As a result of the required screenings, evaluations and review of existing information, what do we now know about the student?

Strengths	
Needs	

To be determined eligible in the disability category of Traumatic Brain Injury, the following must be documented:

Characteristic	Documentation/Summary
Written verification, by a licensed physician or a licensed psychologist, appropriately practicing in the specialty of neuropsychology, which documents the child has sustained an injury from which brain injury can be inferred.	
Current (within one year) psychological evaluation for traumatic brain injury conducted by appropriately licensed school psychologist or psychologist licensed in the specialty of neuropsychology who also meets the guidelines of the EC Division for the assessment of children with TBI and is listed on the registry of approved providers.	

What is the adverse effect on educational performance?

What evidence exists that the student requires specially designed instruction?

After completing the Eligibility Worksheet, the IEP Team must determine eligibility. (Complete the Eligibility Report)
