**Name of Program:** Superstars After School  
**Unit Number:** 1999  
**Cohort:** 99  
**Person Completing Form:** John Doe  
**Date of Form:** 01/29/1999

For each proposed summer field trip, complete and email this form to: eric.rainey@dpi.nc.gov for prior approval if requesting 21st CCLC reimbursement. Do not complete if there are no costs or if using other funding sources. Forms NOT submitted at least 30 days prior to the scheduled trip will not be approved, and trips that occurred without prior approval will be subject to repayment. Also, please email any proposed minor changes to approved field trips to eric.rainey@dpi.nc.gov at least 10 days prior to scheduled trip for review and approval.

**Goal:** List the goal(s) from the grant application that is (are) associated with the proposed field trip. Please note any adjustments in programming due to COVID if field trip goals differ from those stated in grant application.

This field trip to Robotics National Museum will increase student engagement in project-based/personal-blended learning models in math, reading, and science.

**Objective:** List the objective(s) from grant application that is (are) associated with the proposed field trip. Please note any adjustments in programming due to COVID if field trip objectives differ from those stated in grant application.

This field will provide hands-on technology, science and math integration to address insufficient knowledge base skills when students participate in building circuits using math, science, and reading standards.

| **Location:** (Name and address of field trip destination)  
Robotics National Museum  
1999 Jackson Street  
Jackson, NC 19999 | **Distance:** (Total number of miles round trip) 100 miles | **Type of Transportation:** District Activity Bus |

**Field Trip Destination:** (List title and topic including website link(s), as applicable)
Circuits kids will enjoy, www.roboticsnationalmuseum.org

**Pre-Activity(s):**
Teachers will have students draw and/or write about what is a circuit. Students will talk in pairs to each other about what a circuit means to them.

**Activity(s) During the Field Trip:** For multi-day trips please attach a daily agenda
Students will participate by building a circuit. All materials will be provided by the vendor. The students will keep their circuit board after completion.

Post-Activity(s):

Students will display their circuit boards in their classroom and present to caregivers during the caregiver engagement night. The caregivers will walk through the 21st CCLC Superstars Program science exhibit to view the circuits as a mini-museum exhibit.

Attendees: (List the number of students and program staff attending)
