Verification Re-applied and Re-approved Survey

School Nutrition Administrators:

This survey has been developed for all SFAs that completed a verification report with the exception of Special Milk Program SFAs, District-wide CEP SFAs and RCCIs without day students. The purpose of the survey is to capture the data on Reapplied and Reapproved Applications and Students on or before February 15, 2020. Please provide the number of student(s) and the number of application(s) for each category listed in the survey (link below) for households that were originally selected for verification (Oct 1 - Nov 15) for which benefits were terminated and the household reapplied for benefits between November 16, 2019 and February 15, 2020.

Please remember the original termination of benefits may have been because:

- the household did not respond to verification;
- the household responded to verification, but benefits were changed from "Free" to "Denied";
- the household responded to verification, but benefits were changed from "Reduced" to "Denied".

It is important that you submit data for "Students" and "Applications" in each category in the survey.

VERY IMPORTANT If there is no data for a particular category, please insert a "0".
