You should see a filtered list on the home screen.

The screenshot shows the PowerSchool interface. At the top, there is a navigation bar with the PowerSchool logo on the left and user information on the right: "Welcome [redacted] Help | Sign Out". Below this, the school name and term are displayed: "School: [redacted] Term: 14-15 Semester 2".

The main content area is titled "Start Page" and has tabs for "Students", "Staff", and "Parents". Below the tabs is a search bar with a magnifying glass icon and the text "Advanced View Field List [?]". Below the search bar is an alphabetical index: "A B C D E F G H I J K L M N O P Q R S T U V W X Y Z".

Below the index is a "Search Results (0)" section with a message: "There are no search results".

Below the search results is a "Current Student Selection (246)" section. It features a table with the following columns: "Student", "Grade Level", and "Student Number". UI Changes

The first thing you'll notice is the lack of a filters section. It's now hidden, with the individual filters used to display in dialogs.

The results pane now has icons next to every field with a filter. As that is now more likely to make views scroll off to the right, there is now an additional scroll bar at the top of the results pane.

The screenshot shows the PowerSchool interface for the Principal's Monthly Report (PMR 1). The interface includes a navigation menu on the left with sections for Functions, Reports, People, Setup, and Applications. The main content area displays the report data, including a 'Data Views' section with filters for 'Data View', 'PMR Views', and 'PMR Detail'. Below this is a 'Results' section showing a table of student enrollment data for PMR Month 1. The table has 18 columns: PMR Month, Student Name, Student State ID, Admission Status, Ethnicity, Gender, Grade, E1, E2, R1, R2, R3, Total, W1, W2, W3, W4, and MEM Last Day NVIO. The data is filtered to show 8 records.

Clicking on one of the filter icons will bring up a dialog with the filter options for that column. The logic is the same as before, but there is no longer need for a checkbox.

The screenshot shows the PowerSchool interface for the Principal's Monthly Report (PMR 1). The left sidebar contains navigation menus for Functions, Reports, and People. The main content area includes a 'Data Views' section with dropdowns for 'Choose view category' (set to 'PMR Views') and 'Choose data view' (set to 'PMR Detail'). Below this is a 'Results' section titled 'PMR Detail (578 total records)' with a 'Results per page' dropdown set to 25. A table displays student enrollment data with columns for PMR Month, Student Name, Student State ID, Admission Status, Ethnicity, and various enrollment metrics (E2, R1, R2, R3, Total, W1, W2, W3, W4, MEM Last Day, WWO). An 'Ethnicity' filter dropdown is open over the table, showing options: Unknown, Asian, Black or African American, Hispanic, Native Hawaiian/Pacific Islander, Two or More, and White. The table data is as follows:

| PMR Month | Student Name | Student State ID | Admission Status | Ethnicity | E2 | R1 | R2 | R3 | Total | W1 | W2 | W3 | W4 | MEM Last Day | WVO |

There are two buttons on the dialog - "Add Filter" and "Remove Filter". Clicking "Add Filter" after selecting a value from the dropdown list will trigger a refresh of the view with the filter applied. Note that the icon for that column has changed to reflect that there is a filter applied to it.

The 'PMR Month' column has a filter icon (a downward arrow) and a value of '1' is displayed. The table contains 9 rows of data, all with an 'E1' value of 1 and other enrollment values of 0. The 'MEM Last Day NVIO' column shows a value of 1 for all rows.
