

Extend Provisional License Area

This application is used to extend provisional license areas on your North Carolina professional educator's license by one year annually. Provisional licenses for school counselor and principal must be completed within three years of the original effective date. Other provisional areas may be extended for no more than five years from the original effective date.

Instructions:

1. Review and complete the on-line application information and "Statement of Applicant" questions.
2. Attach transcripts as evidence of course completion and any additional information to support your application, if required.
3. Submit the application and pay the nonrefundable and nontransferable processing fee, if applicable. This applies to license areas which have already expired.
