**Scope of Work:**

**Noncompetitive Justification:** Select one or more of the procurement policy provisions below that best describes the exception to the Uniform Guidance bidding requirements for procuring goods or services valued $10,000 or greater with federal funds.

- **Inadequate Competition:** After solicitation of a number of potential sources, competition is determined to be inadequate. Bids were solicited and, no responsive bid is received, or only a single responsive bid is received and is rejected. Provide a copy of RFP or informal bid request, non-responsive answers, and, if one bid was received copy of the bid and reason for why it was rejected.

- **Public Exigency:** When life, safety or health of the public must be sustained through the immediate delivery of products or performance of services or a critical agency mandate, statutory or operational requirement must be fulfilled immediately. Please use the “other” box below to provide a narrative to support the selection of this justification.
Uniform Guidance Requirements: Noncompetitive Procurement

200.320(c) Noncompetitive procurement.

There are specific circumstances in which noncompetitive procurement can be used.

Noncompetitive procurement can only be awarded if one or more of the following circumstances apply:

(1) The acquisition of property or services, the aggregate dollar amount of which does not exceed the micro-purchase threshold...

(2) The item is available only from a single source;

(3) The public exigency or emergency for the requirement will not permit a delay resulting from publicizing a competitive solicitation; or

(4).....

(5) After solicitation of a number of sources, competition is determined inadequate.
Uniform Guidance Requirements: Noncompetitive Procurement

200.320(c) Noncompetitive procurement.

(4) The Federal awarding agency or pass-through entity expressly authorizes a noncompetitive procurement in response to a written request from the non-Federal entity.

pass-through entity = NC DPI
Changes

NC DPI will no longer review or need to approve procurement waiver requests related to procurement that can be awarded by the PSU.

NC DPI will establish a new process for procurement waivers that are requested but cannot be awarded by the PSU (January 2023).

The PSU will be responsible for determining when a purchase is noncompetitive.
Next Steps

The PSU will need to establish and document policies and procedures that identify internal controls over procurement when:

1. Items are available only from a single source;
2. A public exigency or emergency for the requirement will not permit a delay resulting from publicizing a competitive solicitation; or
3. After solicitation of a number of sources, competition is determined inadequate.

NC DPI will process approvals that are remitted through November 30, 2022.

Remaining requests will be approved as a signature of approval from the programmatic and procurement divisions. A formal memo will not be issued.

NC DPI will issue additional guidance and provide technical support.
