Frequently Asked Questions

1. Will funds be provided for CTE bonuses in FY 2025?

Yes. Session Law 2023-134 specified that DPI shall administer the bonus pay to qualifying teachers in January.

2. If a teacher retired effective January 1, 2025 do they qualify for this bonus provided they meet all the other criteria?

Per SL 2023-134 Section 7A.3.(b)(6), an eligible teacher or eligible career and technical education teacher must meet one of the following criteria:

- a. Remains employed teaching in the same qualifying public school unit, or, if an eligible advanced course teacher is only employed by the North Carolina Virtual Public School program, remains employed teaching in that program, at least from the school year the data is collected until January 1 of the corresponding school year that the bonus is paid.
- b. Retired, between the last day of the school year in which the data is collected and January 1 of the corresponding school year in which the bonus is paid, after attaining one of the following:
 1. The age of at least 65 with five years of creditable service.
 2. The age of at least 60 with 25 years of creditable services.
 3. Thirty years of creditable service.

This would include a teacher who retired with an effective retirement date of January 1st provided they meet the requirements of (b) above.

3. When does this bonus need to be paid?

There is no date stipulated required for payment. We would request if possible that all bonus payments be paid by January 31, 2025 to ensure they are reflected accurately in the report due to the General Assembly in early March.

4. Are part-time or contract employees eligible to receive the bonus?

Part-time employees may qualify for the bonus; however, contract employees are not considered “employed by the public school unit” and would not be able to receive the bonus.
