SUBJECT: CLOSING PROCEDURES FOR FISCAL YEAR 2025-2026

As we move toward the close of the fiscal year, we want to thank you for the dedication and care you bring to supporting public schools across the state. We recognize that safeguarding taxpayer funds at the state and federal levels is a significant responsibility, and we value your ongoing commitment to this important work. The Office of School Business looks forward to a smooth and successful close of FY26, as well as continued collaboration in future years.

To ensure a coordinated and timely year-end close in accordance with the North Carolina Office of State Budget and Management's requirements, the information below outlines key processing close out dates and cut-off deadlines for Local Educational Agencies (LEAs):

The cash request deadlines listed above are designed to ensure that DPI has the time to request cash from the United States Department of Education on your behalf. Due to the close-out time frame, it is understood that you will be holding funds through your final check dates of June 30th.

Since there will be no emergency cash requests allowed, please plan for the final FRD ahead of time to ensure you can adhere to the cash request dates.

Other Important Guidelines:

Federal and State Cash Deadlines

The **deadline** to request Federal and State cash is **Monday, June 22nd, 2026 by 4:00 p.m.** for the final FY26 FRD of **Friday, June 26th, 2026**. There will be **NO** emergency cash request for the final FRD.

The deadline to request State cash is Monday, **June 29th, 2026** by 4:00 p.m. for the FRD of Thursday, **July 2nd, 2026**. Federal cash will **be unavailable** during this time.

EDDIE Contacts

Please ensure that all financial and data file contacts in EDDIE are current. Contact information must be updated for staff who will be available during the week of July 1 to support timely submission and accurate receipt of datafiles by NCDPI.

Please include both a **work phone** number (including an extension, if applicable) and a **cell phone** number for each contact. Cell phone numbers will not be made public and will only be visible to DPI. Having a cell number on file is especially important if urgent contact is needed during the close-out period.

Datafile Submission

MFR, General Expense, Payroll Detail and Payroll summaries are due by **midnight on June 30th**. DPI can only begin the fiscal year closeout once all June 2026 data files have been received from every PSU.

Your designated contact must be available by 7:00 a.m. on July 1st and remain available through July 3rd. If your data transfer does not process successfully, DPI will reach out to notify you and request that the files be resubmitted. DPI will continue working with LEAs throughout this process so the statewide closeout can be completed.

DPI will begin pulling data files on or after 12:01 a.m. on July 1st. If you discover an error after submission, DPI must be notified by 7:00 a.m. on Wednesday, July 1st.

If you make any corrections to your salary files during the "Salary Audit" correction period, you need to regenerate and submit your PSR files. You will also need to submit a new MFR file. We will process the PSR files on July 1st, 2nd, and final on July 3rd.

Prior to submission, please make sure that all expenditures are coded to valid account codes. All invalid codes must be reclassified prior to the fiscal year end close out. Failure to correct an invalid code posting may result in funds being pulled back during the year end zero out process. The result will be that your LEA will lose their ability to receive cash for the expenditure.

Additionally, please make sure that you do not have any PRCs reporting expenditures above allotted funds. Any expenditure over an allotted PRC must be moved before the state can finalize the closeout. Allotment overdrafts constitute a violation of G.S. 147-86.11 and G.S. 147-86.12.

DART Reports 102-Invalid Codes and 104-Over-Obligated PRCs should be reviewed monthly to ensure you are on track for a clean submission.

June Expenditures

All personnel paid from state funds must be paid for time worked in June by June 30, 2026. FY26 salary expenditures may not be carried forward into July 2026, regardless of allotment or funding source (except local funds). All state obligations for FY26, including June payroll, must be paid by June 30, 2026. Payments to personnel employed in allotment categories which may carry over to the next fiscal year (e.g. PRC 0016, PRC 0069) are **NOT exempt** from this requirement.

Checks must be issued by the date due. All state obligations of FY26, including time worked in June, must be paid by June 30th, 2026.

FY26 **state funds** may be used only for goods and services that have been received. Payments made before receiving goods and services are subject to repayment and audit findings. Likewise, **FY27 state funds may not be used to pay FY26 expenditures.**

Federal grant expenditures may be paid after June 30 if the grant end date is September 30, funds remain available in the grant year, and the expenditures were approved in the applicable grant-year budget.
