

**2021 Questions and Answers for Invitation to Submit Textbooks for Evaluation and Adoption in NC**

Quest #	Vendor Question	State's Response
1	<p>On page 12 of the Invitation, in the 1st bullet point, it says we are to "Submit the signed original of the completed Bid Proposal." A little further down, when talking about the USB Flash Drive, we are to include "A signed, original copy of the Bid Proposal." Can you clarify what the "signed original bid proposal" means in this context? Is this referring to a separate document or form that is required for submission?</p>	<p>In this context, the signed original bid proposal means, the entire <i>2021 Invitation to Submit Textbooks for Evaluation and Adoption in the North Carolina</i> solicitation document, signed, including the completed <i>transmittal letter</i> and the <i>authority to submit bids for textbooks</i> (attachment 3).</p>
2	<p>On page 11 of the Invitation, the schedule says the following are due on October 1, 2021:</p> <p><u><i>Adopted Materials and Electronic Files –</i></u></p> <ul style="list-style-type: none"> <li>• <i>Publishers must submit adopted materials to the Textbook Warehouse.</i></li> <li>• <i>Publishers' must submit three additional copies of student editions (for print submissions) to the Textbook Warehouse.</i></li> <li>• <i>Publishers must deliver required electronic files to the Textbook Warehouse or the National Instructional Materials Access Center NIMAC (Attachment 7).</i></li> <li>• <i>Publishers must submit teacher editions of adopted materials to teacher education programs of public and private institutions. (See page 23 of Invitation.)</i></li> </ul> <p>(a) Regarding the 1st two bullet points, does this mean Publisher is to submit copies of all the adopted materials to the Textbook Warehouse (1st bullet point), and then, submit an additional 3 copies of the student editions (2nd Bullet Point)?</p> <p>(b) Regarding the 3rd bullet point, NIMAS files are due 10.1.21. On page 18, the Invitation says NIMAS files are to be delivered on 11.6.21? Can you clarify which is the correct date?</p>	<p>(a)The Publisher will submit one copy of all bid items to the Textbook Warehouse during the sampling process and if adopted this will fulfill bullet #1. If the bid item is adopted, the Publisher will then submit 3 additional copies of only the Student Edition to the Textbook Warehouse. This will fulfill bullet #2.</p> <p>(b) November 6, 2021 would be the final date to submit required electronic files.</p>

**2021 Questions and Answers for Invitation to Submit Textbooks for Evaluation and Adoption in NC**

Quest #	Vendor Question	State's Response
3	In terms of the CTE courses, can you provide estimated enrollment numbers?	See the table at the end of this document. The numbers are for enrollments in the courses this year because estimated enrollments for next year are not currently available.
4	Is there a limitation on the copyright year for CTE textbooks (e.g., only textbooks with c2015 or later can be submitted)?	No.
5	Do you have estimated enrollments for the NC Math 4 course?	See the table at the end of this document. The numbers are for enrollments in the courses this year because estimated enrollments for next year are not currently available.
6	Is it required for the districts to purchase off of the approved NC list?	The districts are not required to only purchase items on the state adopted list. Textbook funding is determined by the state legislature and then that total is allocated to each district based on ADM (average daily membership). The only requirement for textbook funding is that it can only be used to purchase textbooks and digital resources – either from the state adopted list or from other sources the district determines.
7	Cost Proposal Spreadsheet - Consumable Student editions/workbooks (p. 13) - eDynamic does not provide access code cards or access codes. Given that the LMS Admin registers a student into a course, and nothing needs to be replaced annually, would you categorize eDynamic's courses as consumable?	No this would not be considered a consumable.
8	Cost Calculation - NC Warehouse Allowance (p. 14) - Given that eDynamic does not produce anything physical to warehouse, would the 8% still apply?	Yes the 8% allowance applies to all bid items, whether print or digital.

**2021 Questions and Answers for Invitation to Submit Textbooks for Evaluation and Adoption in NC**

Quest #	Vendor Question	State's Response
9	Evaluation, Deliberation, Reconsideration - Correlations (p. 20) - will the committee expect to see how NC standards are taught AND assessed in alignments?	Correlations to the North Carolina Standard Course of Study (NCSCOS) are required for mathematics and CTE. The reviewers will expect to see how materials are aligned with the appropriate content standards as defined in the NCSCOS.
10	Evaluation, Deliberation, Reconsideration - Publisher Presentations (p. 20) - the documents indicate that the presentations will not have a question/answer component. If a reviewer has a question, does that question get filtered by DPI or does it go unanswered?	Publishers have the option to present to the Textbook Commission members. There will be no question/answer session during the presentation which means Textbook Commissioners and DPI staff will not ask any questions.
11	Evaluation, Deliberation, Reconsideration - Publisher Presentations - how are the presentations handled? Will the publisher do only 1 presentation for CTE, for example, or multiple presentations per CTE subject area? I ask as we'll submit a number of courses in a variety of areas for CTE and I would like to get a handle on how many presentations will be required?	For the optional publisher presentations as described on page 20 of the Invitation, publishers who decide to present to the Textbook Commission members will have a timeframe to present based on the number of bid submissions (i.e., 5 minutes for every 10 bid submissions). Participating publishers will have one allotted time slot to present but publishers decide how and what to present during that time.
12	Evaluation, Deliberation, Reconsideration - Publisher Presentations - approximately how long are the presentations?	For the optional publisher presentations as described on page 20 of the Invitation, publishers who decide to present to the Textbook Commission members will have a timeframe to present based on the number of bid submissions (i.e., 5 minutes for every 10 bid submissions).
13	Evaluation, Deliberation, Reconsideration - Publisher Presentations - does DPI make reviewer attendance mandatory?	No.
14	Post-Decision - if DPI reviewers determine that the submission is more appropriate as a supplemental resource, how would this be handled?	It is up to the publisher to determine how to represent materials in the bid submission. <i>Textbook materials will only be evaluated as specified by the publisher.</i>

**2021 Questions and Answers for Invitation to Submit Textbooks for Evaluation and Adoption in NC**

Quest #	Vendor Question	State's Response
15	We publish several titles that would be suitable for IC 61 Drafting I. Is it acceptable to nominate multiple titles for the same course?	Yes. Textbook materials may be submitted for any grade level/course the publisher deems appropriate. Cost proposal spreadsheets must clearly state each grade level/course the publisher deems appropriate.
16	All of the titles that we are going to nominate show students how to use software (for example, AutoCAD). We update these books every year for the latest release of the software. If, for example, we submit our AutoCAD 2021 textbook for use in Drafting I, and our nomination is accepted, is there a way to make the next edition (for AutoCAD 2022) available to teachers under the same adoption? We have found that schools update the software that they use in the classroom at an uneven pace. Some schools update immediately while other may update only every two or three years. Is there a way that we can make multiple editions of the same book available to schools so that teachers can select the edition that best suits their needs?	<p>There is a substitution process for revised or later copyrighted editions as outlined in Part IV (12) in the contract on page 97 of the Invitation.</p> <p>At the state level, once a substitution request for a new edition is made and approved, the state adopted list is updated with the information for the new edition. The new edition must be substantially similar in all respects so as not to result in inconvenience or confusion to the teacher or the student. Upon written approval of the substitution, the revised or later copyrighted edition of the textbook shall be furnished for the remainder of the contract period, subject to all the terms of the contract, including the price.</p> <p>Decisions about the adoption and use of specific textbook materials in classrooms is a local decision made by districts and schools.</p>
17	Official DPI print samples will be labelled and shipped as normal to the Textbook Warehouse, correct?	Yes, DPI official bid samples are labeled and shipped to the textbook warehouse address listed in the 2021 Invitation on page 17. This includes copies of print materials and a list of non-print materials/technology-based programs with access, login and navigation information. Forms B and M must also be included as described in the 2021 Invitation.
18	Please confirm the DPI and the commissioners will receive/use the PDF versions of the print.	DPI will receive the PDF versions of the print materials. Textbook Commissioners and Textbook Evaluation Advisors will use the PDF versions of the print for review/evaluation.

**2021 Questions and Answers for Invitation to Submit Textbooks for Evaluation and Adoption in NC**

Quest #	Vendor Question	State's Response
19	Please confirm the commissioners only receive PDFs, and not print.	Bid samples that are print materials, shall be provided in electronic PDF format. Bid samples for Textbook Commissioners and Textbook Evaluation Advisors must be submitted electronically to NCDPI through the NC site for publishers.
20	What if the PDFs already exist in an online environment? Can access to that environment be provided instead of PDFs?	Publishers shall provide access information for technology-based programs or other non-print materials.
21	Normally publishers do not transmit unprotected PDF files of their intellectual property, as that transfers ownership to the recipient(s). Does the state expect the digital form to open in a format more like an eBook (online review like zmag), or must they be sent as PDF which opens in Adobe?	Publishers may provide the requested print materials as a PDF which opens in Adobe, in a digital form akin to an eBook, or in any other electronic format that does not require the recipient to create an account to review the materials, so long as the electronic version of the print materials provided is complete and has the same format and content as the print version. Links and/or access information for all electronic materials must be provided.
22	How should the DPI ID# be included in the PDF samples... in the file name?  Example: CL1110_CarnegieLearning_Int Math I-III_NC Math 1-3	Yes, include the bid identification number in the file name.
23	Since the evaluation week will be virtual, please confirm that publishers will not need to provide hardware for the materials to be reviewed	Since evaluation week will be virtual and reviewers will work remotely, publishers will not need to provide hardware for the materials to be reviewed.

**2021 Questions and Answers for Invitation to Submit Textbooks for Evaluation and Adoption in NC**

Quest #	Vendor Question	State's Response
24	May we submit inquiries regarding the electronic submission of materials through the NC site for publishers to D. Carmella Fair after March 22, 2021?	<p>Inquiries concerning the NC site for publishers platform must be in writing and emailed to mashonda.southerland@dpi.nc.gov.</p> <p>The Publisher deadline for submitting written questions regarding the 2021 Invitation to Submit Textbooks for Evaluation and Adoption in North Carolina was March 22, 2021, 2:00 p.m. (EST). No process questions will be answered after this date.</p>
25	<p>Bid/ISBN Numbering</p> <p>Our content is utilized through a completely cloud-based platform, with the Teacher License as the main component and Student Licenses available to supplement the Teacher License. Our content requires the Teacher License be purchased. Student Licenses cannot be purchased as a stand-alone item. How would we need to complete the bid in order to make that distinction known?</p>	<p>A bid should show components necessary for the bid to meet the required alignment to content standards and the instructional materials review criteria for the grade level/course. The bid should include the items that will be available for purchase and what you get when you purchase.</p>
26	Our product allows for a wide range of Teacher/Student pricing options. How should we complete the bid to provide all available options? Does each pricing option require a unique identifier or will one ISBN number work for all pricing options within a course?	<p>The cost proposal spreadsheet should show all items that the Publisher wishes to bid and each unique item should have a unique ISBN.</p> <p>A bid should show components necessary for the bid to meet the required alignment to content standards and the instructional materials review criteria for the grade level/course. The bid should include the items that will be available for purchase and what you get when you purchase.</p>

**2021 Questions and Answers for Invitation to Submit Textbooks for Evaluation and Adoption in NC**

Quest #	Vendor Question	State's Response
27	Our platform allows us to bid several courses within a single subject area. For example, in CTE, under the Agriculture Education area, we would like to submit a bid for each of the 14 courses listed in the Invitation to Submit Textbooks. Is that allowable? Can we use the same ISBN number for all submissions in the Agriculture Education area?	Yes. Textbook materials may be submitted for any grade level/course the publisher deems appropriate and the publisher must clearly state the grade level/course for the submitted material. Each unique item submitted must have a unique ISBN.
28	Surety Bond  Since we have an online, cloud-based product which allows a user to access more than one state-approved course per site (see AG example above), do we have to acquire a bond for each course adopted, or can we acquire a bond for the entire Agriculture platform?	A surety bond of \$3,000.00 is required for each adopted submission.
29	On page 14, the NC Warehouse Allowance is listed at 8%. Is the percentage the same for purely online or digital materials that require no shipping or storage at the warehouse? In other states, we have seen 3-4% as customary for depositories managing orders for digital products.	Yes the 8% allowance applies to all bid items, whether print or digital.
30	Our online courses are available in 1-year or multi-year subscriptions. Does North Carolina have a recommended multi-year subscription length (e.g. 5 years) to match the adoption cycle or typical CTE adoption patterns in the state? Do you have any guidance on how we can clearly define the subscription length in the cost proposal spreadsheet?	North Carolina does not have a recommended subscription length. On the cost proposal spreadsheet, the title should clearly state the subscription length.
31	Our online courses are available as per-student subscriptions or unlimited campus licenses. Do you have any guidance on how we can clearly define these options in the cost proposal spreadsheet?	On the cost proposal spreadsheet, the title should clearly state what is in the submission. Each unique item should have a unique ISBN.

**2021 Questions and Answers for Invitation to Submit Textbooks for Evaluation and Adoption in NC**

Quest #	Vendor Question	State's Response
32	Can we add digital offerings after the bid has been submitted?	It is the responsibility of the publisher to ensure that each submission is complete and correctly identified. Only materials that are on the cost proposal spreadsheets will be evaluated and reviewed. Non-bid materials, materials not on the cost proposal spreadsheets, shall not be provided for evaluation. No additional materials may be provided as part of any state-adopted textbook package or purchase agreement.
33	Our curriculum will be ingested into our digital platform in August. Does the digital platform need to be evaluated with the print materials?	It is the responsibility of the publisher to ensure that each submission is complete and correctly identified. Electronic versions of print materials must be complete and have the same format and content as the print versions. Links and/or access information for electronic materials must be provided. Publishers shall provide access information for technology-based programs or other non-print materials. Publishers submitting technology-based programs and or other non-print materials must provide specific instructions on how to navigate all submitted digital materials through their online platform. All materials must be comprehensive in nature and cover the primary goals and objectives of a course or grade level and meet other specifications identified within the "textbook materials review criteria sheets" for each grade level/course.
34	Our curriculum is new and will be in the process of being published. If necessary, can we submit unbound samples to the DPI warehouse?	Unbound samples may be submitted as long as the content is complete and labeled as an official sample per the instructions in the 2021 Invitation and held together in some way. If the item is approved a final bound copy must be submitted.

**2021 Questions and Answers for Invitation to Submit Textbooks for Evaluation and Adoption in NC**

Quest #	Vendor Question	State's Response
35	If we are able to submit unbound samples, can we replace them with bound samples at a later date?	If the item is approved a final bound copy must be submitted.
36	What constitutes a catalog as required as part of the bid submission?	A link to the current company catalog should be submitted.
37	Our materials are in bundles. The books inside the bundles have individual ISBNs but are not available for purchase individually. Does each individual book need to be listed on the bid sheet?	All items bid as a bundle should list the components of the bundle and should include each component's ISBN. If the components are not available individually, pricing information should not be provided.
38	Many schools in NC currently use our HS Math materials. We have a conference scheduled already and teachers have started to register for professional development for this curriculum. Are we permitted to continue promoting our professional learning conference to teachers?	No. No promotion of textbooks/programs under consideration for adoption by the Textbook Commission and State Board of Education shall be made from the date the State Board approves and issues the <i>2021 Invitation to Submit Textbooks for Evaluation and Adoption in North Carolina</i> at its State Board of Education meeting until the day after the Textbook Commission's evaluation sessions with the Textbook Advisors.
39	Are electronic versions of the teacher materials acceptable for the free teacher editions or are they required to be in print?	Yes, the required no cost teacher edition described on pages 23 and 97 of the 2021 Invitation may be provided in electronic format.
40	Regarding the free Teacher Edition requirement, is this an annual requirement or year one only?	The requirement is upon purchase for the term of the contract.
41	Regarding the free teacher edition requirement, how many colleges in NC provide teacher education?	The <a href="#">current list of approved programs</a> shows 48 approved colleges/universities.

**2021 Questions and Answers for Invitation to Submit Textbooks for Evaluation and Adoption in NC**

Quest #	Vendor Question	State's Response
42	Are we permitted to contact our existing customers regarding their student workbook purchases for the 21-22 school year?	It depends on the purpose of the contact. No promotion of textbooks/programs under consideration for adoption by the Textbook Commission and State Board of Education shall be made from the date the State Board approves and issues the <i>2021 Invitation to Submit Textbooks for Evaluation and Adoption in North Carolina</i> at its State Board of Education meeting until the day after the Textbook Commission's evaluation sessions with the Textbook Advisors. Contact with existing customers for purposes other than the promotion/sampling of textbooks/programs, e.g., clarifying existing purchase orders, would not be prohibited.
43	We have a large online community. We send out a newsletter to our community members to announce upcoming professional learning events. Some of these events are centered on our HS Math materials. Are we permitted to continue to send the community members from NC this newsletter?	No, not from the date the State Board approves and issues the <i>2021 Invitation to Submit Textbooks for Evaluation and Adoption in North Carolina</i> at its State Board of Education meeting until the day after the Textbook Commission's evaluation sessions with the Textbook Advisors, as such communications would be considered promotion of textbook/programs under consideration for adoption by the Textbook Commission and State Board of Education.
44	Is there a publisher caravan?	No.
45	Materials must be ready for shipment by the 15th of each year. When are districts required to supply quantities of materials needed?	There is no requirement for the districts to supply quantities needed.
46	Are districts required to purchase from the book depository?	No, the adopted list is a recommended list. District purchases are a local decision.
47	There is a 45-day delivery window after the receipt of a PO. Is there a designated time frame that schools submit POs or will POs be submitted throughout the school year?	Districts submit orders throughout the year.

**2021 Questions and Answers for Invitation to Submit Textbooks for Evaluation and Adoption in NC**

<b>Quest #</b>	<b>Vendor Question</b>	<b>State's Response</b>
48	Regarding the surety bond, it is \$3,000 per each adopted submission. Is that \$3,000 per adopted course/title?	Yes, a surety bond in the amount of \$3,000.00 is required for each adopted submission.
49	Regarding the files that need to be transcribed, are these student editions only like NIMAS requires?	Yes.
50	May we receive the enrollment numbers for the CTE courses? If so, to whom would we place the request?	See chart below.
