

DISCLOSURE OF STUDENT'S ELIGIBILITY STATUS FOR FREE AND REDUCED-PRICE MEALS AND ECONOMICALLY DISADVANTAGED STATUS

MEMORANDUM OF AGREEMENT

I. PURPOSE AND SCOPE

The Office of School Nutrition and Auxiliary Services and the Office of Accountability and Testing of the NC Department of Public Instruction (NCDPI) acknowledge and agree that children's meal eligibility status obtained under provisions of the National School Lunch Act (42 USC 1751et. seq.) or Child Nutrition Act of 1966 (42 USC 1771 et. seq.) and subsequent amendments, and the regulations implementing those Acts is confidential information and must be treated accordingly. This Agreement is intended to ensure any information disclosed by School Nutrition Administrators to the Testing Coordinators/Directors at the local level about children eligible for free and reduced price meals will be used only for purposes specified in this Agreement and for no other purpose(s). The Office of School Nutrition and Auxiliary Services recognize there are penalties for unauthorized disclosures of this eligibility information that are enforceable under the law.

II. AUTHORITY

Section 9(b)(2)(C)(iii) of the National School Lunch Act (42 USC 1758(b)(2)(C)(iii)) authorizes the limited disclosures of students' free and reduced-price meal eligibility information to specific programs or individuals without prior parent/guardian consent. The parent/guardian must be provided the opportunity to decline to share eligibility information prior to the disclosure of this information for the purposes of identifying children eligible for benefits under or enrolling children in the State Medicaid Program and the State Children's Health Insurance Program. Additionally, the statute specifies that for any disclosures not authorized by the statute, the consent of children's parents/guardians must be obtained prior to the disclosure. Federal or State mandated education programs may have access to children's confidential meal eligibility status for reporting purposes only. Local education initiatives, programs and personnel, outside of the School Nutrition Programs, are unauthorized to receive and/or utilize this confidential information without prior written consent of the parent/guardian.

III. RESPONSIBILITIES

The Office of School Nutrition and Auxiliary Services, NC Department of Public Instruction (NCDPI) will be responsible for the following:

Will direct School Nutrition programs in the Public School Units (PSUs) that the terms "free and reduced price meal eligibility status" or any other terms related to the National School Lunch Act are not used in the disclosure of student's economic status to the person(s) directly authorized to receive the information. Instead, any disclosure of student's eligibility for meal benefits under the National School Lunch Act (and subsequent Acts and Regulations) shall be disclosed as follows:

The following students are designated Economically Disadvantaged Students (EDS) for testing and reporting purposes pursuant to the Elementary and Secondary Education Act (PL 107-110) as reauthorized by the Every Student Succeeds Act of 2015.

When required, secure parental/guardian consent prior to any disclosure not authorized by National School Lunch Act or any regulations under that Act, unless prior written consent has been previously obtained from the parent/guardian;

For the State Medicaid Program, the State Children's Health Insurance Program, or the Community Eligibility Provision, shall notify parents/guardians of potential disclosures and provide an opportunity for parents/guardians to elect not to have information disclosed;

Disclose children's confidential meal eligibility status only to persons directly connected to the administration or enforcement of programs as shown in the list of authorized recipients, (<https://www.rep.dpi.state.nc.us/2026/docs.html>) as identified by the Office of Accountability and Testing under the National School Lunch Act or subsequent regulations under the Act or to programs or services for which parents/guardians have provided prior written consent;

Notify the Office of Accountability and Testing of all MOAs established between the Office of School Nutrition and Auxiliary Services and other organizational units within the North Carolina Department of Public Instruction whenever those MOAs involve individually identifiable EDS data.

The Office of Accountability and Testing will:

Serve as the authoritative data source for individual-level EDS data within DPI.

Ensure access to EDS information is restricted to:

- persons within the PSU and/or institutional unit who are officially designated by the PSU Superintendent or institutional head as Testing Coordinators/Directors or their designee for North Carolina testing and accountability functions (see provided list at <https://www.rep.dpi.state.nc.us/2026/docs.html>);
- persons currently employed as a Regional Accountability Coordinator (RAC) or Regional Computing Consultant (RCC) in the State's educational regions;
- persons within the NCDPI authorized to have access under any MOA in effect between the Office of School Nutrition and Auxiliary Services and other organizational units of the NCDPI, insofar as the Office of Accountability and Testing has been informed by the Office of School Nutrition and Auxiliary Services of the existence of such MOAs; and,
- federal reporting requirements outlined in the United States Department of Education (USED) and the United States Department of Agriculture (USDA) per NCDPI Data Management Group (DMG) guidelines.
- personnel authorized by the NCDPI pursuant to Federal Requirements associated with the National Assessment of Educational Progress (NAEP).

Ensure none of the information obtained from the local School Nutrition Program may be downloaded, entered or otherwise stored in the North Carolina Student Information System (NCSIS) or any other data warehouse or data management system in any school or PSU.

Ensure none of the information obtained from the School Nutrition Program may be disclosed to a third party for any purpose; disclosure to a third party constitutes a breach of the MOA and may result in revocation of the individual's, group's or program's authorization to receive the data in the future. Disclosure to an unauthorized individual or group may also be grounds for dismissal as agreed upon in the legally binding agreement between the department and the PSU.

Use children's free and reduced-price meal eligibility information for the following purpose(s):

An electronic file containing the student's confidential meal eligibility status, by school, will be provided to the Testing Coordinator/Director. The Testing Coordinator/Director will upload this information as required to the Office of Accountability and Testing through the accountability secure shell as required. The data will be used to: (a) provide State and Federally-mandated reports of educational progress for North Carolina; (b) comply with currently effective MOAs issued by the Office of School Nutrition and Auxiliary Services to organizational units within the DPI; and (c) satisfy NCDPI business requirements which may arise from time-to-time insofar as they are not in conflict with DPI policies or relevant Federal and State statutes cited in Sections I through III of this MOA.

Ensure at no time will a student's individual identity be revealed except as required to meet statutory requirements or the provisions of currently effective MOAs issued by the Office of School Nutrition and Auxiliary Services or Federal requirements of USED and USDA reporting.

Inform all persons that have access to EDS information of the following:

- (1) The information is confidential;
- (2) Student's confidential eligibility information must be used only for purposes specified above;
- (3) No mention of the terms used in conjunction with the National School Lunch Act (i.e., free and/or reduced-price lunch) may be used when communicating (print, verbal, electronic or other media) this information; and
- (4) The penalties for unauthorized disclosures.

Ensure any misuse of the information concerning student's socioeconomic status is reported immediately to the Office of School Nutrition and Auxiliary Services, Data and Program Analysis Section of the NC Department of Public Instruction; and

Protect the confidentiality of children's meal eligibility information status and/or socioeconomic status as follows:

For schools and districts that participate in the National School Lunch Program (NSLP) but do not participate in the Community Eligibility Provision (CEP), School Nutrition Programs in the local School Food Authorities will furnish an electronic file containing the names (and other identifying data, where required) of students who qualify as economically disadvantaged only to those Testing Coordinators/Directors authorized by this MOA. Students will be identified only as economically disadvantaged or EDS and will not be identified by their confidential free and/or reduced-price meal eligibility status. PSU Testing Coordinators/Directors who have access to individual EDS statuses will not release the information in any manner (print, electronic, verbally or otherwise) to other school or PSU staff except as specifically required to comply with this agreement between the Office of School Nutrition and Auxiliary Services and the Office of Accountability and Testing.

For schools and districts participating in the Community Eligibility Provision (CEP) and for schools that do not participate in the National School Lunch Program (NSLP), the Office of School Nutrition and Auxiliary Services at the NCDPI will furnish a current electronic file containing the names (and other identifying data, where indicated) of all students enrolled in the Public Schools of North Carolina who qualify as economically disadvantaged as reflected by

their Direct Certification status; the file will be provided to the Office of Accountability and Testing at DPI as required. Testing Coordinators/Directors who have access to the individual EDS statuses will not release the information in any manner to other school or PSU staff except as specifically required to comply with this agreement between the Office of School Nutrition and Auxiliary Services and the Office of Accountability and Testing. It is acknowledged that not all economically disadvantaged students are reflected in the data provided through the Direct Certification file.

Protect the confidentiality of student's meal eligibility information and/or socioeconomic status during the transfer of information as follows:

The information about eligible students will be transferred electronically via secure submission at the State level for use in accountability reporting. Electronic files will be stored securely. At the local level, a list of students qualifying for free and reduced-price meals will be provided by secure electronic file or via paper document. Paper documents will be stored securely and destroyed when they are no longer needed.

IV. EFFECTIVE DATES

This agreement shall be effective from **July 1, 2025, through June 30, 2026.**

V. PENALTIES

Any person who publishes, divulges, discloses, or makes known in any manner, or to any extent not authorized by Federal law (Section 9(b)(2)(C) of the National School Lunch Act; 42 USC 1758(8)(2)(C) or a regulation, any information about a child's eligibility for free or reduced-price meals shall be fined not more than a \$1,000 or imprisonment of not more than 1 year or both.

VI. SIGNATURES

All parties acknowledge that children's free and reduced-price meal eligibility information may be used only for the specific purposes stated above; that unauthorized use of free and reduced-price meal information or further disclosure to other persons or programs is prohibited and constitutes a violation of federal law which may result in civil and criminal penalties. Disclosure of student's confidential meal eligibility status to unauthorized individuals or groups may also constitute grounds for dismissal as reflected in the legally binding agreement between the department and the PSU.

Please note any and all attachments will become part of this agreement.

For each program or person requesting student's confidential eligibility status, the following table must be completed and attached to the Memorandum of Agreement.

The **Name of Program** certifies that it is currently authorized to administer the following program(s) and that information requested will only be used by the program(s) indicated:

Check all that apply	III. Program	Information Authorized
	<i>Medicaid</i> or the <i>State children's health Insurance program</i> (SCHIP), administered by a State or Local agency authorized under titles XIX of XXI of the Social Security Act. Specify Program:	All eligibility information, unless parents elect not to have information disclosed.
	<i>State health program</i> other than Medicaid/SCHIP, administered by a State agency or local education agency. Specify Program:	Eligibility status only; consent not required.
	<i>Federal health program</i> other than Medicaid/SCHIP Specify Program:	NO eligibility information, unless parental consent is obtained.
	<i>Local health program</i> Specify Program:	NO eligibility information, unless parental consent is obtained.
	<i>School Nutrition Program</i> under the National School Lunch Act or School Nutrition Act Specify Program:	All eligibility information; consent not required.
	<i>Federal/State or local means tested nutrition program</i> with eligibility standards comparable to the National School Lunch Program. Specify Program:	Eligibility status only; consent not required.
X	<i>Federal education program</i> Specify program: Title 1, ESEA, NAEP	Eligibility status only; consent not required.
X	<i>State education program</i> administered by a State agency or local education agency Specify Program: NC Accountability Systems	Eligibility status only; consent not required.
	<i>Local education program</i> Specify Program:	NO eligibility information, unless parental consent is obtained.

Note: Section 9(b)(2)(C)(iv) specifies that certain programs may receive children's eligibility status only, without parental consent. Parental consent must be obtained to disclose any additional eligibility information. Section O(b)(2)(C)(iv) specifies that for State Medicaid or SCHIP, parents must be notified and given opportunity to elect not to have information disclosed. Social security numbers may only be disclosed if households are given notice of the disclosure and the uses to be made of their social security numbers as required by Sec. 7 of the Privacy Act.
