## **LEA Administrator I User Type Expanded**

This user type has been expanded to allow the user to serve as a General Education teacher on an IEP Team. This increased permission is to accommodate circumstances in which school staff meet the requirements to serve as both the General Education teacher and LEA Representative on the IEP Team. Please be reminded that policy defines an LEA Representative as an individual that is (1) qualified to provide, or supervise the provision of, specially designed instruction; (2) knowledgeable about the general education curriculum; and (3) knowledgeable about the availability of resources of the public agency. NC 1503-4.2(a)(4)

## **ECATS and PowerSchool: Transferring Students Out of ECATS**

When an EC Student is withdrawn in PowerSchool, that same student will be withdrawn in ECATS with a PowerSchool withdraw code. Once the overnight file transfer takes place, you will see the PowerSchool exit in ECATS the following day. You will need to access that EC Student in ECATS and give them the correct EC Exit Reason.

## **Removal of Accommodations Rules of Completion**

DPI has requested removal of the error message forcing accommodations to be exactly the same across all classes and state tests. PCG is currently working on this request. DPI will communicate when this task is complete and in production.
