Correct Response

Current Health Law and Charter Schools

Students with Diabetes – Required by Law

- **GS 115C-375.3**
 - **Senate Bill 911**
 - **Senate Bill 738**

Ensures that guidelines adopted by the SBE are implemented in schools in which students with diabetes are enrolled.

Report on compliance **annually by June 1st.**

Current Health Law and Charter Schools

Required components for schools with diabetic students:

- Generalized diabetic training for school staff
- Two intensively trained school staff for specific students with diabetes
- Written plan for diabetic student care

Current Health Law and Charter Schools

Resources for schools with one or more students with diabetes:

- The American Diabetes Association (ADA)
 - Forms for written care plans and other documents are available at <http://www.diabetes.org/living-with-diabetes/parents-and-kids/diabetes-care-at-school/>
 - Training videos and power point presentations are also at this site in addition to being posted on YouTube at <https://www.youtube.com/watch?v=ih1NXYx2k9g&feature=share&list=EC3DE9DDE8EB2A2E56>

Students may be exempt from providing a certificate of immunization and/or proof of a health assessment if there are...

Medical or Philosophical reasons

Medical or Religious reasons

Philosophical or Religious reasons

None of the above

All of the above

Correct Response

Current Health Law and Charter Schools

Immunizations – Required by Law

- ALL North Carolina children must be compliant with immunization law.
- Charter schools verify and report on that compliance **by November 1st of each year.**
- Principal/headmaster is required to exclude students **not in compliance by the 30th calendar day** after start of school.

Current Health Law and Charter Schools

Immunizations

Resources for schools and for families

- <http://www.immunize.nc.gov/schools/resourcesforschools.htm>

Have a staff person responsible for verifying immunizations and reporting.

Current Health Law and Charter Schools

Health Assessment – Required by Law

- **G.S. 130A-440**
 - Health Assessment required for all students new to NC public schools within 30 calendar days of a child's first day of attendance in the public schools
 - Principal/headmaster shall not permit the child to attend the school until the required health assessment transmittal form has been presented
 - **NOT allowed to impact student's academics**

Each NC charter school is required to have an emergency supply of epinephrine auto-injectors on school property (for use of trained school personnel) to provide emergency aid to undiagnosed persons experiencing anaphylactic reaction.

True

Correct Response

False

Unsure

Current Health Law and Charter Schools

School Supply of Epinephrine Auto-Injectors

- **GS 115C-375.2A**
- Provides for the **undiagnosed** person experiencing an anaphylactic reaction.
- Passed within the appropriations bill last summer and effective 11/1/2014.

Current Health Law and Charter Schools

School Supply of Epinephrine Auto-Injectors

- **GS 115C-375.2A**
- Directs local boards of education, charter schools and regional schools.
- Applicable during the school day and at school-sponsored events on school property. School property does not include transportation to or from school.
- Requires a minimum of two epinephrine auto-injectors in an unlocked and easily accessible location.

Current Health Law and Charter Schools

School Supply of Epinephrine Auto-Injectors

- **GS 115C-375.2A**
- Requires specific training by statute identified individuals.
- Specifies planning and response steps.
- Specifies who can write prescriptions.

NC charter schools are required to ensure a safe and appropriate return to the education environment for student athletes only.

True

False

Correct Response

School Health Requirements for NC Charter Schools

Return to Learn After Concussion-SHLT-001:

This educational policy includes guidelines for safe and appropriate return to the educational environment for ALL students post-concussion.

- Policy: <http://stateboard.ncpublicschools.gov/policy-manual/student-health-issues/return-to-learn-after-concussion>
- General information: <http://www.ncpublicschools.org/student-support/psychology/concussion-management/>

NC charter schools are required to provide parents and guardians of students grades 5-12 with the information related to _____ at the beginning of each school year:

Meningitis and
Influenza

Influenza and HPV

Meningitis, Influenza
and HPV

Meningitis, Influenza,
TDaP, and HPV

Correct Response

Current Health Law and Charter Schools

Required by Statute:

- Garrett's Law Notifications

Statute requires that you provide annual notification regarding vaccines for meningitis, flu and HPV.

- Resources for this available at Immunization Branch
<http://www.immunize.nc.gov/schools/resourcesforschools.htm>

Federal Laws Impacting Charter Schools

Federal Laws Impacting Charter Schools

CLIA: Clinical Laboratory Improvement Amendments of (1988)

Require “anyone performing even one test, including waived procedures, on “...human specimens for the purpose of providing information for the diagnosis, prevention, or treatment of any disease or impairment of, or the assessment of the health of a human being...”

to register for a CLIA certificate of waiver

www.dhhs.state.nc.us/dhsr/ahc/clia/index.html#contact

Federal Laws Impacting Charter Schools

Occupational Health and Safety Act (OSHA)

- Requirements may be downloaded from http://www.osha.gov/OshDoc/Directive_pdf/CPL_2-2_69.pdf

School Health Recommendations & Resources

Other Health Recommendations

You will have students on medication and need to have a system in place to protect yourself and the student.

- **Medication administration**
- **Policy and procedure**
- **Treat all medications the same**
- **Discourage routine medications at school**

School Health Recommendations for NC Charter Schools

Other recommended policies include:

- Prevention and control of communicable disease
- Provision of emergency care, including injury reporting
- Screening, referral and follow-up
- Maintenance of student health records/electronic records
- Special health care services (State Board of Education Policy GCS-G-006)
- Process for identification of students with acute and chronic health care needs/conditions
- Response to Do Not Attempt Resuscitation (DNAR) directive

Please see the [North Carolina School Health Program Manual](#) Section C, Chapter 2, for more information.

Other Health Recommendations

Don't make assumptions - ask

- **Student Emergency Contact Card**
Update this information every year
- **Have written policies and procedures that are board approved.**
Share them with parents/guardians
- **NC DPI and DPH updates, law changes, reminders: Office of Charter Schools**

Resources

Guidance for Emergencies and School Health related topics...

- **NC School Health Program Manual**

<http://ncdhhs.gov/dph/wch/lhd/manuals.htm>

- **Emergency Guidelines for Schools**
