 - d. Serve meal supplements free or at a reduced price to all children who are determined by the SFA to be eligible for free or reduced-price school meals under 7 CFR 245.
 - e. If charging for meal supplements, the charge for a reduced-price meal supplement shall not exceed 15 cents.
 - f. Claim reimbursement at the assigned rates only for meal supplements served in accordance with the Agreement.
 - g. Conduct an on-site review of each after school site at least two (2) times per year; the first review shall be made during the first four (4) weeks that the ASSP is in operation each school year, except that an after school program operating year round shall be reviewed during the first four (4) weeks of its initial year of operation, once more during its first year of operation, and twice each school year thereafter, with the first review conducted during the first four weeks.
 - h. Provide a point of service participation count and ASSP production record which provides documentation that only students in attendance received one snack per day and the snack provided meets the minimum meal pattern requirements for the age group in the ASSP.
 - i. Claim meal supplements based on accurate "point of service" meal supplement counts.
5. Shall comply with USDA's Civil Rights Guidance as contained in FNS Instruction 113-1 and reads follows:

"The SFA hereby agrees that it will comply with Title VI of the Civil Rights Act of 1964 (42 U. S.C. 2000d et. seq.), Title IX of the Education Amendments of 1972 (20 U.S.C.

1681 et. seq.), Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794), the Age Discrimination Act of 1975 (42 U.S.C. 6101 et. seq.); all provisions required by the implementing regulations of the Department of Agriculture; Department of Justice Enforcement Guidelines, 28 CFR 50.3 and 42; FNS directives and guidelines to the effect that, no person shall, on the grounds of race, color, national origin, sex, age, or disability, be excluded from participation in, be denied benefits of, or otherwise be subject to discrimination under any program or activity for which the SFA receives Federal financial assistance from FNS; and hereby give assurance that it will immediately take measures necessary to effectuate this Agreement.”

By accepting this assurance, the SFA agrees to complete the Civil Rights Checklist prior to December 15, compile data, maintain records and submit reports, as required, to permit effective enforcement of the non-discrimination laws and permit authorized USDA personnel during normal working hours to review such records, books and accounts as needed to ascertain compliance with the non-discrimination laws. If there are any violations of this assurance, the Department of Agriculture, Food and Nutrition Service, shall have the right to seek judicial enforcement of this assurance; this assurance is binding on the SFA and its successors, transferees and assignees, as long as they receive assistance or retain possession of any assistance from the SA.

6. Shall abide with and shall require all school personnel to abide with the following ethics clause as required by the National School Lunch Act:

“Whoever willfully misapplies, steals or obtains by fraud or embezzlement any funds, assets or property provided under the National School Lunch Program and/or School Breakfast Program whether received directly or indirectly, shall if such funds, assets or property are of a value of \$100 or more, be fined no more than \$25,000 or imprisoned not more than 5 years or both; or if such funds, assets or property are of a value of less than \$100, be fined not more than \$1,000 or imprisoned not more than 1 year or both. Whoever receives, conceals or retains for personal use or gain, funds, assets or property provided under the National School Lunch Program and School Breakfast Program, whether received directly or indirectly, knowing such funds, assets or property have been embezzled, willfully misapplied, stolen or obtained by fraud, shall be subject to the same penalties.”

7. Abide with conditions prescribed in USDA Waivers when indicated. When conditions (natural disasters, pandemics or other) warrant program flexibilities made possible through USDA waivers that promote the service of nutritious meals to students/children in a manner that supports program integrity, the SFA agrees to administer, operationalize, manage, monitor waiver implementation while fulfilling all reporting and auditing requirements related to the waivers accepted by the SFA.
8. Agree to have an audit conducted annually of all Federally-assisted School Nutrition Programs subject to the “Single Audit Act” and applicable federal circulars.

C. The SA and the SFA mutually agree that:

1. Schools or sites may be added or deleted by amending this Agreement as the need arises and references herein to schools or sites within the SFA shall be deemed to include all schools or sites as added through the Site Application.

2. Both shall cooperate with USDA officials and contractors conducting evaluations and research in the School Nutrition Programs.

Policy Statement for Providing Free and Reduced Price Meals to Students

This document is part of the Agreement between the FACILITY/SITE/SFA and the SA to administer the Federally assisted School Nutrition Programs.

The School Food Authority (SFA) accepts responsibility for providing **free and reduced-price meals and/or free milk and after school snacks** to eligible children. The Facility/Site/SFA assures the North Carolina State Board of Education, Department of Public Instruction, that the Facility/Site/SFA will uniformly implement the following policies to administer the program(s) in all schools and sites under its jurisdiction. In fulfilling these responsibilities, the Facility/Site/SFA agrees to the following provisions:

- A. Serve meals free to children from households whose income is at or below the free meal eligibility scale listed in the current income eligibility guidelines, or whose participation in Food and Nutrition Services (formerly Food Stamp Program), Work First Cash Assistance (formerly Temporary Assistance for Needy Families or TANF) or the Food Distribution Program on Indian Reservations (FDPIR) qualifies them for direct certification for free meals, or whose migrant, homeless, runaway or foster child status or other Federally-approved status as prescribed by the United States Department of Agriculture, entitles them for categorical eligibility for free meals;
- B. Serve meals at a reduced price to children from households whose income is at or below the reduced-price meal eligibility scale listed in the current income eligibility guidelines and/or use the state allocation and other available resources for the student co-pay for reduced price breakfast meals (\$.30 per meal) to serve breakfast meals at no charge to students who are eligible for reduced price meals;
- C. Set reduced price charges for lunch and breakfast at or below the maximum reduced price allowed by regulations and below the full price of the lunch or breakfast. Reduced-price breakfast and lunch shall be served free of charge to qualifying students using the state allocation provided under Session Law 2023-134 and reduced-price snacks shall be served at \$.15 or less.
- D. Ensure food is not used as a means of rewarding or punishing students for any purpose;
- E. Ensure no physical segregation or other overt identification of, nor any other discrimination against, any child because of his/her inability to pay the full price. The names of children eligible to receive free or reduced-price meals shall not be distributed, published, posted, disclosed or announced in any manner, and there shall be no overt identification of any such children by use of special tokens, tickets, identification numbers or any other means. Further assurance is given that children eligible for free or reduced-price meals shall not be required to:
 - 1. Work for their meals;
 - 2. Use separate dining room areas;
 - 3. Go through a separate serving line;
 - 4. Enter the dining room through a separate entrance;
 - 5. Eat meals at a different time;
 - 6. Eat a meal different from the one sold to children paying the full price.

- F. Operate the School Nutrition Programs so that no child shall be discriminated against on the basis of race, color, national origin, sex (including gender identity and sexual orientation), age, or disability, nor are students separated during the meal service based on gender or other protected criterion.
- G. Authorize the School Nutrition Administrator to serve as the Determining Official for the Facility/Site; the Determining Official shall determine student's meal eligibility status based on the 2025-2026 eligibility guidelines. This official agrees that information on the application will be used to determine the child's eligibility for only those benefits designated by the parent/guardian. The determining official is also authorized to make decisions about extending school meal benefits to students residing in households where other students are directly certified for free meals and who are subsequently eligible to receive them based on USDA guidance. (Note: the Determining Official may not serve as the Hearing Official. See Item L.) Facilities are responsible for assuring that the certification and verification processes meet all regulatory requirements and policies including the calculation of income frequencies.
- H. Develop and make available to each child's parent or guardian, a letter as outlined herein, including a household application for free or reduced-price meals, at the beginning of each school year. Parents will be responsible for completing a household application and returning it to the school or Board of Education for review. Such applications and documentation of action taken will be maintained for three (3) years after the end of the school year to which they pertain. Applications are effective for one year. Any parent enrolling a child in a school for the first time, at any time during the year, shall be provided an application for meal benefits. If a child transfers from one school to another under the jurisdiction of the Facility/Site, his eligibility for free or reduced-price meals will be transferred to, and honored by, the receiving school. Parents or guardians will be notified, within 10 working days, of the acceptance or denial of their applications. Children will be served meals immediately upon the submission of a complete application; children whose applications are approved for free meal benefits shall not incur charges during the application processing period.

Use data from the State Agency's Direct Certification Technology System to issue meal benefits to students who are directly certified for free meals and to notify the students' households of free meal benefits and allow the household the opportunity to decline free meal benefits should they choose to do so.

Public Law 111-296 allows certification of a foster child for free meals, without application, if the Facility/Site or other School Nutrition Program institution obtains documentation from an appropriate State or local agency indicating the status of the child as a foster child whose care and placement is the responsibility of the State or that the foster child has been placed with a caretaker household by a court. The foster child is categorically eligible and may be certified for meal benefits without an application. Households with foster and non-foster children may choose to include the foster child as a household member, as well as any personal income earned by the foster child, on the same household application that includes their non-foster children; this will streamline the application process and may help the foster family's non-foster children qualify for free or reduced-price meals based on household size and income.

In processing the application, the Facility/Site would certify the foster child for free meals, and then make an eligibility determination for the remainder of the household based on the household's income (including personal income earned by the foster child) or other categorical eligibility information reported on the application. Foster payments

received by the family from the placing agency are not considered income and do not need to be reported. The presence of a foster child in the household does not convey eligibility for free meals to all children in the household in the same manner as Food and Nutrition Services (FNS), Work First Cash Assistance (formerly Temporary Assistance for Needy Families or TANF), Food Distribution Program.

When an application is denied, parents or guardians will be provided written notification which shall include the following:

1. the reason for the denial of benefits, (for example: income in excess of allowable limits or incomplete application);
 2. notification of the right to appeal the denial of benefits;
 3. specific instructions on how to appeal; and
 4. a statement reminding parents that they may reapply for free and reduced-price meal benefits at any time during the school year. (Note: The reasons for ineligibility shall be properly documented and retained on file at the SFA level.)
- I. Select and verify by November 15 the eligibility of a sample of the approved free and reduced-price applications on file as of October 1. The SFA further agrees to maintain the following records relative to verification for a period of three (3) years after the end of the fiscal year:
1. total number of applications on file as of October 1;
 2. documentation of the sample selection; and
 3. a summary of all verification activities and outcomes.
- J. Conduct a second review of all applications to ensure the applications are complete and benefits are accurately issued. This includes applications that were initially determined to be ineligible for free and reduced-price benefits (i.e. denied by the initial reviewer).
- K. Designate individuals within the Facility/Site who are authorized to serve as liaisons in the following areas:
- Migrant Liaison;
 - Homeless/Runaway Liaison;
 - Head Start Liaison;
 - Even Start Liaison; and
 - Foster Child Liaison.

These liaisons will be authorized to provide official, accurate information to the Facility/Site's determining official for the purpose of determining categorical eligibility for students who meet pre-established criteria.

- L. Designate a Hearing Official to establish and use a fair hearing procedure under which:
1. a household can appeal a decision made on the original application;
 2. a household can appeal an adverse action made because of verification of an application; and
 3. the SFA can challenge the continued eligibility of any child. During the appeal and hearing, the child who was determined to be eligible based on the

application submitted will continue to receive free or reduced-price meals or free milk.

The Hearing Official must be someone not involved in the original eligibility determination. It is suggested that the Hearing Official hold a position at a higher administrative level than that of the Determining Official.

HEARING PROCEDURE

Prior to initiating the hearing procedure, the school official, the parent(s) or the guardian may request a conference to provide an opportunity for the parent(s)/guardian(s) and school official(s) to discuss the situation, present information, obtain an explanation of data submitted in the application and the decisions rendered. Such a conference shall not in any way prejudice nor diminish the right to a fair hearing.

The designated hearing official shall ensure that the hearing procedure provides the following for both the household and the Facility/Site:

1. A publicly-announced, simple method for making an oral or written request for a hearing.
2. An opportunity to be assisted or represented by an attorney or other person.
3. An opportunity to examine, prior to and during the hearing, the documents and records presented to support the decision under appeal.
4. Reasonable promptness and convenience in scheduling a hearing, and adequate notice as to its time and place.
5. An opportunity to present oral or documentary evidence and arguments supporting a position without undue interference.
6. An opportunity to question or refute any testimony or other evidence and to confront and cross examine any adverse witness(s).
7. A fair hearing that will be conducted and a subsequent decision made by an official who did not participate in the original decision under appeal (or any previous conference).
8. A fair and impartial decision made by the hearing official that will be based on the oral and documentary evidence presented at the hearing and entered into the hearing record.
9. Written notification of the decision to all parties concerned and any designated representative thereof;
10. A written record, including the decision under appeal, any documentary evidence and a summary of any oral testimony presented at the hearing, the decision of the hearing official and the reasons therefore, and a copy of the notification to the parties concerned of the hearing official's decision; and,

11. Retention of such written record must be retained for a period of three (3) years after the close of the school year to which it pertains; these records must be made available for examination by the parties concerned or their designees at any reasonable time and place during such period.
- M. Submit a public/press release annually to notify the public of the process for applying for free and reduced-price meal benefits and by extension, the Summer-Electronic Benefits Transfer (S-EBT) as an approved household application qualifies children on the application for S-EBT issuance through the NC Department of Health and Human Services. At such time during the course of the year the Facility/Site is informed of major employers contemplating or experiencing large layoffs, or other conditions that would result in loss of income to households, the Facility/Site will provide specific information about applying for free or reduced-price school meal benefits to employees whose children may be enrolled in the Facility/Site. In addition, the Facility/Site agrees to provide such a public release whenever there is a change in eligibility criteria, unless specifically exempted from doing so. The public release must inform the household to contact the school or Facility/Site if any student was not listed on the application.
- N. Establish a written procedure to collect money from children who pay for their meals and milk and to account for the number of free, reduced price, and full price and alternate meals served. The procedure described will be used so that no other child in the school will be aware of such procedure or the identity of the children receiving free or reduced-price meals or free milk.
- O. Submit to the North Carolina Department of Public Instruction, Office of School Nutrition, 6324 Mail Service Center, Raleigh, NC 27699-6324, any revisions to the administrative procedures outlined in this policy statement before implementation. Such changes will be effective only upon approval by the department. All changes in eligibility criteria must be publicly announced in the same manner used at the beginning of the school year.

LEAs must submit the **Healthy Active Children Policy Report** indicating the LEA's progress towards achieving the goals as stated in the NC State Board of Education Healthy Active Children Policy and the Local Wellness Policy and conduct at least a triennial assessment to evaluate the extent to which schools are in compliance with the Local Wellness Policy, how the Local Wellness Policy compares to statutory requirements and the LEA's progress made in attaining the goals of the Local Wellness Policy and make the evaluation results available to the public.
