Introduction to Manual

The purpose of this manual is to assist Local Education Agency (LEA) and Department of Public Instruction (DPI) staff to determine requirements for (i) initial licensing of teaching candidates through the CTE Restricted route, (ii) current faculty to add additional areas of licensure, (iii) current educators to add provisional areas, and (iv) current educators to add CTE Support Services licenses.

Requirements for teachers entering the profession through the **lateral entry** process or **residency** process should follow the guidance in State Board of Education policy LICN-001.

All requirements for Initial Professional Licenses, including those following the CTE Restricted route, must be met by the end of the third year to be eligible to convert the license to a Continuing Professional License.

CTE Restricted Licenses require that teaching candidates have related work experience for the CTE program area as well as the related degree. The work experience requirement is a major difference between a Restricted License route and the Lateral Entry License route. Related Degrees and Related Work Experience lists are provided as examples. These are not all-inclusive lists of the degrees and work experience that may be considered, rather they show the types of degrees and experiences that may be considered relevant.

CTE Restricted Licenses allow candidates to obtain an Initial Professional Educator license based primarily on the candidate's work experience. An associate degree or high school diploma is the minimum education requirement in some CTE licensure areas as long as the candidate meets the required work experience for the CTE Restricted route. If the candidate does not have a bachelor degree, pay is held in escrow as explained in the appendix of this document. Initial Professional Licenses obtained through the CTE Restricted License route result in a restricted Continuing Professional License. The license is restricted from adding additional non-CTE areas. CTE areas may added as long as the educator holds the minimum degree level for the additional area. For example, educators with a Continuing Professional License in a CTE area based on a high school diploma, may add other CTE areas also based on a high school diploma. In this example, areas that require an associate or bachelor degree could not be added.

CTE staff encourages teachers to participate in the NC DPI sponsored New Teacher Induction program in the first year of teaching. The induction program is designed to meet the specific needs of new teachers and is most valuable early in the teaching career. The induction is required for educators pursuing a CTE Restricted License and must be completed within the first three years of teaching.

Contact information for CTE staff can be found at:

<http://www.ncpublicschools.org/cte/directory/specialty>. Please contact staff for information related to required workshops or credentials.

Please note that the field of Career and Technical Education changes often. Refer to the manual each year for updates that will be effective in July to ensure you have the most recent information.

CTE Teaching Licenses

Program Area: Agriculture Education

<p style="text-align: center;">700</p> <p style="text-align: center;">Agriculture Education</p>	<p>Required Degree Level: Bachelor’s</p> <p>Examples of Related Degrees: Agricultural Business Management, Agricultural Development, Agricultural Engineering, Agricultural Studies, Agronomy (Crops/Soils), Animal Science, Equine Science, Veterinary Science, Forestry, General Agriculture, Horticulture, Natural Resource Management, Poultry Science, Range Management</p> <p>Required Years of Work Experience for the CTE Restricted route: 2 years within past 5 years</p> <p>Examples of Related Work Experience: animal health specialists, veterinarian, conservation scientists, environmental science and protection technicians, extension agent, farm and ranch manager, foresters, horticulturist, integrated agriculture production specialist, landscaping and grounds keeping workers, nursery technician, wildlife enforcement officer, zoologists and wildlife biologists</p> <p>Semester Hours Required for License: 18</p> <p>Required Courses: 15 Semester Hours from:</p> <ul style="list-style-type: none"> • Curriculum, Instructional Planning, and Assessments • Instructional Methods • Literacy/Reading Methods • Meeting Special Learning Needs or Introduction to Exceptionalities or Diversity • Classroom Management or Learning Theory or Learning Styles or Motivation or How Adolescents Learn <p>Elective Courses: 3 Hours from:</p> <ul style="list-style-type: none"> • Career and Technical Student Organization Management • Supervised Agricultural Experience • <p>Required Credentials: N/A</p> <p>Required Induction for the CTE Restricted route: Agriculture Education New Teacher Induction (contact Agricultural Education Staff at North Carolina State University for details)</p>

Adding Additional CTE Areas

Any educator with a non-restricted Continuing Professional License may add a CTE License Area by meeting one of the requirements in the numbered list below. Educators with restricted continuing professional licenses in a CTE area, may add another CTE area as long as they hold the required degree level for the additional area. All requirements must be met before submitting the application to add the new area to the current license.

- 1) completing an NCSBE approved educator preparation program in the additional area
- 2) satisfying NCSBE approved testing requirements in the additional area
- 3) completing 24 semester hours in the subject area with a grade of “C” or better in each course
- 4) earning industry credentials required for the eligible license (*see licenses eligible for add on via this option in table below*)
- 5) meeting eligibility criteria and completing requirements for the CTE Support Services license areas

License Area	License Number	Credential(s)
FCS-Food & Nutrition/Culinary Arts	716	ServSafe Food Protection Manager Certification
Health Science Education-RN	720	Registered Nurse
T & I-Collision Repair	74010	I-Car Prolevel III Non-Structural Repair & Refinishing
T & I-Automotive Sciences	74015	ALL of the following: ASE Brakes, ASE Electrical, ASE Suspension & Steering
T & I-Construction	74026	ALL of the following: NCCER ICTP, NCCER “Your Role in Green Environment”, OSHA 10 Hour Construction Safety
T & I-Drafting	74070	ALL of the following: Certified SolidWorks Associate-Academic (CSWA-A) OR Autodesk Certified User AutoCAD, Autodesk Certified User Inventor, Autodesk Certified User Revit
T & I-Welding	74080	ALL of the following: American Welding Society (AWS) SMAW 1234 FG, AWS GMAW 1234 FG, AWS FCAW 1234 FG
T & I-Manufacturing	74090	ANY of the following: <ul style="list-style-type: none"> • Certified Production Technician (CPT) • Woodwork Career Alliance Certification • Electronics Technicians aCET certification • NIMS in all of the following areas: Measurement, Materials & Safety, Job Planning, Benchwork & Layout, Manual & Milling Skills 1
T & I-Digital Media	74098	ALL of the following: Adobe Certified Associate-Visual Design, Adobe Certified Associate-Photoshop, Adobe Certified Associate-Illustrator
T & I-Public Safety	74099	ANY of the following: <ul style="list-style-type: none"> • NC Department of Public Safety C.E.R.T. • NC Office of State Fire Marshall Fire Fighter Instructor • NC Office of Emergency Management EMT Instructor • International Foundation of Protective Officers Certification

Provisional CTE Areas

Educators with an Initial Professional License or a Continuing Professional License, restricted or non-restricted, are eligible to add an area provisionally if assigned in the area AND if they hold the required degree level for the provisional area. **The LEA must request the provisional license area.** Educators have up to five years from the first effective date of the provisional license to complete requirements and clear the provisional status. A request to extend the provisional license area must be submitted annually via the NCDPI Licensure Online System. Educators may choose one of the options below:

- 1) completing an NCSBE approved educator preparation program in the additional area
- 2) satisfying NCSBE approved testing requirements in the additional area
- 3) completing 24 semester hours in the subject area with a grade of “C” or better in each course
- 4) earning industry credentials required for the eligible license (*see table in Adding an Additional Area section*)
- 5) meeting eligibility criteria and completing requirements for the CTE Support Services license areas

The CTE license areas listed in the chart below are **not** eligible for provisional status due to student and educator safety concerns. These can be added as an additional area to a current license prior to teaching.

CTE Areas NOT Eligible for Provisional Status	License Number
Health Sciences-RN	720
T& I-Collision Repair	74010
T & I-Automotive Service	74015
T & I-Construction	74026
T & I-Manufacturing	74090
T & I-Welding	74080

CTE Support Services Licenses

For licenses in CTE Support Services, candidates **MUST** be eligible based on their degree, work experience, AND current continuing professional license at the time of application for the CTE Support Services license. This applies to add on and provisional applications.

<p style="text-align: center;">711</p> <p style="text-align: center;">Career and Technical Education Director</p>	<p>Required Degree Level: Master’s</p> <p>Examples of Related Degrees: N/A</p> <p>Required Years of Work Experience: 5 years within the past 8 years</p> <p>Examples of Related Work Experience: Teaching, CTE Support Services, supervisory, or administrative experience. Appendix

Years of Experience Held in Escrow for Certain Degrees for Pay Purposes

For educators that have an associate degree and a minimum of four years of work experience in the past eight years, two years' experience is held in escrow for pay purposes and released if a bachelor's degree in the field of licensure is completed.

For educators that have a high school diploma and a minimum of six years of work experience in the past ten years, two years' experience is held in escrow for pay purposes and released if an associate degree is completed in the field of licensure and an additional two years' experience shall be released for pay purposes if a bachelor's degree in the field of licensure is completed.

Core Academic Competence

(prior to 2nd year of teaching)

Teachers with High School Diploma must demonstrate competence from one of or a combination of these assessments.

Praxis I Pre-Professional Skills Assessments (PPST)

After September 1, 2013

Reading	156
Mathematics	150
Writing	162

Prior to September 1, 2013

Reading	176
Mathematics	173
Writing	173

NC DAP

English	151
Mathematics (010) and Mathematics (060)	7 7

Asset (ACT)

Writing	80
Numerical Skills	86
Reading	55
Elementary Algebra	75

Work Keys

After July 1, 2017

Applied Math	4
Graphic Literacy	4
Workplace Documents	4

Prior to July 1, 2017

Applied Math	4
Locating Information	4
Reading for Information	4
Writing	3
