

Endorsed Exclusively by Ken O'Connor, the Grade Doctor

"PowerTeacher Pro raises the bar for both standards-based and traditional grading. It has a clean, thoughtful design that appropriately supports the use of evidence from both formative and summative assessment in ways that can be quickly mastered by not just a handful of enthusiastic individuals, but virtually all teachers within the school or district. *It is the new gold standard in standards-based grading.*"

Standards-based and traditional grading

PowerTeacher Pro is optimized for both standards-based and traditional grading so you never have to struggle to align grading methods.

Anytime, anywhere access

Responsive design to be available from any device with an internet connection, including Windows, Mac, iOS, Android, and Chromebooks.

User-friendly interface

All information is right at the teacher's fingertips with PowerTeacher Pro's intuitive and user-friendly interface.

Flexible data views

Each student's trends can be viewed graphically over the term or for most recent achievements, empowering the teacher to drive student growth. Graph views are also available for full classes or all classes, saving time in the analysis of student and class achievement.

Quick-fill technology

Significant time savings with quick-fill options for entering scores vertically and horizontally.

District-level configuration

Significant teacher hours are saved and consistency assured with district-level configuration.

Interface with parent and student portals

Real-time interface with parent and student portals eliminates lag time for accessibility and redundant data entry.

About PowerSchool

PowerSchool is the #1 leading education technology platform for K-12, serving more than 20 million students, 36 million parents, and 57 million users in over 70 countries around the world. We provide the industry's first Unified Classroom experience with best-in-class, secure, and compliant online solutions, including registration and school choice, student information systems, learning management and classroom collaboration, assessment, analytics, and special education management. We empower teachers and drive student growth through innovative digital classroom capabilities, and we engage families through real-time communications across any device.
