

Default Question Block

Dear Finance Officer:

As part of the mandatory ESSER Annual Report required by the U.S. Department of Education, NC DPI is required to provide data for each PSU that has received funds from the ESSER III 90% mandatory pass-through funding (PRC 181) outlining the amount of funds reserved by the PSU to address the impact of learning loss – which under the American Rescue Plan Act must be at least 20% of the PSU's PRC 181 funds – and the amount spent from the learning loss reserve during the current reporting period, which is July 1, 2021 through June 30, 2022. As DPI does not have access to this data, we are requiring each PSU to respond to this survey to provide the amount reserved from its PRC 181 allotment to address learning loss and the amount expended from that reserve during Fiscal Year 2022. In order to respond to any inquiries related to this data, please ensure that you maintain documentation substantiating the determination of the amounts expended for this purpose during FY 2022; such documentation is not required to be submitted to DPI at this time, but should be maintained within your files for PRC 181. As a reminder, the 20% learning loss reservation is a Federal statutory requirement. Failure to respond to this survey will result in DPI providing \$0 as a response for either component of the survey for non-responsive PSUs. Reporting \$0 for any PSU to the U.S.

Department of Education, particularly for the amount reserved for learning loss, may result in additional inquiries from USED for that PSU regarding compliance with the mandatory 20% learning loss reservation.

Responses are due from PSUs no later than close of business on **May 26, 2023**. To facilitate reporting, School Business has posted a spreadsheet with the official allotment amounts for PRC 181 on our website under “What’s New.” If you have questions regarding the completion of this survey, please contact either John Keefer (John.Keefer@dpi.nc.gov; (984) 236-2453) or Shirley McFadden (Shirley.McFadden@dpi.nc.gov; (984) 236-2258).
