

# CEDARS Data Warehouse Security Officer Contact List

---

Use this document to identify your LEA/Charter School's Security Officer for the CEDARS Data Warehouse (CDW).

## What is a CDW Security Officer?

The CDW holds secure, Personally Identifiable Information (PII) about your staff and students. Each LEA and Charter School must have a Security Officer to manage access to the CEDARS Data Warehouse. This person approves or denies access to the longitudinal data for your LEA because they are best equipped to determine who should see the data. It is recommended that each LEA/Charter School designate two employees as Security Officers.

For more information regarding user roles for the CDW, please see the Quick Reference Document '*Registering for the CEDARS Data Warehouse*', located on the CEDARS website: <http://www.ncpublicschools.org/cedars/>

## What If My LEA/Charter School Does Not Have A CDW Security Officer?

It is the choice of the individual LEA/Charter School who they appoint as the Security Officer. Talk to leadership at your LEA/Charter about who should perform this task.

State level Security Officers will only grant access to state level personnel and LEA/Charter School Security Officers. State level Security Officers will not approve access for LEA/Charter School personnel.

## How Do I Become A CDW Security Officer?

Talk to the leadership in your LEA/Charter School to determine if this task is appropriate for you. Security Officers must register for the user role and be approved by the State level Security Officer. Once the request is investigated and approved, you will receive an email confirmation. For information on how to manage accounts, please review the document '*Security Administration*' located on the CEDARS website: <http://www.ncpublicschools.org/cedars/>
