2	5110	001	221	871.72
Fund 2 Total				4,962.42

Since the batch contains certified salary account codes, this batch will process through the salary compliance system (LicSal). If the batch is approved in LicSal, DPI will process the batch as Approved and send the Communication form to the LEA.

DPI will not post any BUD activity to the External ledger.

LEA posts the State and Local expenditure activity to the appropriate ledgers and the refund activity will be included in the LEA's monthly MFR file. This records the \$4,962.42 reduction in the state expenditures.

After the monthly expenditures are posted, the zero-out will be processed. The reduction in expenditures will result in a negative certification of \$4,962.42 to pull the monies back from the LEA for the reduction in state expenditures.
