STATE SELECTION

Selecting the individual who will represent North Carolina's principals and serve as a spokesperson for administrators and educators in our state is a most challenging task. In addition to serving in an advisory capacity to the State Board of Education, the Wachovia Principal of the Year is expected to chair the following year's Principal of the Year state selection committee. The statewide winner also receives an appointment to the State Superintendent's Principals Advisory Committee and serves a one-year term on the Board of Directors of the N.C. Public School Forum. The Wachovia Principal of the Year also participates in numerous speaking engagements and committee service across North Carolina, as invited and requested throughout his or her tenure.

Candidates are nominated by their local education agency. Following their nomination, each candidate prepares a comprehensive portfolio for review by a regional selection committee and participates in a 25-minute interview before this committee.

One principal is selected from each of the eight regions designated by the N.C. Department of Public Instruction. The regional finalists participate in a second interview with a state selection committee. This committee is charged with traveling across the state to visit each finalist's school to conduct in-depth interviews with faculty, staff, students and parents.

We thank everyone who participated in the nomination and selection process at all levels. Our special appreciation is extended to the members of the state selection team.
