

Charter School Average Daily Membership Projection System

Charter School Funding

- STUDENTS Drive Funding (ADM)
- Charters are now funded with the same model as the LEAs using the Funding in Arrears method and will receive growth funding based on the Best 1 of 2 Actual ADM.
- Existing charters are **not** funded based on any data entered into CSADM
- Growth is funded after the Best 1 of 2 is calculated in November/December

CSADM–NEW SCHOOLS

Initial Allotment (estimate)

- 50% of Funding based on the projected ADM you enter into CSADM

After Actual ADM is realized – Best 1 of 2 ADM

- Recalculate and provide remainder of funding.
- Typically, the November time frame
- This may result in lower estimated total funding if the Actual ADM is lower than the Projected ADM used for Initial Allotments.

What Is CSADM?

- The Charter School ADM (Average Daily Membership) Projection System
- The CSADM Projection System is at <https://schools.nc.gov/csadm>
- Used by charter schools, lab schools, and the regional school to enter projected growth.
- Used by our demographers to project enrollment at LEAs.
- Your projection is the basis of our growth funding request to the General Assembly

What CSADM Is Not

- CSADM is not an ATM. You may have to adjust your budget if your projection is not realized.
- CSADM is no longer the system used to request material changes to school charters. Please contact the [Office of Charter Schools](#) directly at ocs@dpi.nc.gov for this.
- CSADM is no longer used to capture changes in ADM during the year.

CSADM - Welcome Page

The header features a blue gradient background. On the left, there is a white box containing the NCDPI logo (a stylized 'P' and 'I' with a graduation cap) and the text "CHARTER SCHOOL ADM PROJECTION" and "NCDPI SCHOOL BUSINESS SERVICES". Below this, there is a navigation bar with three tabs: "Welcome" (highlighted in blue), "Charter School 2025-2026", and "Charter School Prior Years". Below the navigation bar, there is a white box with the text "Welcome" in blue.

Welcome Catherine Mau

- Your user role in this system is DPI Administrator, and your school is **LEA# 000 School of Rock**

CSADM 3 Submission Phases

All charter schools, lab schools, and the regional school are required to project the number of students expected to be in membership in the upcoming school year. Submission is required by all charter schools, including new charter and lab schools approved by the State Board of Education to open **July 1, 2024**.

Because each school is in a different stage of growth, DPI requests this information directly from the schools. The projection must be accurate to ensure adequate funding for the upcoming year and to minimize disruption.

Phase 0: Material in ADM or Grade Expansion

If you would like to make a material change to your school's charter, please contact the [Office of Charter Schools](#) directly at ocs@dpi.nc.gov. There is no Phase 0 in 2025-26.

Phase I: Initial Submission for the ADM Projection

Submission Dates: January 30, 2025 - February 5, 2025

Your projection is the basis of our funding request to the General Assembly.

If you provide a number that is less than the actual Best 1 of 2 ADM, your school is in jeopardy of being underfunded. If you project a number that is higher, your PSU will be required to return the funds.

Average Daily Membership Maximums

(A). Average Daily Membership Maximums

A school in its first year of operation

The maximum authorized ADM is the planned ADM that is approved in the school's charter.

Schools that are not low-performing

The maximum authorized ADM is determined by school leadership. Your school leadership may submit the most accurate maximum projected ADM without a cap.

Schools that are low-performing

A low-performing school may not exceed the maximum authorized ADM without approval from the Charter School Review Board. Low-performing schools may submit a projected ADM that is restricted by law to the following:

The maximum authorized ADM is the higher of:

- The planned ADM that is approved in the school's charter
- The prior year actual funded ADM plus 20%.

ADM Maximums for Low-Performing Schools

Schools that are low-performing

A low-performing school may not exceed the maximum authorized ADM without approval from the Charter School Review Board. Low-performing schools may submit a projected ADM that is restricted by law to the following:

The maximum authorized ADM is the higher of:

- The planned ADM that is approved in the school's charter
- The prior year actual funded ADM plus 20%.

--Planned ADM approved
in the school's charter

	Planned ADM	Actual ADM
Year 1	300	200
Year 2	300	300
Year 3	300	400
Year 4	300	500
Year 5	300	500

The school's Maximum
Authorized ADM is 300.

--Prior year actual funded ADM
plus 20%

Prior Year Actual = 250

$$250 * 20\% = 50$$

$$250 + 50 = 300$$

The school's Maximum
Authorized ADM is 300.

Section 1: ADM Projection

Phase I: Initial Submission for the ADM Projection

Submission Dates: January 30, 2025 - February 5, 2025

Your projection is the basis of our funding request to the General Assembly.

If you provide a number that is less than the actual Best 1 of 2 ADM, your school is in jeopardy of being underfunded. If you project a number that is higher, your PSU will be required to return the funds.

Definitions:

- Planned ADM: The ADM that is approved in the school's charter
- Maximum Authorized ADM: The highest ADM that the school may be funded for by law
