DIRECTIONS: To ensure that the organization's plan for the use of the Elementary and Secondary School Emergency Relief (ESSER) funds (PRC 163) as provided by the CARES Act is data-based and is reflective of needs that have emerged as a result of COVID-19, please provide answers to each section below:

PART A: Needs Assessment-LEA Data

In the space below provide data the LEA will use to determine its most important educational needs as a result of the disruption in educational services and subsequent shift to remote learning due to COVID-19.

- 0 of 25 schools where the facilities sufficiently support proper hygiene and sanitation protocols.
- 5 of 5 elementary schools have sufficient 1:1 devices available to support remote learning while only 6 of 20 middle and high schools have sufficient 1:1 devices to support remote learning
- 75% of students have sufficient internet access while not at school

Short, concise data points are all that are necessary. Long narratives are not required.

The data tells us that these are needs in our district/school(s)...

PART B: Data Analysis

In the space below, provide an analysis of the data submitted in Part A that will support allowable uses of ESSER funds (PRC 163) as provided by the CARES Act selected in Part C.

Based on the data above, Berryville County Schools has determined the following:

- Insufficient supplies exist to properly sanitize schools
- Schools do not have enough PPE to protect students and staff
- Training is necessary for all employees on hygiene and sanitation protocols prior to reopening
- 5th to 6th grade transition in all schools will not be the same because of the lack of devices
- All schools need devices to bring BCS to 1:1 districtwide to allow for online instruction to take place
- Training for BCS middle and high school teachers needs to occur to facilitate online instruction
- BCS will need to purchase an LMS to support online instruction
- Mobile hotspots are needed to provide students with internet access
- All schools need upgraded wireless to allow blended instruction to continue upon reopening

No data to support these analyses

PART C: Funded Strategies

In the space below, please check each strategy the LEA plans to fund utilizing ESSER funds (PRC 163) as provided by the CARES Act.

- ☐ Coordination of coronavirus response efforts between the LEA and other government organizations
- ☒ Providing principals and other school leaders with the resources necessary to address individual school needs
- ☒ Activities to address the unique needs of special student populations (e.g., low-income, disabled students, ELLs, minority students, homeless students, foster care students, etc.)
- ☐ Developing and implementing procedures and systems to improve the preparedness and response efforts of the LEA
- ☒ Training or PD for staff on sanitation and minimizing the spread of infectious diseases
- ☒ Purchasing sanitation supplies
- ☒ Planning for long term closures (check all that apply)
 - ☐ planning for providing meals to eligible students
 - ☒ planning for online learning
 - ☐ planning for meeting the requirements of IDEA during distance learning
 - ☐ other
- ☒ Purchasing educational technology (check all that apply)
 - ☒ hardware
 - ☒ software
 - ☒ connectivity
 - ☐ assistive technology
- ☐ Providing mental health services and support
- ☐ Planning and implementing activities related to summer learning and supplemental after-school program
- ☐ Other activities not previously listed and that are for any authorized ESEA program, IDEA program, CTE or Adult Education Program, Homeless Youth Education, or that are necessary to maintain the operation of and continuity of services in the LEA and continuing to employ existing staff of the LEA.

Ensure needs assessment is specific to hardware that is laptops, etc. vs. hardware for upgrades to wireless access in buildings

No data presented to support this strategy

PART D: Strategy Implementation

For each strategy selected in Part C, provide a description of how each strategy will be implemented, a timeline for providing services and assistance to students and staff in both public and non-public schools, and how the LEA intends to assess the effectiveness of the strategy with special attention to its impact on student learning.

Brief description of how each strategy will be implemented:

- 1-All BCS Staff will be trained in the BCS Sanitation and Hygiene protocol (SHP)
- 2-All BCS buildings will be sanitized using the process outlined in the SHP by June 30, 2020
- 3-Supplies required to effectively sanitize will be purchased

Timeline for implementation:

- 1-by August 1, 2020
- 2-by July 31, 2020
- 3-by June 30, 2020

Plan to measure impact:

- 1: Monitoring percentage of staff trained on a weekly basis; required for reentry
- 2 and 3: staff responsible for executing SHP will complete checklist once completed; site manager will submit to Chief of Staff

Although some uses of funds will overlap, in this example there is no plan, timeline, or measure of impact for planning for online learning nor purchasing educational technology and would result in the application not passing quality review.

PART E: Assurances

All assurances are required to receive ESSER funds (PRC 163) as provided by the CARES Act. The Superintendent or authorized representative's signature is required to indicate agreement with all assurances.

I assure that the above named District/Charter/Lab School will:

- ☒ Create a budget of reasonable, necessary, and allowable expenditures of ESSER funds that corresponds to the LEA plan as described in Parts A through D above.
- ☒ Create an equitable services consultation plan that addresses the ESSER funds (PRC 163) and contains a timeline that adheres to guidance put forth by the North Carolina Department of Public Instruction.
- ☒ Maintain documentation related to the use of ESSER funds (PRC 163) as part of the CARES Act that may be subject to audit or review.
- ☐ ~~Comply with the requirements of section 442 (20 U.S.C. 1232e) and section 427 (20 U.S.C. 1228a) of the General Education Provisions Act (GEPA).~~
