**Food Safety** – Validation that all selected schools meet the food safety and storage requirements, and comply with the Buy American provisions specified by the regulations

Finding Detail: Canned food items were not labeled with the month and year. Some cases were labeled with the month and day. The year is to be included. Products removed from the original case should be labeled.

Finding 2: Four sections of the HACCP plan for the 2016-2017 school year have not been completed. They are listed below: - HACCP Binder, Part 2, which includes the food safety team, etc., must be completed. HACCP Binder, Part 2 The non-domestic approval form should include all non-domestic products that have received prior approval by the School Nutrition Director to be accepted or rejected at the time of delivery. HACCP Binder, Part 3 The daily operations monitoring logs should be completed entirely. The sanitizing solution chemical range should be recorded on the Daily Kitchen Assessment monitoring log. HACCP Binder, Part 3 The cooling log should be completed and filed when cooling leftovers for re-service.

Finding 3: Transported food temperatures are not being monitored and recorded prior to service to students. If the thermometer reading of a Temperature Controlled for Safety (TCS) food is in the "temperature danger zone" then the food should not be served to students until it is reheated to the proper temperature for 15 seconds, minimum. Temperature as a Public Health Control (TPHC) procedure is another option for ensuring the food safety of transported meals.
