

Experiential Education: Getting Outside the Classroom

**Jeff Morris
Gray Stone Day School**

WHY

What we were looking for

- ☐ **Learning without worrying about grades**
- ☐ **A change of pace, a break from traditional school**
- ☐ **A chance to develop skills in collaboration, creativity**
- ☐ **Exposure to something they wouldn't normally do or something into which they want to dive deeper**
- ☐ **An opportunity for students to see teachers in a different light**

Where we started

Enrichment Weeks (E-Weeks)

A week long pause from regular classes so students can explore a topic of their choice.

Requirements

All academic classes must stop. No long term assignments can be due immediately upon returning.

Each activity must meet for an equivalent of 3 hours per day.

Review August 2017
