employ or provide to enhance their abilities.*
 - b) *Plans for monitoring and evaluating the progress and success of intellectually gifted students.*

Power Elite Male Academy will identify students scoring in the top 10 percentile on the MAP assessments or BOG/EOG tests in reading, math, and science. The school will retain the flexibility to push students up to higher grade levels and make accommodations to gifted students through differentiated instruction and using computers and online material.

This online material will be comprised of free courses from Coursera and Khan Academy. Coursera is partnered with a multitude of universities, museums, and trusts to provide a diverse learning library ranging across all subjects. Khan Academy offers a well-organized structure of material that has gained national recognition for its numerous courses. Gifted students who excel in any specific area will be given computers during pull-out/intervention sessions or during class while others work on different material. Excelling students may also participate in pull-out sessions with struggling students in a teacher/leadership role.

Monitoring progress in these online programs is easy. Coursera functions as an interactive textbook that also offers quizzes along the way and sends a certificate upon course completion. Our teachers will set expectations and hold students to completing certain sections based on time availability. Khan Academy also has a teacher login where teachers can easily track student progress and cater content to each students capability.

In addition to online monitoring, teachers will be expected to assign relevant projects in accordance to our active-based learning approach. The individual study our scholars do in their spare time will be applied to more advanced projects during our regular academic intervention blocks. In a preferred scenario, academically gifted scholars will work together on a cross-curricular project where their areas of expertise can be exercised

collaboratively.

The MAP assessment will offer teachers and instructional leadership an overarching tool in measuring the progress of gifted students in a robust system. We embrace the philosophy that students should be able to advance as far as their aptitude and skills will carry them and have built into the instructional program a method to foster that growth. Gifted students may also be identified in our independent support system and receive special support to meet their academic needs.

Students in 7th and 8th grade will also take national gifted assessments such as those for the Duke TIP and Johns Hopkins CTY programs.

Exceptional Children

*The public charter school cannot deny admission to any child eligible for special education services as identified under the federal legislation Individuals with Disabilities Education Improvement Act (IDEA), IDEA regulations, and Article 9 115C of the North Carolina General Statutes, North Carolina Policies Governing Services for Children with Disabilities. **All public schools are responsible for hiring licensed and 'highly qualified' special educators pursuant to law.** Public schools are required to provide a full continuum of services to meet the unique needs of ALL students with disabilities.*

Identification and Records

1. *Explain how you will identify students who are enrolled within the charter school that have previously been found to be eligible for special education services or are protected under Section 504 of the Rehabilitation Act.*
2. *Provide the process for identifying students who may be eligible for special education services as identified in the federal 'Child Find' mandate. Be sure to include how student evaluations and assessments will be completed.*
3. *Provide a plan detailing how the records of students with disabilities and 504 Accommodation plans will be properly managed.*
 - a) *Requesting Records from previous schools*
 - b) *Record Confidentiality (on site)*
 - c) *Record Compliance (on site)*

Power Elite Male Academy will provide a full continuum of services for our exceptional children under the Individuals with Disabilities Education Improvement Act (IDEA). After students are accepted for enrollment at the school, the school will request information regarding a students exceptional childrens status from the childs guardian or parent.

In addition, the school will make a records request to the school previously attended by the student (if any) which will include a specific request for any exceptional children or 504 records. The school will generate a report from the student information management systems (formerly Power Schools and CECAS) in current use to determine if any of our students have an existing IEP or are protected under Section 504. The school will also conduct a "Child Find" program and inform all parents of the availability of the exceptional childrens program. We will make the most recent version of "Parent Rights & Responsibilities in Special Education" available to parents via our website and upon request.

Students may be referred into the schools exceptional childrens program by

parents, teachers, and other school staff. Once a referral is made, the Exceptional Childrens Teacher will begin and complete the evaluation process within 90 days. An IEP team, which includes the childs guardian/guardians, will make a final decision on the eligibility for exceptional children services.

The Exceptional Childrens Teacher will gather information and assessment data from the schools academic assessment program, the schools partnered Psychologist, and an indicated related services provider. The IEP team will include all statutorily required personnel including an exceptional childrens teacher, a regular classroom teacher, a representative of the school administration, the parents, and any other required individual.

Eligibility shall be determined by majority vote of the IEP team after careful consideration of the case. The school will maintain a locked/secure records room. Exceptional children records shall be maintained in a locked file cabinet with restricted access. Teachers and administration may review exceptional children files after signing and indicating the date and time they viewed the file and identifying the purpose for which the file was viewed. The school will develop a comprehensive policy and procedure regarding maintenance of exceptional childrens records that will be adopted by the board of directors. The policy will include handling records requests and record confidentiality. All staff shall receive training regarding confidentiality of exceptional childrens records and other requirements under the Federal Educational Right to Privacy Act. The school will comply with all local, state, and federal requirement, including confidentially and records requirements for the school exceptional children.

Exceptional Children's Education Programming

1. *Describe the educational programs, strategies, and additional supports the school will provide to ensure a full continuum of services for students with disabilities.*
2. *Describe the methods and support systems that will be in place to ensure students with disabilities receive a Free and Appropriate Public Education (FAPE).*
3. *Describe how implementation of the Individualized Education Plan (IEP) will be monitored and reported to the student, parents and relevant staff.*
4. *Describe the proposed plan for providing related services.*

Power Elite Male Academy will provide a full continuum of services for children with disabilities. The school will strive to educate and serve exceptional children in the least restrictive environment possible. This environment includes the regular classroom and may include pullout services for specialized instruction or inclusion services in the regular classroom. In addition, students may receive related services such as speech or occupational therapy from contracted professionals at the school site. The school may also operate a self-contained classroom for students whoms IEP requires they be educated in a separate setting.

The exceptional childrens teacher will coordinate with the schools designated test coordinator to ensure all exceptional children that require accommodation for standardized testing receive such accommodations during the testing process. This applies to students that are protected under IDEA and Section 504. The Exceptional Childrens Teacher shall develop a comprehensive schedule in coordination with regular classroom teachers to ensure children receive their appropriate services in accordance with their IEP. Exceptional children services schedule is considered a confidential

document and all personnel receiving a copy shall be required to maintain its confidentiality. The schools full exceptional childrens program shall be designed so that all students with disabilities receive a free and appropriate public education (FAPE).

The lead exceptional childrens teacher will:

- Ensure records are kept confidential and maintained in a locked secure environment
 - Coordinate IEP meetings, school psychologist on evaluations, and work with other related service professionals on evaluation
 - Monitor the exceptional children schedule, ensure that students do not fall behind on services, and oversee that all IEPs are being faithfully followed
 - Review each student IEP monthly to assure that each student is receiving the required services, determine whether records are properly maintained, and review student progress
 - Establish a record of regular contact, at least monthly, with parents of exceptional students, to report on progress and establish an open channel of communication
- Discuss student progress in the normal course overview of data and student progress monitoring

The school will contract with a school psychologist, license speech therapist, license occupational therapists, and any other related service professional needed to comply with the existing and future student IEPs. The lead Exceptional Childrens Teacher shall coordinate and facilitate the scheduling of these related services.

Student Performance Standards

1. *Describe the student performance standards for the school as a whole.*
2. *Explain the use of any evaluation tool or assessment that the proposed charter school will use in addition to any state or federally mandated tests. Describe how this data will be used to drive instruction and improve the curriculum over time for the benefit of students.*
3. *Explain the policies and standards for promoting students, including students with special needs, from one grade level to the next. Discuss how and when promotion criteria will be communicated to parents and students.*
4. *Provide the public charter school's exit standards for graduating **ALL** students. These standards should set forth what students in the **last grade served** will know and be able to do. Be sure to include plans for the "At-Risk" population.*

Power Elite Male Academy will utilize state standard tests such as the Beginning of Grade and End of Grade tests and the Dibels assessment for grades K-2. The Board of Directors will adopt student performance standards for the school including a provision establishing a grading system which consists of A=90-100, B=80-89, C=70-79, D=60-69, and F=Below 60. All grading will reflect student mastery of measurable educational objectives. In addition to the prior mentioned grading system, the school will use the Northwest Evaluation Association Measures of Academic Progress (NWEA MAP) assessment for reading (3-8), math (3-8), and science (3-8). Research literature illustrates that MAP aligns to the NC Standard Course of Study in

reading and math within an 8 +/- percent margin. MAP is a reliable, nationally utilized reference assessment system. MAP is also aligned to the NC Essential Standards for science.

The MAP Growth assessment is an adaptive learning assessment that dynamically responds to students answers and provides correspondingly appropriate questions to measure each students level mastery in the subjects of math, reading, and science. The assessment is administered three times throughout the year to create student specific data points to track student academic growth. This data assists teachers in understanding each students needs and ultimately leads to more specific and targeted instructional differentiation. The MAP Growth assessment also creates academic growth targets for students and teachers to strive for between each assessment. The final product is a string of data-points that illustrates to students, teachers, and parents, quantifiable academic growth throughout the year and across years.

MAP Skills will be administered intermittently between scheduled MAP Growth assessments to provide teachers insights on specific student skill gaps. MAP Skills builds upon the MAP Growth assessment and presents teachers an easy to use dashboard that presents teachers the specific areas in which students struggle and excel. This type of information can then assist teachers in grouping at-risk students with similar skill gaps during academic intervention sessions for more efficient and effective learning time.

In addition to the utilization of MAP tools, our teachers will regularly utilize exit tickets to measure instructional efficacy. This ensures that teachers do not move onto next level coursework without verification that their lesson plan was effective.

Exceptional students will have the same grading system as regular education students, except that teachers will implement the students IEP, including any test accommodations or alternative assessments. Communication with parents is essential to the operation of a successful school. At the start of each school year, the school shall publish a parent/student handbook which will provide parents with guidance on student performance standards, promotion and retention policies and procedures, and provide information on student assessments. A pre-assessment will take place during the first two weeks of each school year. Subsequently, benchmark assessments will be conducted at the end of each marking period.

Grade progression will occur at the end of the year and when students achieve grade proficiency on the Dibels assessment in grades K-2 and on the EOG in Math, Science, and Reading. If a student does not obtain grade proficiency for their respective grade, the teacher, parent, and Lead Administrator will examine MAP growth, classroom performance and attendance, student behavior, and any other pertinent factors to ensure a successful grade transition. Students graduating from 8th grade will follow similar protocol.

Student Conduct:

*Provide a brief narrative that disseminates how student conduct will be governed at the proposed charter school and how this plan **aligns** with the overall mission and proposed Education Plan of the*

charter school.

Be sure to include:

1. *Practices the school will use to promote effective discipline.*
2. *A preliminary list and definitions of the offenses which may result in suspension or expulsion of students.*
3. *An explanation of how the school will take into account the rights of students with disabilities in regards to these actions that may or must lead to suspension and expulsion.*
4. *Policies and procedures disseminating due process rights, including grievance procedures, for when a student is suspended or expelled.*

Power Elite Male Academys Board of Directors will adopt a Student Code of Conduct. The Student Code of Conduct will be published in the Parent/Student Handbook that will be distributed to all student and parents at the beginning of each school year. The Parent/Student Handbook will also be published on the school website for accessibility and transparency.

The school staff and teachers will receive professional development prior to the start of each school year that focuses on developing school culture and etiquette. During the first week of school, students will focus on learning school etiquette and expectations will be established. The etiquette program will establish behavioral expectations for the classroom, hallway, cafeteria, and general interactions. Students and parents will receive the Student-Teacher Handbook which will outline the expectations between the parties.

The student discipline program shall be driven by the creation of positive expectations, modeling of positive behavior, and teaching school etiquette and conflict resolution as part of the school guidance curriculum. The Student Code of Conduct will contain a list of infractions outlined in three separate levels including consequences.

Level 1 offenses are minor offenses and may including disrespect, failure to obey a directive from staff, failing to be prepared for class, etc. Level 1 offenses may result in a verbal reprimand or counseling.

Level 2 offenses may include having an accumulation of three Level 1 offenses, using foul language, minor damage to property, fighting, theft, etc. Level 2 offenses may result in in/out of school suspension for up to 10 days.

Level 3 offenses may include three Level 2 offenses or any single reportable criminal offense under N.C. General Statutes 115C-288. These offenses include "assault resulting in serious personal injury; assault involving a weapon; assault on school officials, employees, and volunteers; making bomb threats or engaging in bomb hoaxes; willfully burning a school building; homicide; kidnapping; possession of a firearm; possession of a weapon, sexual assault." These offenses will have their ordinary definition as defined by law. Level 3 offenses may result in long-terms suspension (greater than 10 days) up to the remainder of the school year or expulsion from the school.

Students with disabilities will be subject to the same Student Code of Conduct as all other students, except that students with disabilities that

receive a cumulative number of suspension days exceeding 10 during any school year shall be entitled to receive exception children's services at the school or in another setting on day 11 of any cumulative suspension and thereafter during any given school year. The school will publish a parent/student grievance policy and procedure which includes the appeals process for any long-term suspension or expulsion. The grievance or due process policy will be published in the Parent/Student Handbook disseminated at the beginning of the school year.

I certify that this subsection has not been copied, pasted, or otherwise plagiarized from any other charter application.

IV. GOVERNANCE and CAPACITY

(No more than ten total pages in this section)

NOTE: Please answer all sections completely. Do not use "same as LEA" or "whatever the law states". Lack of proper documentation could deem the application incomplete.

Governance:

School Governing Body:

*The nonprofit corporation must be officially authorized by the NC Secretary of State upon application submission.

Please provide the following in this location of the APPLICATION:

1. *A description of the governance structure of the proposed charter school, including the governing board's functions, primary duties, roles and responsibilities as it relates to overseeing the charter school. Include how the board will recruit, hire, and supervise the lead administrator.*

The governance structure consists of a five-member board of directors, each with equal voting power. If the board grows to an even number, the board chair will have the power to break a tie vote. The primary board function is to establish operating policies and procedures for the nonprofit corporation, approve the hiring of the lead administrator and teachers, and to provide oversight of the schools operations, budget, and curriculum. The board has already engaged in partnership talks with local businesses and corporations, and will continue to do so after approval. The board is required to observe North Carolina open meetings laws. The board hears grievances and direct appeals from students, parents, and employees in accordance with its policies and procedures. The board carries the ultimate responsibility of the successful operation of the charter school.

The hired management company, Torchlight Schools, will appoint, with the approval of the board, a Lead Administrator to oversee the day-to-day operations of the charter school. The board has supervisory authority over the Lead Administrator in accordance with the terms of the management contract. A nationwide search will be conducted for the Lead Administrator and teachers. This will include using job sites such as Indeed, Monster, and TeacherMatch. In addition to qualifications, we will ensure our staff aligns with our mission, vision, and educational philosophy.

The Lead Administrator, on behalf of the management company, reports to the board of directors monthly regarding academics, governance, and financials. This report is detailed earlier in the application. The board holds monthly meetings, maintains meeting minutes, and is required to comply with all applicable laws, rules, and regulations related to operating a charter school.

The board recognizes that our duty is to ensure the academic, operational, and financial success of this charter school. The board will do so using internal and external assessments and will adapt our approach based on our continuous review.

2. *Describe the size, current and desired composition, powers, and duties of the governing board. Identify key skills, areas of expertise, and constituencies that will be represented on the governing board. Explain how this governance structure and composition will help ensure that a) the school will be an educational and operational success; b) the board will evaluate the success of the school and school leader; and c) there will be active and effective representation of key stakeholders, including parents.*

Five member board. See: By-Laws

3. *Explain the procedure by which the founding board members have been recruited and selected. If a position is vacant, how and on what timeline will new members be recruited and added to the board?*

The founding board members were recruited by several methods:

- Outreach by one pivotal board member, William Walton, who sought to find members with various skill sets including Education, Technology, experience in working with K-12 and Higher Education institutions, local community involvement/expertise, and curricular knowledge.
- A specific intent to select a diverse board that would be representative and sensitive to the needs of the local community.
- A range of experiences that would be beneficial in overseeing a charter school.
- Identifying those who have a genuine passion in creating a charter school in this community as a way of giving back to the community.

Process for recruiting new board members:

The Board will continuously seek prospective board members by various methods, including:

- Discussion during open public board meetings
- Active discussion of board duties and obligations with any interested party.
- The Board is committed to continually seek out qualified candidates who will add to the experience, passion, and diversity of the board.
- Mention at appropriate school events, orientations, and community events.
- As detailed in Article III - Board of Directors, Section 2 of the By-Laws of Power Elite Male Academy: A person needs to be at least eighteen (18) years old to be qualified as a Director. Any qualified person seeking to become a Director of the Power Elite Male Academy Board will apply including a resume and explanation of why he/she is seeking membership to the Board and undergo a criminal background check. When a vacancy or vacancies occur, either by death, resignations, and removal from office, end of term, tenure limit, and/or for any other reason, the remaining Power Elite Male Academy Board Members will review the applications submitted and elect the applicant(s) seeking to become a member of the Power Elite Male Academy Board of Directors. The sitting Board Members may conduct interviews with the perspective Board Candidates.
- Vacancies: As detailed in Article III - Board of Directors, Section 6 of the By-Laws of Power Elite Male Academy, "If a vacancy should occur in the Board of Directors by death, resignation, disqualification, or otherwise, the remaining Directors may continue to conduct the Corporation's business. The vacancy will be filled immediately." A Director who is chosen in this manner shall hold office for the unexpired portion of the term of the person

whom the newly elected Director succeeds. After this period, they can seek to remain on the Board via the requirements outline for new board members in the By-Laws and mentioned previously.

4. Outline below the strategic board calendar detailing how often the board will meet according to the bylaws established.

The board of directors shall meet once each month on a day to be selected by the board. All board meetings are open to the public, except authorized closed sessions. The required number of meetings is set forth in the board by-laws. The board shall conduct a full, properly noticed meeting, with quorum present.

5. What kinds of orientation or training will new board members receive, and what kinds of ongoing professional development will existing board members receive? The plan for training and development should include a timetable, specific topics to be addressed, and requirements for participation.

The board of directors recognizes the need to maintain a high-quality board with members that have the necessary skills to carry out the board's functions. The board has identified attractive skill-sets to seek out such as legal, accounting, finance, nonprofit governance, teaching, educational administration, marketing and community relations, business, and construction and building maintenance. Board members also need to understand Robert's Rules of Order and how to participate as board members in a public charter school that is subject to North Carolina Open Meetings Laws and the North Carolina Public Records Act.

Board Member Orientation

The board will regularly recruit potential new board members and replacement board members to assure the board maintains the threshold number of board members identified in the By-Laws. The board will also prepare individuals for participation on any formed Advisory Boards or committees. All potential board members will be required to participate in a new board member orientation prior to being formally nominated and considered to serve on the board of directors. The new board member orientation consists of a two, two (2) hour training sessions. The first session will include Robert's Rules of Order (modified), Board By-Laws, review of North Carolina Open Meetings Laws, and review of the North Carolina Public Records Act. The second session will review the North Carolina Charter School Act, Charter School Policies and Procedures of the North Carolina State Board of Education, the N.C. Accountability Program, Non-Profit Board of Director Ethics (including the Boards Conflicts of Interest Policy and Procedure), and Board Policy and Procedure. Once the four hours of training have been completed and the background check is completed, the potential board member will be eligible for nomination, interview, and vote to be accepted as a regular board members or advisory board (or committee) member. Completion of the four hours of training is required and must be completed prior to participation on any of the boards as a member.

Board Member Professional Development Program

After the "Board Member Orientation," each existing board member is required to participate in a minimum of ten (10) hours of professional development annually. Board members will make regular reports of their participation in professional development to the full board including an explanation and

overview of the professional development experience. The board will conduct an annual retreat for professional development which includes a review of board North Carolina Open Meetings Laws and North Carolina Public Records Act compliance, Federal Education Right to Privacy Act requirements, Financial Compliance, and review of the Governance Compliance requirements.

The annual retreat, at minimum, will include federal program compliance for Title I, Title II, Title III, Title IV, and IDEA. All board members are required to participate in the annual retreat training. The board will send board representatives to the National Charter School Conference and State Charter School Conferences to participate in external board training and obtain new information which will support the objectives of a high-quality charter school. The board will set professional development goals and participate in an annual self-evaluation. Board Members and Officers will be required to participate in specialized training related to correct board meeting minutes, review and use of data, formal board reports, policy development, and internal compliance programs.

- 6. Describe the board's ethical standards and procedures for identifying and addressing conflicts of interest. Identify any existing relationships that could pose actual or perceived conflicts if the application is approved; discuss specific steps that the board will take to avoid any actual conflicts and to mitigate perceived conflicts.*

The board adopted a code of ethics and conflict of interest policy on August 23, 2018. Any potential conflicts are required to be disclosed to the board of directors. Board members may not vote on any matter in which they have a stated conflict of interest. Currently, we are unaware of any conflicts of interest or existing relationships. If the board becomes aware of any such conflicts of interests, immediate action will be taken to resolve the conflict in accordance with the adopted conflict of interest policy.

Each board member shall make an annual formal conflict of interest declaration including the disclosure of any known or potential conflicts of interest. Such statements shall be maintained as part of the records of the Board of Directors and made available to the schools auditors.

- 7. Explain the decision-making processes the board will use to develop school policies.*

Board decisions will be made through discussion to arrive at a mutually agreed upon decision. If not possible, a vote will be taken with majority ruling. When items are not time sensitive, time will be taken to compile research and discuss options at the next Board meeting.

- 8. Describe any advisory bodies, councils, or associations listed in the organization chart or to be formed, including the roles and duties of that body, and the reporting structure as it relates to the school's governing body and leadership.*

The board shall be empowered to create advisory bodies. The board shall appoint a Parent Advisory Council whose primary function is to organize parent volunteers for the school. The Parent Advisory Council shall make recommendations to the schools Lead Administrator and shall meet with the Lead Administrator each month. The Parent Advisory Council will also have times throughout the year to present to the Board of Directors. The by-laws of the Parent Advisory Council shall be approved by the board of directors of the charter school. Members of the Parent Advisory Council shall be appointed by the board on recommendation of the School Administrator.

The board maintains the authority to create standing and select committees, and will do so when appropriate.

9. Discuss the school's grievance process for parents and staff members.

Parents will be given the Student Handbook at the beginning of each year that spells out the information on due process rights and the process for filing a grievance. In addition, if a student is suspended or at risk for expulsion, the parents will be informed in writing of their due process rights. Parents of students that are suspended (in school or out of school) will be contacted by an Administrator. In most cases, conferences with parents will occur at the school, or home site if preferred by the parent. Parents can provide a written request to the Lead Administrator to appeal any suspension or expulsion. If the parent is still unsatisfied after meeting with the Lead Administrator, they may provide a written request for a grievance hearing to the Board as per the guidelines outlined in the student handbook.

Any employee who feels that they have been treated unjustly or unfairly, for any reason, has recourse to have their issue heard, per these procedures: Discuss the problem with the person or persons involved as soon as possible after the event has taken place.

If an agreement as to how the problem will be handled is not arrived at, the employee should file his/her grievance, in writing, with the Lead Administrator.

A conference will be held with the Lead Administrator, the aggrieved, and other involved parties. If a resolution is not reached, the aggrieved party has the option to continue with the grievance process. Such intent must be submitted in writing to the Lead Administrator within 10 days following the aforementioned grievance conference.

This request will be provided to the Board to seek a final resolution. After hearing the grievance, and with advice from legal counsel, the decision of the Board Grievance Committee is final.

*Note: In the event the issue is with the Lead Administrator, the aggrieved party may submit a written grievance to the board at the boards monthly meeting.

Governance and Organizational Structure of School Governing Body (continued)

Include in the Appendices:

- 1. A well-defined organizational chart showing the relationship of the Board of Directors to the parents and staff of the proposed charter school. This chart should also include lines of authority to and from any outside entity that will play a role in managing or supporting the charter school (such as educational service providers, advisory bodies or parent/teacher councils). (Appendix E)*
- 2. A one-page resume from each founding board member and responses to the questions found on the Charter School Board Member Form (Appendix F).*
- 3. The proposed by-laws, which must include a Conflict of Interest Policy for board members and a stated commitment to the NC Open Meetings Law (Appendix G).*

Proposed Management Organization (Educational Management Organization or Charter Management Organization)

If the proposed school does not intend to contract with an education service provider, mark "Not Applicable" and follow the direction #3 in the Application Specifications.

Not Applicable

If the Charter School plans to contract for services with an educational management organization (EMO) or charter management organization (CMO), please specify the contact information below.

Name of the Company: Torchlight Academy Schools, LLC
Address: P.O. Box 19191
Raleigh NC 27619
Website: ww.tlaedu.org
Phone Number: 919-538-8060
Contact Person: Donnie McQueen
Fax: 9198509961
Email: torchlight.director@gmail.com

- 1. Explain how the contract with the specified EMO or CMO will be in the best educational and financial interest of the charter school. Please include an executed copy of the management agreement as Appendix I of the specified EMO or CMO.*

TLS will provide a turnkey operation which will include, but is not to be limited, to the following:

- Recruitment of teachers, students, and staff
- Engage all new staff members in effective induction procedures and facilitate continued professional development through ongoing training.
- Advise in the facilitys design and furnishings of equipment for all students and those with special needs such as audiology devices, and tools required for vision/hearing screenings.
- Provide the experience for the planning, development, and oversight for EC student and programs.
- Conduct ongoing assessments, data collection, and analysis to refine and improve services to all students with the required emphasis for EC students.
- Review federal and state legislation related to special education.
- Apply for federal funds for our EC population in accordance with board mandates and applicable Federal and state laws.
- Provide accurate and timely data to the Department of Public Instruction EC division including but not limited to; CECAS management, annually maintained of effort (MOE) reporting, security all EC files in accordance with federal and state law.
- Provide financial investment to ensure a timely opening.

The school board understands and recognizes that it will review and approve all management company activity and hires. Torchlight Schools has articulated that they view this school as an investment for Charlotte students and will cover all over-expenditures during its first year to ensure our schools full program is in effect.

- 2. What other EMO/CMOs were pursued and why did the applicant select this particular one? Please include information regarding other management organizations' fees and financial/academic records that led to the selection of the proposed EMO/CMO as the best fit for*

this proposed school.

Several charter schools in the Charlotte area have faced serious & public challenges demonstrating the complexity of establishing and developing of a successful charter. Board members from this area are aware of these challenges. Our research found most, if not all, of the charter school start-ups that faced financial, recruitment, and compliance challenges were not associated with an EMO. It was during this time that a decision was made that we would seek professional guidance.

TLS was brought to our attention during their attempt to assume a Charlotte charter school prior to that school closing. After several conversations with members of the TLS team, we decided that they would be the best fit for our vision. Other EMO firms were examined to get a comparison of what and how these firms manage their schools, the fees charged, academic results, and the types of students they served. The list included Accelerated Learning Solutions (ALS), operating Commonwealth Charter in Mecklenburg, National Heritage Academies (NHA) operating several schools throughout North Carolina, and Queens Grant Charter in Mecklenburg. It was quickly determined that TLS would be the best fit.

TLS schools have been met or exceeded growth each of the past three years and have been closing the achievement gap with schools serving over 95% economically disadvantaged.

ALS and NHA's fee structure is like TLS. ALS originates out of Orlando, FL and has operated in NC for less than 3 years. It's Stewart Creek school opening was delayed, and the student enrollment did not meet its projections for the first year of operation according to the Charlotte N&O. NHA started in Michigan & has operated NC with mixed results. All the schools built by TLS are supported by families and leaders from 3 major cities in NC.

- 3. Provide and discuss student performance, governance performance and financial data from other schools managed by the management company to demonstrate how this organization is a good fit for the targeted student population. Nationally, what are the highest and lowest performing schools of the EMO/CMO? Why are these two schools so different in overall achievement?*

The schools managed by TLS have a long history of success with building, managing, and maintaining charter schools in North Carolina. The four schools they manage have a combined history of more than 50 years. TLS has demonstrated a consistent track record of student achievement, facilities management, financial stability, and compliance with all state federal, state and local ordinances. Their track record was easily accessible through the department of public instruction website, some of which has already been mentioned early in this application. Their entire academic, governance, and financial profiles can be found in Appendix A1.

All three of their schools produce academic grade proficiency averages surpassing district and state averages in the academic sub-groups of Black, Hispanic, economically disadvantaged, and ELL. The target population is predominantly composed of these subgroups. The achievement level between all three of the existing schools are comparable and provided

in Appendix A1.

Torchlight Academy

Don McQueen, a managing partner of TLS, took over a failing charter school in 2002 with less than 14 students. Mr. McQueen rebranded the school, grew its student population, and it is now in its 16th year of operation. Torchlight Academy serves over a 90% at-risk population, a large Spanish-speaking student body, and transports nearly 80% of its approximately 500 students. Torchlight has demonstrated a resiliency and ability to respond to adversity and achieved the highest growth score among of all charter schools in the state of North Carolina in 2016.

Torchlight Schools most recently launched a school in East Spencer, successfully completing the accelerated RTO process and learning the types of resources necessary to be successful.

Both schools are comparable in their achievement, and the consistency is something we expect to see at Power Elite Male Academy. Each of their schools has met or exceeded academic growth over the least two years, and five times over the last six combined markings.

4. *Describe how the governance structure will be affected, if at all, by the EMO/CMO, and particularly discuss how the board of directors of the charter school will govern the school independently of the EMO/CMO.*

We are very clear and have a complete understanding that the nonprofit board of directors holds the charter and are ultimately responsible for the achievement of all goals, objectives, and academic outcomes. This board will hold Torchlight Schools (TLS) accountable for helping us achieve these objectives. The fully executed service agreement attached to this application explicitly details the relationship between the Board of Directors and the management company. In that agreement, it is understood that TLS is a vendor supplying services and fulfilling the desires of the board. The board maintains full autonomy and control over all aspects of the school, and charges TLS with the execution and accomplishment of our goals and objectives.

5. *Provide a description of the relationship that will exist between the charter school employees and the Management Organization.*

Our board has obtained independent legal counsel experienced in such matters to maintain a continuum of continuity for this relationship. The Power Elite Male Academy Board will obtain an independent auditor to

evaluate financial outcomes and to modify policies and procedures when necessary. In addition, the board will seek independent third-party expert evaluation of our educational program if and when the need arises.

The board intends to conduct an annual review of outcomes that will include, but is not be limited to, academic performance, financial stability, and compliance.

5. Provide a description of the relationship that will exist between the charter school employees and the Management Organization.

TLS will hire, with Board approval, all non-teaching staff, vet all applicants for all positions, and be responsible for on-time payment of

salaries and wages to all staff.

6. Explain how the contract includes measurable objectives whereby the charter school board can evaluate annually the performance of the EMO/CMO, and if necessary, terminate the contract without significant obstacles.

The management company has adopted the charter school goals as its own. The contract between the EMO may be terminated without cause, and t

9. *Provide as Appendix K the financial history and statements of the EMO/CMO over the last three years. Specifically, if contracting with an EMO, provide confirmation that the EMO is in good financial standing with either financial statements, bank letter, D & B reporting, or credit rating.*

Private School Conversions: *complete ONLY if the proposed charter is a private school conversion.*

Otherwise, mark "Not Applicable" and follow the direction #3 in the Application Specifications.

X Not Applicable

Charter School Replication: *complete ONLY if the proposed charter is a replication of an existing charter school. Otherwise, mark "Not Applicable" and follow the direction #3 in the Application Specifications.*

Understand that the replication means that a new charter school will be governed separately from the charter school the application is modeled after.

Projected Staff:

Below, please outline a list of positions anticipated for the charter school (e.g., principal/director, finance officer, administrative support staff, teachers (part-time and full-time), paraprofessionals/teaching assistants, clerical, and maintenance). Be mindful that your predicted administration and staff match the projected enrollment noted in Section I, course offerings and align with the proposed budget.

Power Elite Male Academy will recruit and hire for the following positions for the first year of operations:

Lead Administrator (1) [aka: School Administrator, Principal]-This position will serve as the chief administrator of the school and will report to the board of directors. This employee is responsible for the day-to-day operations of the charter school.

Assistant Administrator (1)-This position will serve at the pleasure of the Lead Administrator and shall be responsible for duties assigned by the Lead Administrator including oversight of federal program, technology management, facilities management, etc.

Core Content Teachers (6)- These positions are the regular classroom teachers.

ELL Teacher (1)- Includes one ELL teacher.

Exceptional Children Teachers (1)- Run and manage EC program.

Specialists (2)-These positions are designed to support core content teachers and provide instruction in Art and Spanish.

The school will contract bus drivers, custodians, lunch services, and various other support staff as denoted in the budget.

Staffing Plans, Hiring, and Management

Include the following information for the proposed charter school:

1. *Explain the board's strategy for recruiting and retaining high-performing teachers.*

Recruitment

The board and management company will seek out teachers that have the aptitude to creatively differentiate instruction in an active-based learning environment. Education isn't a formula, and a teacher that can adapt is critical. The school will provide professional development and instructional infrastructure to help teachers realize their full potential as professional educators. We will offer teachers the opportunity to innovate and exercise their craft without traditional restrictions that can impede teacher and student success.

The Board will: 1) Create detailed job descriptions for each position. 2) Post job openings on the school website, social media, recruitment sites, local newspapers and other resources and collaborative community programs, to include local colleges and universities. 3) Participate in job fairs 4) Have school Board members and leaders share recruitment activities at

national conferences and other networking opportunities. 5) Examine recommendations from Management company for review.

Retention

Our school will use research-based best practices in the retention of high-performing teachers. These include but are not limited to: 1) Creating a culture of high expectations for teachers and students 2) Evaluating teachers based on performance and offering annual salary increases based on their evaluation 3) Providing teachers data-driven feedback through class MAP growth 4) Providing rewarding professional development opportunities for all teachers 5) Engaging teachers in decision making for school 6) An intentional focus on teacher retention by including it in school goals.

2. *Provide a description of the relationship that will exist between the charter school employees and the school's board of directors.*

The Board:

- Oversees legal compliance with NCDPI and NC laws and statutes
- Drafts policies (with review by legal counsel)
- Makes recommendations to the Lead Administrator regarding grievances which have been brought to the Board per the grievance procedures
- Makes recommendations for hiring and firing per review of Lead Administrator slate
- Holds monthly Board meetings at which any staff member may be heard during the open comment period.

The Lead Administrator will serve as the liaison between the board and staff. The Lead Administrator will be a trusted advocate of the Board and will lead all staff members as their representative. There are typically no direct lines of communication between the staff and board. The exceptions are as follows.

The Staff

- May submit, in writing, suggestions about the policies of the school through the Lead Administrator.
- May address the Board at any open comment period at Board Meetings
- May address the Board in accordance with our grievance policy

Power Elite Male Academy aims to ensure that communication is free flowing, but in a formulated and structured manner. The Lead Administrator serves as the focal point of communication and is expected to keep the board and staffs best interest at the heart of all matters.

4. Outline the board's procedures for hiring and dismissing school personnel, including conducting criminal background checks.

A job description outlining the duties and qualifications will be developed for each position authorized by the charter school board of directors. Positions will be properly advertised, utilizing online tools such as Indeed, Monster, and TeacherMatch. This job description will detail our education philosophy and the interview process will ensure staff member buy-in as a prerequisite for hiring.

The hiring procedures are as follows:

The Board, Lead Administrator, and management company will discuss and agree to the board procedures for both hiring and firing. Submitted resumes are reviewed by the administrative staff, the TLS management company, and the Board. The Lead Administrator will make final hiring recommendations to the Board in accordance with terms of the charter.

Panel interviews will be conducted with attention to specific responses regarding teaching diverse and socioeconomically disadvantaged populations. Candidates will be required to teach a sample lesson or provide video of instruction during the interview process. Complete reference checks will be done for each employee before hiring. The criminal background check policy shall follow the criminal background check policy of the Local Education Agency.

5. Outline the school's proposed salary range and employment benefits for all levels of employment.

Lead Administrator: range 50,000-60,000 (Will increase as school grows)
Administrative Assistant: range- \$30,00-\$40,000
6 Classroom Teachers: range \$35,000-\$40,000 Exceptional Childrens Teacher:
range \$37,000-\$40,000 EC Instructional Assistant: range \$22,000-\$24,000
Special Art: range \$27,000-\$32,000
Special Spanish Teacher: range \$32,000-\$35,000 Specialist: range \$30,000-
\$35,000
Substitute Teachers: \$100/day

6. *Provide the procedures for handling employee grievances and/or termination.*

Any employee who feels that they have been treated unjustly or unfairly for any reason has recourse to have their issue heard, per these procedures: Discuss the problem with the person or persons involved as soon as possible after the event has taken place. If an agreement as to how the problem will be handled is not arrived at, the employee should file his/her grievance, in writing, with the Principal. A conference will be held with the Principal, the aggrieved and other parties.

If a resolution is not reached, the aggrieved party has the option to continue with the grievance process. Such intent must be submitted in writing to Lead Administrator within 10 days following the aforementioned grievance conference. If no resolution can be reached, the employee must submit to the Lead Administrator a written request to the Grievance Committee of the Board in order to seek a final resolution. This request must be submitted within ten days of receipt of the Principals decision. After hearing the grievance, and with advice from legal counsel, the decision of the Board Grievance Committee is final.

7. *Identify any positions that will have dual responsibilities (within or without the organization) and the funding source for each position.*

During our schools ramping up period, some positions will need to serve multiple purposes. Some of those positions are:

- Exceptional Childrens Teacher: Will also serve as the Exceptional Childrens Director during until more staff needs to be added, and as our school serves a smaller sized population. (State/LEA Funding)
- Admin Assistant: Will also serve as testing coordinator. Our administrator will help organize and accommodate all students during testing. (State/LEA Funding)
- Specialists: Serve as specialist teachers, but also as teaching assistants. The amount of time teaching specific subjects during the first year across all classrooms will not require all our Specialists time. During their downtime, specialists will provide breaks to teachers and assist in holding academic intervention sessions on a regular, rotating basis. (State/LEA Funding)

8. *Describe the plans to have qualified staffing adequate for the anticipated special needs population, means for providing qualified staffing for ELL and gifted students.*

Teachers will be hired in the first year who are able and qualified to complete compliance paperwork in conjunction with the management company, per agreement. An EC instructional Assistant will be added in year 3 to assist with instructional duties.

Power Elite Male Academy will develop and maintain relationships with at least one Psychologist, Speech Pathologist and Occupational Therapist within the community. These services will be contracted on an as-needed basis per

IEP. Many of our service providers will be able to bill Medicaid in addition to Medicaid reimbursement, Power Elite Male Academy has allocated funds within the budget to meet these needs.

TLS has a broad reach and presence across the state that can help attract and recruit experienced, successful teachers.

9. *Provide a narrative detailing the roles and responsibilities, qualifications and appropriate licenses that each position must have to be hired by the school's board of directors and effectively perform the job function(s).*

The Lead Administrator will have a teaching and administrative license. Core Content Teachers will have at least a teacher certification. At least fifty percent (50%) of the teaching staff will be certified teachers, as required by state mandate. The EC and physical education Teachers will possess the appropriate teaching licenses. These will be the minimum standards for the positions listed above.

The Lead Administrator

- Hold a Bachelors Degree and 5 years of school administrative experience
- Oversees day-to-day operations
- Supervise all staff
- Serve as board liaison

Administrative Assistant will serve as a general office receptionist, manage the purchase of supplies for the office and classrooms, and assist the management company in the collection of financial, licensure, and other compliance paperwork.

Food Service Staff will oversee the breakfast and lunch order counts as well as delivery of food to classrooms.

Bus Drivers will safely transport our students to and from school.

Classrooms Teachers: Classroom Teachers will plan and execute rigorous and authentic learning experiences for their students, manage classroom behavior, and nurture a positive, safe learning environment, make regular contact with families, analyze data to identify trends and gaps in learning, and adjust their instruction accordingly.

Specialists: Will have experience related directly to the specialty they are hired to teach. Our first year will recruit 2 specialists, for Art and Spanish. They will teach 30-60 minutes per day, per class, and provide teachers breaks and student intervention aid.

EC Teacher/Coordinator will work with the management company to coordinate, oversee and implement special education services for identified students; work with classroom Teachers to ensure students needs are met in the most appropriate environment.; provide pull-out or push-in services as required by a student IEP.

EC Instructional Assistant will help provide EC services to students. under the direction of the EC Teacher/Coordinator.

Substitute Teachers will cover and supervise classes when a classroom

Teacher is absent. They will help supervise students that have been temporarily removed from the classroom.

Staff Evaluation and Professional Development

1. *Identify the positions responsible for maintaining teacher licensure requirements and professional development.*

The schools Lead Administrator bears the primary responsibility for maintaining teacher licensure requirement and professional development information and records. This task may be delegated to the Administrative Assistant.

2. *Provide a detailed plan noting how the school will mentor, retain, and evaluate staff in a format that matches the school's mission and educational program. Plan should also describe how the school will meet the teacher certification and licensure requirements for teachers as prescribed by state law and the Every Child Succeeds Act. Be sure this overview matches with the projected staff and funding of the proposed budget section.*

The Board of Directors has high expectation of staff performance in meeting the schools mission and obtaining its goals set for student performance. The Board is committed to supporting high quality teaching and a school culture which promotes academic rigor and academic success. The school has budgeted about \$10,000 annually for professional development. In addition, the school will seek Title IIA funding for recruiting, preparing, training, and developing its teachers. The Board will conduct an annual evaluation of the Lead Administrator which will include review of student performance, school discipline, parent relations, and compliance with governmental regulations. The Lead Administrator will be responsible for the periodic evaluation of all other staff. The Board will adopt a policy and procedure which provides that all staff participate in all professional development mandated by the school. Each teachers will be required to have a personal professional development plan which set forth specific goals and objectives required to maintain (License Renewal Plan) or obtain a North Carolina Standard II Professional Teachers License. The school will also participate in the Beginning Teacher Licensure Support Program. Teachers in their first three years as a teacher will be subject to a Beginning Teacher Licensure Support Program Policy and Procedure which will include mentoring, regular evaluation, professional training, and restrictions on non-voluntary non-teaching related duty assignments. The schools staff evaluation program will including video review, analysis of data driven instruction, and evaluation of relationships with students, parents, and other staff. The school has committed resources in its budget to assure that the school maintain a percentage of currently licensed teachers above the threshold for charter schools as required by state law. The schools resources commitment is further designed to meet the goal of 100% highly qualified teachers and participation in state mandated testing as required by the No Child Left Behind Act, et seq. Student performance, based upon the schools testing and evaluation program and state accountability requirements, will be major factors in the schools staff evaluation program. The schools goal is to recruit, prepare, train, and retain highly qualified teachers and staff. The schools budget reflect an annual 3% cost of living increase as a financial incentive for staff retention. The school will also seek to maintain a high quality professional environment which attracts high quality teachers and incentivize staff retention. The schools mission and educational program is aggressive and requires a high quality staff. The school will also use a Professional Learning Community (PLC) model of teacher and staff interaction to assure that all staff are working together for the common goal of

producing a high quality educational program which results in high student performance.

- 3. Describe the core components of professional development plan and how these components will support effective implementation of the educational program. Describe the extent to which professional development will be conducted internally or externally and will be individualized or uniform.*

The core elements of the schools professional development plan includes the summer intensive training for 2 weeks prior to the start of school (uniform), monthly internal training opportunities(individualized), and external professional development opportunities at outside conferences, workshops, and seminars. The school will also have online professional development for teachers and staff. The professional development plan is designed to establish the foundation for the schools culture, help teachers meet licensure requirements, and help teachers build a valuable toolkit of instructional skills which benefit their students. The professional development will assure teachers know how to implement data driven instruction, set progress goals, and differentiate instruction to meet the needs of all learners in their classes. Professional development will also help teachers and staff improve the quality of interactions with parents and the community.

- 4. Provide a schedule and explanation of professional development that will take place prior to school opening. Explain what will be covered during this induction period and how teachers will be prepared to deliver any unique or particularly challenging aspects of the curriculum and instructional methods.*

5. *Describe the expected number of days/hours for professional development throughout the school year, and explain how the school's calendar, daily schedule, and staffing structure accommodate this plan.*

There are at total of 21 teacher work days built into the school calendar. Ten teacher work days occur before the start of school for the students. This core professional development and planning consists of a minimum of 50 hours of training related to school culture, school etiquette, testing and data, curriculum pacing, and other instruction related topics. There are 6 work days established during the school year which will include about 24 hours of professional development time. After the last day of school for students there are 5 teacher work day which include 20 hours of professional development. The post school training includes debriefing for the year to review what we learned and how we can improve while it is still fresh. The schools calendar is designed to illustrate 21 teacher 21 days and 94 hours of professional development.

Enrollment and Marketing:

Reaching the full capacity for enrollment will be critical to obtain the necessary financial resources to keep your school viable and operating efficiently. In addition, it is required by law that charter schools provide equal access to all students. Read the charter school state statute regarding admissions G.S. 115C.218.45 carefully.

Marketing Plan

Marketing to potential students and parents is vital to the survival of a charter school. Provide a plan indicating how the school will market to potential students and parents in order to reasonably reflect the racial/ethnic and demographic composition of the district in which the charter school will be located or of the special population the school seeks to serve: (G.S.115C-218.45(e)).

1. Initial Application process (Jan - Feb 2019) - Communications to local media outlets (local newspapers and radio) regarding the start date of a new all male school in the Charlotte. Flyers will be distributed throughout local businesses regarding the process of a child applying to the school and contact person(s). The management company and the board will have a forum for parents and potential students to attend for information and questions regarding the school and the application process.

2. Selection Process (Mar. 2018) - All applications will be reviewed by the management company in accordance to NCGS 115-c.281.45 regulations and then submitted to the board for approval. A board meeting will be scheduled at the end of the month to review the management company recommendations which will open to the public.

3. Preliminary Planning Period (Apr. - May 2018) Our selections have been made then the management company will begin outreach to the parents on requirements and information needed for their child to attend the first day of school. The board will assist the management as needed to in this process.

4. Final Approval, Student Enrollment and Planning Period (June - July 2018) Upon receipt of all information with the recommendation of the management group for student enrollment for 2019-2020 school year, the board will review and accept or deny the recommendation. The board will meet early enough that any corrections and/or additions can be made to ensure we have met our number of students to begin the school year. The board will work closely with management group and school administration like in a consultant capacity with classroom sizes, placing teachers with student pairing and grade levels.

5. First 20 Days of School (Aug. - mid Sept. 2019) - The board will have their first meeting during the school year to take a snapshot of the school from the management groups perspective on how parents and students view the school and ensure correct policy and procedures are being implemented by the management in accordance with board expectations and state statutes. This meeting will be open to the public.

6. First Semester (Dec. 2019) - The board will review the data supplied by the management company on the progress of the school to date. Key indicators that the board will look at i.e., student attendance, adaptability of curriculum, parents assessment of school and student attitude towards

learning. The meeting will be open to the public.

7. Open Enrollment / Enrollment Period for the 2020 - 2021 school year (Jan. - May 2020) - The board will implement the same process as the 2019 - 2020 school year plan by adding an additional grade level. If the school losing returning students, this will give us the opportunity to recruit more students to replace those that did not return. Hopefully our third-grade students will keep matriculating at the school, if not we will include that grade level in the application process as well.

8. Finalizing Plan and Expansion for Year Two (June to July 2020) - The board will review and approve the performance of the management group and our desire to continue to use their services based upon the data received about the students performance, fiscal responsibility and regulatory compliance. The facility we picked is adequate to accommodate the expansion to add 4th grade. We will work with school administration and the management group to add additional staff to accommodate the expansion and approve the process when completed.

Parent and Community Involvement

1. *Describe how you will communicate with and engage parents and community members from the time that the school is approved through opening.*
2. *Describe how you will engage parents in the life of the public charter school. Explain the plan for building engaging partnerships between the family and school that strengthen support for student learning.*

Upon approval of the Charter Application, the board will continue its parent and community engagement. All board of directors meetings will be open to the public and include a public comment period. The board will establish a Parent-Community Support Committee to work directly with the schools Lead Administrator. The board and school administration will communicate with parents and the community by posting information on the schools website, sending emails, and by written correspondence. The school will establish open enrollment dates and a lottery date. The school will hold a series of public forums during the open enrollment period in order to explain the schools mission and purpose and to engage the support of parents and the community. The school will establish a roster of students that are successful applicants for the schools initial opening year. The school will also establish a wait list for unsuccessful applicants after the schools lottery.

The schools Parent-Community Support Committee will be engaged to support the Leader Administrator and the Board by volunteer service in getting the school open including installation of the playground equipment, cleaning of the facility and setting up the furniture. Parents and community volunteers will assist with conducting open house and parent/community volunteers will receive training to support volunteer service and to qualify to serve on the schools boards and committees. Parents will receive training to act as volunteer tutors, engage in fundraising, support their students and participate in the life of the school.

All parents will be invited to participate in monthly Parent-Community Support Committee meetings. The monthly meetings will include training

opportunities, on issues such as supporting our academic scholars, parenting, volunteer service, and many other topics of interest. The Parent-Community Support Committee may volunteer as bus monitors, greeters for morning and afternoon car rider lines, lunch and recess support, field trip chaperones, monthly Saturday clean-up of the school facilities and grounds, tutor assistance during academic enrichment activities after school or on Saturday enrichment events. The Parent-Community Support Committee will assist the facilitation of the schools carpool.

Parent and community involvement in the school will be an important part of the schools program. The schools culture will require parents to support the school at home by enforcing and facilitating homework and study time and encouraging students to do their best at all times. The school will conduct regular events which involve family participation. The school will work to assure that students who may not have strong family support have other parent and community volunteers that will support their academic success.

Admissions Policy

Provide the school's proposed policies and the procedures for admitting students to the proposed charter school, including:

1. *Tentative dates for the open enrollment application period, enrollment deadlines and procedures. *Please be advised schools cannot accept applications until after final approval from the SBE.*
2. *Clear policies and procedures detailing the open enrollment lottery plan, including policies regarding statutory permitted student enrollment preferences.*
3. *Clear policies and procedures for student waiting lists, withdrawals, re-enrollment, and transfers.*
4. *Explanation of the purpose of any pre-admission activities (if any) for students or parents.*
5. *Clear policies and procedures for student withdrawals and transfers.*

Power Elite Male Academy board of directors will adopt an admissions policy

which details the schools admissions process. Open enrollment will be scheduled for a minimum of 30 days sometime in January or February, depending on final approval date, in accordance with state statute. The lottery will take place in March.

We will run public service announcements in local news media and social media to announce the period of open enrollment and lottery prior to the first day of open enrollment. On the first day of open enrollment, an

admissions application will be available online and via printed copies. We will email a link to the admissions application to our developed email list, that we have been gathering through the application process. We will mail admissions application form by U.S. Postal Service to those on the list that do not use email. We will conduct a significant effort to get the word out about open enrollment. We will collect admissions application for the 30 days of open enrollment. If the number of applications exceed the number of seats available at any grade level, we will conduct a lottery for that grade level on the scheduled lottery date. Admissions applications received after the close of open enrollment will go to the secondary wait list in the order received. After the lottery is completed, those students that were not success in obtaining admission thru the lottery will be placed on a wait list. The wait list order will be based upon the drawing. The school will publish applicants assigned lottery number (no names) on the school website showing the applicant lottery number of student accepted by grade level and the ordered wait list. Parents and students do not have to be present to win the lottery. Immediately following the lottery, the school will send an official notice of acceptance for students accepted. We will also send a notice to students that were not accepted with waitlist instructions. Accepted students and parents will have 10 business days to contact the school and accept admission. If admission is not formally accepted within 10 business days the seat will be given to the next person on the waitlist. Admissions Acceptance Forms will be available on the date of the lottery. Once a student has been formally accepted, parents will be required to submit student registration information. The initial Admissions Application will only include the student's name, address, residency, grade level, date of birth, sibling information, and preferred contact information and method. The full registration packet will include records request authorizations and detailed information including health, immunizations, exceptional children and 504 statuses, and so forth.

The school will conduct a series of introductory events prior to the start of school. The school admission policy will also address withdrawals, re-enrollment, and transfers. Students that withdraw because of parent military service, employment, or education have an admission preference if they return during the two year period. Student that withdraw outside of the policy preference will be required to go through the lottery process over again. Students that transfer under the withdraw preference may return when a seat is available as a preference. The school will also recognize limited preferences for board members, teacher, and staff.

Weighted Lottery

Does your school plan to use a weighted lottery?

Yes:

No: **X**

The State Board of Education may approve an applicant's request to utilize a special weighted, or otherwise limited lottery in certain circumstances. If the charter applicant wishes to deviate in any way from the open lottery normally utilized by charter schools, the following requirements must be met:

- 1. In no event may a lottery process illegally discriminate against a student on the basis of race, religion, ethnicity, gender, or disability.*
- 2. A lottery process may not be based upon geographic boundaries, such as zip code or current public school attendance zones, unless the charter school is operated by a municipality OR the charter school was converted from a traditional public school. Municipal charter schools may give enrollment priority to domiciliaries of the municipality in which the school is located (G.S. 115C-218.45(f)(7)), and charter schools that were converted from traditional public schools shall give admission preference to students who reside within the former attendance area of the school (G.S. 115C-218.45(c)).*
- 3. A lottery process that deviates from the standard lottery must be based upon the school's unique mission and must be based upon educationally, psychometrically and legally sound practices, protocol and research.*

If the applicant is requesting to use a weighted, or otherwise limited, lottery, please provide the following:

- 1. A thorough explanation of how the specific mission of the school, as set forth in the application, requires the utilization of the weighted or limited lottery.*
- 2. A thorough description of the processes and procedures the applicant intends to use to effectuate the lottery.*
- 3. The underlying research, pedagogical, educational, psychometric and legal, that supports the request and the procedures the applicant is requesting.*

V. OPERATIONS

Transportation Plan:

Describe in detail the transportation plan that will ensure that no child is denied access to the school due to lack of transportation. The details of this plan should align with the mission, identified need for the charter school, targeted student population, and the budget proposal.

In order to carry out the mission of the school assuring adequate transportation is vital. A significant percentage of our target students at-risk factors includes poverty. Power Elite Preparatory Academy views assuring that no child is denied access to this school due to lack of transportation as an important goal. The school plans to meet its goal by two methods. First, the school will organize and manage a school car pool through www.carpoolworld.com. The school will coordinate efforts to facilitate shared private transportation, address supplemental insurance issues, and work with parent volunteers to assure that student get to and from school. Parent volunteers will greet car riders at pick-up drop-off daily. Second, the school will provide bus transportation for students. The school has also budgeted about \$8,000.00 for the purchase of 3-4 surplus buses. The school has budgeted \$35,000.00 for fuel cost, \$6,000.00 for maintenance, and \$20,000.00 for contracted drivers in year one. A total of about \$69,000.00 is budgeted to assure that no child is denied access to the school due to lack of transportation. The school reserved the right to use the total amount of budgeted funds to contract for transportation services. The school will provide mandatory training to any and all individuals that participate in our transportation program to facilitate a school culture that promotes academic success and mutual cooperation between students, staff, administration, and parents. The board will adopt a comprehensive transportation policy, procedure, and plan which will be published in a Parent-Student Handbook. The school will publish transportation policy, procedures, and plans on the schools website and in marketing materials to assure that during the enrollment and lottery process that parents and fully aware that transportation is available for all students that enroll in the school.

School Lunch Plan:

Describe in detail the school lunch plan that will ensure that no child is lacking a daily meal. The details of this plan should align with the targeted student population and school budget proposal.

Power Elite Preparatory Academy recognizes that nutritious meals are vital to healthy children and their performance in school. Multiple studies conclude that students which receive adequate nutrition are more alert, better behaved, and perform higher in school. A significant percentage of our target students at-risk factors includes poverty. Therefore, to carry out the schools mission the school will participate in the National School Lunch Program. The school will provide breakfast, lunch, and where appropriate an after school snack. The school will apply to become a School Food Authority (SFA) and will initially contract for vended meals. The school will assure that all meals provided comply with the guidelines set

forth under the National School Lunch Program and are appropriate as to nutrition quality and serving amounts. The school has initially budgeted \$10,000.00 as working capital. The school facilities will have designated areas for students to eat. Meals will be catered or self-serve. The school will have adequate refrigeration and food storage on site. The school will including school lunch program information in its Parent-Student Handbook, on the schools website, and in published materials used in student enrollment and lottery. We will assure that parents are fully aware that nutritious meals will be available for students that enroll in the school. The school will also promote "Wellness" as part of its school lunch program. The school will use appropriate posters to promote "Wellness," proper nutrition, exercise, and teachers will use the N.C. Health Education and Physical Education Essential Standards as part of the schools instructional program.

Civil Liability and Insurance (GS 115C-218.20):

The Nonprofit

shall name the SBE as an Additional Named Insured to their liability coverage for operation of a charter school while obtaining and maintaining insurance at a minimum in the following amounts:

Facility:

Note that the SBE may approve a charter school prior to the school's obtaining a facility; however, students may not attend school and no funds will be allocated until the school has obtained a valid Certificate of Occupancy for Educational use to the Office of Charter Schools.

What is your plan to obtain a building? Identify specific steps the board will take to acquire a facility and obtain the Educational Certificate of Occupancy.

We have identified a facility.

What is the breakdown of cost per square foot for the proposed facility? Outline how this cost is comparable to the commercial and educational spaces for the proposed school location.

\$8.00 per SF.

Facility Contingency Plan: *Describe the method of finding a facility if the one the board has identified will not be ready by the time the public charter school will be opening. Include information regarding the immediate spatial needs of the school and identify any programs that will not be immediately offered because a permanent facility has yet to open.*

State Funds: Charter schools receive an equivalent amount per student as the local education agency (LEA) receives per student receives from the State. Funding is based on the 1st month average daily membership.

- In year 1 – Base state allotments are determined by the LEA in which the student resides
- In year 2 and beyond- Base State allotments are determined by the LEA in which the school is located.

Local Funds: Charter schools receive a per pupil share of the local current expense of the LEA in which the student resides.

Federal Funds: Charter schools must qualify and apply for the individual federal grants based on their population of students.

Budget Narrative: (No more than one and a half pages)

Please include additional information that showcases all assumptions for your budgetary calculations.

1. *How was the student enrollment number projected?*

Provide an explanation as to why you believe there is a demand for the school that will meet this enrollment projection.

Provide the break-even point of student enrollment.

Student enrollment goals were set based upon a review of U.S. Census data from the target area, public and private school enrollment data, review of student performance data, student discipline data, and direct feedback from residents of the target area. We estimate that the demand for a high quality educational choice is greater than our enrollment goals. Therefore, our enrollment goals were set with an abundance of caution. We considered start-up cost and the commitment of resources to get this school started. We believe there is a greater demand for this school than the enrollment goals we set based upon the above. A total of 75 students is the breakeven point and will meet the schools fixed cost.

Discuss the school's contingency plan to meet financial needs if anticipated revenues are not received or are lower than estimated.

The Board will establish contingency plan which includes various budget scenarios. Contingency plans will include scaling back the entire operation, line item budget reductions, forgoing non-critical expenditures, and other agreed upon options. The Board reserved the right to terminate the project if enrollment is not sufficient to support opening the school.

Does the budget rely on sources of funds other than state, county, and federal (e.g. loans, donations etc.)? If so, please provide the source and amount. Be sure that the appropriate assurances documentation is provided in the appendices

No.

Provide the student to teacher ratio that the budget is built on.

The student to teacher ratio is 15 to 1.

2. *Does the school intend to contract for services such as student accounting and financial services, exceptional children instructional support, custodial etc. Describe the criteria and procedures for the selection of contractors and large purchases.*

The management contract with Torchlight Academy Schools, LLC includes the provision of student accounting, financial services, custodial services, and

exceptional children support services. Selection of external contracts for large purchases will be based upon the schools procurement policies and procedures. Competitive bidding will be used as required by law. The Board will adopt procurement policies and procedures which meet the requirement of G.S. 143-48 et seq., Federal Child Nutrition Program requirements, and other applicable laws.

3. *Explain how the budget aligns with the school's mission, curricular offerings, transportation plans, and facility needs.*

We made a careful effort to assure the budget aligns with the schools mission, curricular offerings, transportation plans, and facility needs. This budget adequately provides for teacher coverage of the schools curriculum, assessment, and academic programs. The student to teacher ratio in 15 to 1. The budget provides adequate funding for facilities and transportation. The budget process involved a full discussion of the all operational elements of the school including the at-risk status of students.

4. *What percentage of expenditures will be the school's goal for a general fund balance? Describe how the school will develop the fund balance.*

The schools general fund balance is a minimum of 3% of annual revenue. The school will develop the general fund balance by frequent budget review, practice of austerity measures, and discipline spending.

5. *Provide a description of proposed financing structure. Include financing of facilities, other asset financing and leases.*

The management company will up-fit the facility, including furnishings and refrigeration, and lease to the charter school under a triple net lease. The charter school is only responsible for the monthly lease payments which are budgeted. The school has investigated a leasing arrangement for a copier and provided for the same in its budget. The management company will provide \$50,000.00 for working capital to assure the schools cash flow needs are met.

6. *Will the school have assets from other sources (e.g. building, furniture, chairs, computers, etc.)? If yes, please provide a list. Note which are secured and which are anticipated, and include evidence of commitment for any assets on which the school's core operation depends.*

Furniture and Refrigeration will be provided through the management company. (Letter from the Management Company Attached).

Financial Compliance: (No more than a half of a page)

How will the school ensure adequate internal controls, including segregation of duties, safeguarding of assets, accurate and adequate recording keeping?

The Board will receive professional development and training in the five components of an effective internal control system including the control environment, risk assessment, control activities, information and communications, and monitoring. The Board will consult with an independent legal counsel, and a certified public accountant approved by the Local Government Commission. The Board will review publications from the N.C. State Treasurer, Local Government Commission, and the N.C. Department of Public Instruction related to internal controls. After a comprehensive review, the Board will develop and adopt an Internal Control Policy and Procedure which includes adequate requirements for segregation of duties, safeguarding of assets, and accurate and adequate recordkeeping. The Board will establish an internal monitoring and compliance program. The Board will further maintain adequate insurance coverage of the types and in the amounts that are reasonably necessary to protect the schools assets. The Board will regularly monitor the system it sets up and the system will be annually reviewed by an Independent Auditor/Certified Public Accountant as a part of the Single Audit requirements for public charter schools.

Provide any known or possible related party transactions (relationship, description of transaction and estimated dollars involved)

There are no known related party transactions at this time.

Provide the name and contact information of the independent audit firm who will conduct the annual financial statement audit. If a firm has yet to be identified please list the firms the board has investigated.

The foregoing application is submitted on behalf of Power Elite Preparatory Academy (*name of non-profit corporation or individuals submitting application*). The undersigned has read the application and hereby declares that the information contained in it is true and accurate to the best of his/her information and belief. The undersigned further represents that the applicant has read the Charter School Law and agrees to be governed by it, other applicable laws, and SBE regulations. Additionally, we understand the final approval of the charter is contingent upon successful completion of a mandatory planning year. Per SBE policy "Planning Year for New and Preliminary Charter Schools – CHTR 013, formerly "TCS-U-013," all new nonprofit boards receiving a charter must participate in a year-long planning program prior to the charter school's opening for students. The planning year provides an applicant time to prepare for the implementation of the school's curricular, financial, marketing, and facility plans. During this planning year, regular meetings are held with the Board of Directors and consultants from the Office of Charter Schools to provide information on the following topics: school opening plans, staff development, finance, governance, board training, marketing, policies and procedures, securing a school site, and hiring a school administrator.

Final approval of the charter will be contingent upon successfully completing all of the planning program requirements.
