A. General Questions

1. What PRCs are the bonuses coded to?

PRC0045 - LEAs shall code all bonuses for state-funded employees to PRC 0045. This is a guaranteed allotment. All expenditures must be recorded by November 30, 2026. (See employees on leave #24, 34 and 49 for possible exception)

2. By when are the staff required to be employed in order to receive the bonus?

State-funded assistant principals, teachers, and instructional support personnel (Section B) are eligible for the bonus if they are employed on October 1, 2026.

Principal/central office/noncertified staff bonuses (Section C) on June 30, 2026.

Local/federally funded school nutrition/custodian (Section D) on October 1, 2026.

The district in which these eligible staff members were employed on the dates above is responsible for paying their bonus.

3. If a teacher, assistant principal, principal, non-certified employee, or central office employee is paid from federal funds, should the applicable federal PRC fund that employee's bonus? If an employee is paid from local funds, should the applicable local PRC fund that employee's bonus?

Federal funds are generally allowable if the employee would have been eligible to receive the bonus if they were paid from state funds. If the local board approves locally funded employees to receive a bonus, these bonuses may not be funded from State funds.

4. If a central office or non-certified employee was moved on June 29th from state to local funds, would that employee be eligible to be paid the state bonus from state funds?

No. The bonus is based on the source of their funding as of June 30, 2026.

5. If a non-certified employee leaves our district in May for an instructional support position in November, are they eligible for a bonus?

No, the dates in the legislation results in the employee being ineligible for either bonus.

11. How should a LEA determine whether an employee is permanent or temporary for the purposes of these bonuses?

12. Are part-time employees eligible for the bonuses?

Permanent part-time employees that meet the eligibility requirements for the bonuses shall receive a prorated bonus according to their total hours worked.

13. My LEA already approved a similar locally funded bonus to employees prior to the enactment of the State Budget. May we use the State bonus (PRC 0045) in place of the locally approved bonus or are we required to provide both the local and state funded bonus?

SL 2026-41 states that it is the intent of the General Assembly that funds provided for the state bonus will supplement teacher and assistant principal compensation and not supplant local funds. As such, the General Assembly intended for the State bonus to be in addition to any locally approved bonus.

B. Teacher and Assistant Principal Bonuses ([SL2026-41 Section 7A.2.](#)) (PRC 0045)

14. What employees are eligible for a bonus?

Instructional support personnel that serve multiple schools and whose salary is coded to location “000” should also have their bonus coded to “000.”

21. If a teacher/assistant principal employee leaves the district October 2nd, do they get this bonus?

An employee should receive their bonus payment from the PSU with which they were employed as of October 1, 2026.

25. Will charter, regional, and laboratory schools (collectively IPS) receive funds for this bonus?

Yes, Independent Public Schools (IPSs) will receive an equivalent dollars per ADM of these bonus funds but are not required to provide the bonuses. This allotment will occur after LEAs have paid these bonuses, likely in November, so that DPI can calculate a dollar per pupil amount for each LEA. Although IPS funding is flexible and may be expended for a wide range of purposes, the General Assembly “encourages these public schools to provide a bonus to the teachers and assistant principals” consistent with LEAs.

26. Are charter school teachers who are not licensed eligible for the bonus?

Charters receive an equivalent dollars per ADM of these funds, regardless of the number of certified teachers they employ. More than \$65,000	\$1,000

29. What is included in the \$65,000 salary requirement?

The determination of the salary (i.e., the eligibility for the \$750 additional bonus) is based on **all salary-related compensation** earned for the employees' permanent position(s). The determination should be made based on the employees' gross salary before any withholding. The gross salary should not include longevity pay or other benefits but must include any locally determined supplements (object 181 from any funding source) and/or pay that is part of the employees' annual compensation under TSERS.
