Indicator 4: Suspension/Expulsion

Results Indicator: Rates of suspension and expulsion:

A. Percent of local educational agencies (LEA) that have a significant discrepancy, as defined by the State, in the rate of suspensions and expulsions of greater than 10 days in a school year for children with IEPs; and

B. Percent of LEAs that have: (a) a significant discrepancy, as defined by the State, by race or ethnicity, in the rate of suspensions and expulsions of greater than 10 days in a school year for children with IEPs; and (b) policies, procedures or practices that contribute to the significant discrepancy, as defined by the State, and do not comply with requirements relating to the development and implementation of IEPs, the use of positive behavioral interventions and supports, and procedural safeguards.

Significant Discrepancy:

North Carolina's definition of "significant discrepancy" with regard to suspensions/expulsions for students with IEPs is greater than 2.5x the rate of suspensions/expulsions of students without IEPs and a minimum Cell Size of > 5 SWD.

Requirement:

PSU's identified with significant discrepancy are required to conduct a review of Policies, Procedures and Practices to determine if the discrepancy is a result of inappropriate disciplinary practices.
