## **April 2020 Child Count**

The April 2020 child count by LEA is now posted on the EC Division website under Reports & Data. The base for this data was extracted from ECATS on 4/1/2020. A calculation approved by the State Board of Education due to COVID-19 was used to take the final April 2019 child count and apply an increase of 1.0098% for both the ages 3-5 category and the 5 year old in Kindergarten through age 21 (5k-21) category. If the data extracted on 4/1/2020 from ECATS was higher in number than the applied increase from April 2019 for either 3-5 or 5k-21, the actual data from ECATS was used. If the LEA benefited from the 1.0098% increase from April 2019, the increased data was used.

## **ECATS Scheduled Maintenance**

ECATS has a planned maintenance window scheduled for the evening of Saturday, May 16 starting at 8 p.m. ECATS production, QA and Training environments will not be accessible to DPI or the LEAs during this time. All systems will be available again by Sunday, May 17, 10 a.m.
