Report to the North Carolina General Assembly:

§115C-83.4A ~ Advanced Courses

In response to G.S.115C-83.4A, the NC Department of Public Instruction (NCDPI) initially established the NC Advanced Placement Partnership (NCAPP) in May 2014 with the College Board. The NCAPP is still underway and continues with its purpose to broaden access and successful participation in advanced coursework in NC's public schools. According to G.S. 115C-83.4A, "it is the intent of the State of North Carolina to enhance accessibility and encourage students to enroll in and successfully complete more rigorous advanced courses to enable success in postsecondary education for all students."

The NCAPP continues to respond to the legislation through various efforts. Twenty-three NC school districts continue to participate in the NCAPP as "targeted districts" with focused support and technical assistance. NCAPP also provides state-wide support through professional development opportunities open to all of the state, both face-to-face and online opportunities. In addition, the General Assembly appropriated funds to pay for all AP and IB exams for public school or charter school students who were enrolled in the corresponding AP/IB courses beginning last year in 2014-15. College Board and the NCDPI are continuing to work together on these various aspects to ensure continued success of the NCAPP.

The NCAPP spearheads NC's progress with AP course enrollment and AP exam participation. The state's most recent data from College Board shows remarkable gains in 2014-15 with significant increase in exam participation and success for all students.

- The number of AP Exam-Takers in North Carolina's public schools increased 18.7% from 2014 to 2015, as compared to a 6% increase in AP Exam-Takers in public schools nationwide. In the 23 target NCAPP

districts, the number of students taking AP exams increased 17% in 2015 over the 2014 year.

- AP participation and performance for Black students in North Carolina's public schools continues to outpace the participation and performance for Black students seen nationwide. The number of Black AP Exam-Takers in North Carolina's public schools increased 22.8% from 2014 to 2015, as compared to a 3.6% increase in Black AP Exam-Takers in public schools nationwide.
- AP participation and performance for Hispanic students in North Carolina's public schools continues to outpace the participation and performance for Hispanic students seen nationwide. The number of Hispanic AP Exam-Takers in North Carolina's public schools increased 21.3% from 2014 to 2015, as compared to an 8.2% increase in Hispanic AP Exam-Takers in public schools nationwide.

This success is a direct result of hard work by NC's teachers and districts. With NCAPP's sustained efforts of professional development and technical assistance, the State Board of Education and NCDPI expect continued progress to increase access and successful participation in Advanced Placement courses across NC and further meet the intent of the legislation.

Report Requirements

This report responds to the requirements of the legislation enacted in SL 2013-360, *Broaden Successful Participation in Advanced Courses*. The State Board of Education/NCDPI report fulfills some requests, while others are fulfilled by the companion College Board NCAPP Report.

The following table reviews the report requirements and indicates which report addresses the required information:

| | |
|--|---|
| The North Carolina Advanced Placement Partnership's report to the NCDPI and the assessment of that report. | State Board of Education Report |
| Number of students enrolled in advanced courses and participating in advanced course examinations, including demographic information by gender, race, and free and reduced-price lunch status. | State Board of Education Report College Board NCAPP Report |
| Student performance on advanced course examinations, including information by course, local school administrative unit, and school. | College Board NCAPP Report |
| Number of students participating in 10th grade PSAT/NMSQT testing. | College Board NCAPP Report |

Basic Status and Efforts of NCAPP

NCAPP Targeted Districts

NCDPI and College Board invited low-performing districts to continue as part of the NCAPP with focused participation. All of the 23 school districts who participated last year decided to continue with the NCAPP for 2015-16. The

school districts were low-performing in the areas of ACT composite, math rigor, overall performance composite scores, and AP participation and performance.

2015-16 NCAPP Targeted Districts

| | | | | |
|------------------------|-------------------|------------------|--------------------|------------------|
| Anson County | Bertie County | Clinton City | Columbus County | Duplin County |
| Edgecombe County | Greene County | Hoke County | Lee County | Lenoir County |
| Lexington City Schools | Montgomery County | Nash-Rocky Mount | Northampton County | Pitt County |
| Richmond County | Robeson County | Sampson County | Scotland County | Thomasville City |
| Warren County | Washington County | Wayne County | | |

NCAPP State-Wide Efforts

In addition to focused district support through professional development and technical assistance, NCAPP continues to work with state-wide efforts as well. In particular, select numbers of teachers from school districts across the state are invited to participate in content-based professional development opportunities throughout the year. Further state-wide efforts with regional technical assistance through the SBE Areas and state-wide webinars to support systemic change and program development have also been developed and shared.

NCDPI Response to NCAPP Report

NCDPI received the College Board's NCAPP Annual Report in September 2015 with revisions in October 2015 based on an NCDPI request. The report reflects the progress of the NCAPP over for the last year as well as exam performance information.

NCDPI is pleased with the progress of the NCAPP and the Annual Report submitted by College Board. The College Board is committed to serving NC school districts and continues to partner with NCDPI to ensure effective implementation.

Distribution of NCAPP Funding for AP and IB Exam Fees

For the payment of AP Exams, NCDPI paid College Board **\$10,638,285** to support NC's public school students and families. NCDPI and College Board developed a state-wide invoicing system to facilitate effective payment and lessen the burden of high schools and their districts.

NCDPI particularly notes the success of the initial implementation year of the state-covered AP exam fees. Several new processes were developed and implemented by the College Board, NCDPI, and all of the school districts and high schools in NC. NCDPI appreciates the hard work of all involved to ensure that students' test fees were covered.

For the payment of IB Exams and Fees, NCDPI paid International Baccalaureate Organization (IBO) **\$1,160,239** to support NC's public school students and families. NCDPI provided a guaranteed allotment (PRC 046) to school districts to facilitate payment of IB Exam fee invoices. For the upcoming year, NCDPI is working to establish a state-invoice system with IBO to better facilitate payment and lessen the burden of billing on high schools and their districts.

AP and IB Current Course Enrollment Data

Based on NCDPI data, the number of students who enrolled in at least one AP course continues to increase at steady rates. In 2015-16, 77,392 students took at least one AP course. This was an increase of 2,634 students which represents a 4% increase. These students represent 142,344 course enrollments. In 2014-15, 74,758 students took at least one AP course. This was also an increase of 4% from 2013-14 with a total of 71,655 students.

For the current 2015-16 student enrollment data for AP and IB courses in NC's 115 traditional LEAs and Charter Schools, please see the following Table I and Table II. The student enrollment data is disaggregated by gender, race/ethnicity, and economically disadvantaged status. All student data is masked at the appropriate level.

NC Advanced Placement Partnership Annual Report

Sept. 1, 2015

I. Mission and Purpose of the NC AP Partnership:

The mission of the Partnership between The College Board and the state of North Carolina is to prepare, inspire, and connect students to postsecondary success and opportunity, with a particular focus on minority students and students who are underrepresented in postsecondary education. The purpose of the Partnership is therefore to assist in improving college readiness of secondary students and to assist secondary schools to ensure that students have access to high-quality, rigorous academics with a focus on access to Advanced Placement courses.

II. Driving Governance:

G.S. 115C-83.4A. Advanced Courses. According to statute, it is “the intent of the State of North Carolina to enhance accessibility and encourage students to enroll in and successfully complete more rigorous advanced courses to enable success in postsecondary education for all students.”
