Prepare Now for the CSADM Phase I Submission - Due January 25, 2019 from Charter and Regional Schools with Current Enrollment Only

Phase I: Average Daily Membership (ADM) Projection - Initial Submission for School Year 2019-20

EVERY charter school and regional school Executive Director (Head of School, Board Chair, etc.) is required to submit to the Charter School ADM Projection System (CSADM), Phase I - ADM Projection Initial Submission for School Year 2019-20. The CSADM will accept these Phase I submissions between January 15 – 25, 2019.

Phase I requires the following field to be completed: Requested 2019-20 ADM. This represents a projection of the number of students who will be in membership for the fiscal school year 2019-20.

This submission is required even if your school has requested State Board approval for growth higher than 20%; you must respond to this request.

The CSADM Projection System is accessible at the following links:

- CSADM system: https://schools.nc.gov/csadm

As this impacts your school's funding, we will only accept information submitted by the Executive Director.

The CSADM is an online system designed to assist each charter school with improving the accuracy of key components in the budgeting process; projected ADM and grades served request. The projected ADM is the number of students who will be in membership for the fiscal school year, 2019-20 and grades served should capture any planned grade level expansion or reduction for the 2019-20 school year. This information is critical to the budget process and ensures adequate funding and minimal disruption to charter schools and LEA funding.

To access the system, the Executive Director will need a North Carolina Identity Management identification (NCID) login. If you do not have an NCID, you must contact the Charter Schools' NCID administrator to set up an account for you. A directory of charter school NCID administrators is available at www.ncid.its.state.nc.us/LEAListing.asp.

DPI cannot assign an NCID or reset NCID passwords. NCID questions should be directed to the North Carolina Department of Information Technology (NC DIT) at https://it.nc.gov/ncid/.

If you have questions concerning CSADM, please contact Angela Harrison in the Division of School Business at 919-807-3734 or angela.harrison@dpi.nc.gov.
AP IB Teacher Bonuses for NCVPS Teachers

The list of eligible NCVPS teachers should be delivered via the HR secure shell (this is the same server NC DPI used for providing names of teachers for reading and math bonuses). Districts are responsible for verifying that these teachers meet qualification criteria as required by law.

For more information, refer to the updated document “AP, IB, and Cambridge AICE Teacher Bonus 2018-19 FAQ” available @ http://www.ncpublicschools.org/fbs/

**Short Term Disability Payments Beyond Six Months (LEAs Only)**

DPI no longer keys Short-Term Disability payments beyond six months (Object Code 186) on DPI’s general ledger. These payments are refunds passed through DPI from the Department of the State Treasurer, Retirements Systems Division. When the Retirement System processes LEA refund requests, they send the total refund to DPI, along with documentation for each refund. DPI sends a letter to the Finance Officer of each LEA receiving a refund – detailing who the refund is for, the reimbursement amount and the reimbursement period being refunded.

DPI will deposit the total amount of each LEA’s refund into their state bank account. It is imperative that the LEAs reconcile their bank accounts in a timely manner to record their current disability refund.

Based upon the total amount of Reimbursement for Disability Benefits, the LEA should credit account code 1-5110-009-186 and credit account code 1-5110-009-231 for total amount of reimbursement for the State Health Plan. The offsetting debit entry should be to their state cash account.

Questions concerning the amounts reimbursed by the Retirement Systems should be directed to Angela Williams, Disability Benefits Supervisor, Retirement Systems Division at angela.williams@nctreasurer.com.

Questions concerning the posting of the refund to your general ledger should be directed to Roxane Bernard at roxane.bernard@dpi.nc.gov.

UERS Absence Code Compliance Errors (LEAs Only)

DPI has contacted some LEAs regarding Absence Codes Compliance Errors. Provided below is an excerpt from the Salary Manual showing the Absence Codes that DPI processes. LEAs may use additional Absence codes; however, the codes should be flagged within your vendor software as not reportable to DPI. For some districts, this will mean using a code that is within a range of pre-determined absence codes. Other LEAs may need to set a flag within the software that the absence code is not included in the files sent to DPI.

### SRO and Mental Health Grants

School Resource Officer Grant – The SRO grant is funded with recurring funds and unless there is legislative action to end the grant, funding will continue in 2019-20. Grant recipients are required to submit a Grant Program Report in April of 2019. Grantees who submit the required reporting will have their grants automatically extended into the 2019-2020 school year. Those who do not will have to reapply.

Mental Health Grant – This grant is funded with non-recurring funds. We are hopeful that the grant will continue but legislative action is required for this to happen.

Note: Current year grant funds do not carryover and any unspent funds at June 30, 2019 will expire and revert to the State.

If you have questions related to the program administration of the SRO or Mental Health grants, please contact Erika Berry at Erika.berry@dpi.nc.gov.

EDDIE Update Reminder (Charters and LEAs)

Please ensure that your LEA or school contact information for Staff Titles reflects the most current and accurate information. School Business regularly sends communications to these individuals and wants to ensure that the information reaches its intended audience.

- Director (Charters)
- Finance Officer (LEAs)
- Student Information Coordinator (Charters & LEAs)

These and all other staff titles in EDDIE should be kept current as multiple areas of DPI use them to send communications.

Information about EDDIE, including a list of subscribed users who can update your data, is available at www.ncpublicschools.org/fbs/accounting/eddie/.

If you have any questions about EDDIE, please email eddie@dpi.nc.gov.

Summer Reading Camp Allotments

Summer reading camp allotments will go out within the next week. The spreadsheet with allotment amounts is posted on the DPI Financial and Business Services website under “What’s New” www.ncpublicschools.org/fbs/.

If you have any questions, please contact Andrew Cox at Andrew.cox@dpi.nc.gov.

Low Wealth Funding Letters

Low Wealth Funding letters were sent out this week to LEAs. These do NOT need to be sent back to DPI. The purpose of the letter is to provide information to each district on their potential status with low wealth funding in the coming years. Using the spreadsheets provided should help prevent districts from getting into a situation of supplanting and thus lose low wealth funding. LGC and DPI will pull the official information in the green boxes on the minimum appropriations tab from LEAs and County audited financial statements but are being provided to you in advance to help with your budget planning and discussion with counties around minimum funding levels required to stay in compliance with low wealth guidelines.

If you have any questions related to the low wealth letters or spreadsheet sent out, please contact Lydia Prude at Lydia.prude@dpi.nc.gov.

Targeted Support and Improvement (TSI) Funds

We are currently reviewing the TSI allocations provided by federal programs. We plan to allot them within in the next two weeks. They will be allotted in PRC 115.

The report includes the exclusions of certain purpose codes, program report codes and one location code that affect the “Per pupil” calculations. We will be excluding purpose codes 5230-Pre-K Children with Disabilities Curricular Services and 5340–Pre-K Readiness/Remedial and Supplemental Services to name a few purpose codes that will be excluded from the “Per Pupil” calculations.

If you have questions, please contact Roxane Bernard at roxane.bernard@dpi.nc.gov.
**School Business - March 29, 2019**

**Allotment Updates**

PRC 016 – Summer Reading Camp allotment will go out today.

PRC 058 – CTE – Pathways Initiative Grant (formerly Capacity Building) will go out today.

PRC 115 – Planning allotments have not gone out yet. We are waiting on federal programs for the final allotment totals. We hope to receive the information so the planning allotments can be loaded next week. Once the planning allotments are out, you will need to submit a budget in LBAAS/Budget Builder to be approved by federal programs before receiving your actual allotment. Please allow one to two weeks after your budget has been approved to receive your allotment.

ABC Transfers – any ABC transfer in the allotment system as of 3/25/19 were processed and should be available today.

Planning information for 19-20 – We hope to have the state planning information available sometime in April.

If you have questions related to allotments, please contact Sue Holly at susan.holly@dpi.nc.gov.

**School Safety Grants 2019-20**

The NC Center for Safer Schools is not able to offer grant applications at this time as the grant program is dependent on FY20 appropriations from the General Assembly. Once the General Assembly officially allocates money for the grant program, the Department will post applications on the Center for Safer Schools website at [http://www.ncpublicschools.org/cfss/](http://www.ncpublicschools.org/cfss/).

Calculation of Split-Funding For Workers’ Compensation Claims

Below is a reminder on how LEAs must calculate the split-funding on all workers’ compensation claims when submitted as a First Notice of Loss (FNOL) to Sedgwick Claims Management.

NC GS 115C-337 requires the State and LEAs to be liable for their proportionate part of an injured employee’s compensation on the basis of the “Average Weekly Wages” of the employee, as defined within the NC Workers’ Compensation Act. In accordance with NC GS 97-2(5), “Average Weekly Wages” shall mean the earnings of the injured employee, in the employment in which he/she was working at the time of the injury, during the 52-weeks prior to the date of injury.

LEAs must determine wages based on 52-weeks prior to injury. In most cases, the LEA will determine the gross paid from the end of the last month paid (because employees are paid on a monthly basis) and go back 52-weeks.
For example: Employee is injured 11/28/2009. To calculate 52-weeks of gross pay, WCA will go from 10/31/08-10/31/09.

Once 52-weeks of gross pay is determined, the LEA must then determine what percentage of pay is state and what percentage of pay is local. (This is determined from the various “bucket” codes found in your payroll system.)

Once the state and local gross amounts are determined, one is subtracted from the other; divided by gross and percentage is determined.

For example: $30,000 is calculated as gross paid, of the $30k, $400 was paid from local funds, as determined when reading the "bucket" codes and adding up the dollars.

$30,000 gross - $400 local = $29,600 state

$29,600/$30,000 = 98.66

98.66% @ state funded

1.34% @ locally funded

Once these percentages are calculated, they are to be included on the FNOL and submitted to Sedgwick.

If you have questions, please contact Eileen Townsend at eileen.townsend@dpi.nc.gov.

Change in Short Term Disability - Effective July 1, 2019

In Session Law 2018-52, Section 10, the Financial Accountability, Integrity, and Recovery Act, the General Assembly amended the state’s short-term disability employer reimbursement policy. Currently, employers are reimbursed for the cost of providing the disability income payments and health insurance premiums to eligible employees from the DIPNC trust fund during the second six months of the short-term disability benefit period. This legislative change halts those reimbursements of employers for short-term disability benefits that begin on or after July 1, 2019. Therefore, the Division of School Business will not process any requests effective July 1, 2019.

Change in Short Term Disability - Effective July 1, 2019

In Session Law 2018-52, Section 10, the Financial Accountability, Integrity, and Recovery Act, the General Assembly amended the state’s short-term disability employer reimbursement policy. Currently, employers are reimbursed for the cost of providing the disability income payments and health insurance premiums to eligible employees from the Disability Income Plan of North Carolina (DIPNC) trust fund during the second six months of the short-term disability benefit period. This legislative change halts those reimbursements of employers for short-term disability benefits that begin on or after July 1, 2019.

If the begin date of Short-Term Disability Benefits is before July 1, 2019, employers are reimbursed for the second six months of DIPNC short-term disability. These benefits would be coded to object code 186 – Short-Term Disability Payment Beyond Six Months. Object code 186 will be phased out during fiscal year 2020.

If the begin date of Short-Term Disability Benefits is on or after July 1, 2019, the employer has full responsibility for payment of 12 months of Short-Term Disability Benefits to include health insurance premiums (§135-105(d)). These benefits would be coded to object code 189- Short Term Disability Payments – First Six Months (will modify this description for fiscal year 2021.

If you have any questions, please contact Roxane Bernard at roxane.bernard@dpi.nc.gov.

If you have questions about your MFR file, please contact Roxane Bernard at roxane.bernard@dpi.nc.gov.

The report of the 2018-19 average base funding can be found on our website at http://www.ncpublicschools.org/fbs/allotments/state/:

Independent Public Schools 1st Installment Posted August 22

As detailed in the August 2 newsletter, the Division of School Business has provided independent public schools an estimated 1st installment. These amounts were entered on August 22 as an authority to draw and therefore are not visible in the Allotments system. This funding replaced the interim funding posted in July. It is not in addition to the July funding.

Please see the Excel file on the FBS website at [www.ncpublicschools.org/fbs/](http://www.ncpublicschools.org/fbs/) “Independent Public Schools 1st Installment”. The “notes” tab on this file provides details on the calculations on this installment.
July State Zero-Out (LEAs Only)

As part of new fiscal year procedures, DPI requests that LEAs post all installment accrual reversals prior to submitting July datafiles. At this time, DPI cannot readily determine which LEAs reversed the installment accruals prior to submitting July datafiles. DPI WILL NOT PROCESS ZERO OUT FOR JULY. Cash balances remaining for July after August cash disbursements will be received as part of the zero out for August. Please adjust August cash needs accordingly. We apologize for any inconvenience this may cause.

All units must reverse the installment accruals in August PRIOR TO submitting your August MFR file. Failure to reverse installment accruals in August will adversely impact the zero out for August.

Please direct any inquiries to Gwendolyn Tucker, gwendolyn.tucker@dpi.nc.gov.

Carryover Funds PRC 069 – LEAs Only

At this point, we anticipate PRC 073 / 036 School Connectivity formal allocations will begin in mid to late September. Remember, PRC 073 / 036 funds do not carry-over into the next fiscal year.

Allotments Information - Please read the following very carefully

School Allotments Section will start allocating funds through the allotments system the week of September 9th.

1. Initial Allotments

   Initial allotments will represent the continuing resolution budget with no adjustments for the approved benefit increases (see #2).

2. Benefits

   **HB 226** was signed into law. Part III of this legislation provides the following:
   - Salaries increases for most state employees, however does not include increases for employees of local boards of education (section 3.1(b)(1)).
   - Benefits changes in section 3.15 as follows:
     - Retirement 19.70% (retroactive to July 1, 2019)
     - Health Benefit $6,306
   - Bonus leave for State employees - this does NOT include employees for local board of education

   Allocations for the benefits increase in funding will be provided in a later revision.

3. Other Allotments

   School Allotments Section continues to prepare allotments that are not included in the Initial Allotments. A file has been posted on the FBS website with allotments for the following PRCs:
   - PRC 001 Past Teacher of the Year, Burroughs Wellcome Award, Special Small Schools
   - PRC 030 Digital Learning Initiative
   - PRC 039 School Resource Officer Grants
   - PRC 042 Child and Family Support Teams Positions – Nurses
   - PRC 043 Child and Family Support Teams – Social Worker/Other
   - PRC 055 Cooperative Innovative HS
   - PRCs 066/067 Asst Principal Interns

4. Independent Public Schools

The estimated 34%, 1st installment provided to the Independent Schools, will be recalculated based on the initial ADM and where the students previously attended school as reported in the CSADM System for FY 19-20. The dollars per ADM will be based on the Preliminary Initial Allotments (continuation funding). The recalculated 34% installment will also include the 1st installment for Children with Disabilities and LEP funding. This allocation will be allotted in an Allotment revision after the Preliminary Initial Allotment are processed.

PRC 054 English Language Learners/ Limited English Proficient Chart of Accounts

During our review of the PRC 054 chart of accounts, we noted that expenditure codes for translation and interpretation services were included. As noted in the Allotment Policy Manual, the State Board approved use for these funds only include: classroom teachers, teacher assistants, tutors, textbooks, classroom materials/instructional supplies/equipment, transportation costs, and staff development. We understand that it is late in the year to modify budgeting and therefore, the codes will remain in the chart and budget for the 2019-20 fiscal year as an allowable expense from PRC 054.

Beginning July 1, 2020, using PRC 054 funds for translation and interpretation services will no longer be allowable and the codes will be removed.

Clarifying Legislation related to Reemployed Retirees SB399

On September 4th, the Governor signed into law S621, which mainly addresses testing. However, Part VII provides clarifying language to SB 399 related to reemploying retired teachers. Any public school unit that is employing a reemployed retiree should refer to both of these pieces of legislation and consult their local board attorney. The bill is located on the General Assembly website at www.ncleg.gov/Sessions/2019/Bills/Senate/PDF/S621v7.pdf. With this clarifying language, DPI will work with the appropriate State government experts to provide guidance in the next 2 to 3 weeks.

In addition to the retiree language, Part VIII of the bills provides clarifying language on Licensure.

**Verify School Names for Achievement Certificates**

Copy of email sent 9/12/19 to Subscribers of Charter School Administrators, Public Information Officers, or Superintendents' Memos:

Superintendents and Charter School Directors,

State Superintendent Mark Johnson will be recognizing schools again this year that met or exceeded their goals for academic growth as measured by North Carolina's accountability system. As you know, the results for the 2018-19 school year were released Sept. 4 to the State Board of Education and the public.

We need your help. To ensure the accuracy of the certificates issued to schools for their achievements in academic progress and graduation rates, the Department of Public Instruction requests that all LEAs and charter schools carefully review “Official School Names” as entered in the Educational Directory & Demographical Information Exchange (EDDIE). These are the school names that DPI will use in preparing the certificates.

Please direct your subscribed EDDIE user to review the list of your schools’ “official names” to ensure that any corrections or revisions are completed by Sept. 20 so that the certificates are error-free. The certificates will be prepared after the Accountability Services Division has completed processing all corrections to performance data later this month.

Please go to [http://apps.schools.nc.gov/eddie](http://apps.schools.nc.gov/eddie) to access the lists of all schools as recorded in EDDIE. Here is the latest list of subscribed EDDIE users for each LEA and charter school.
For questions or additional information, please contact Todd Silberman with DPI communications at (919) 807-3469 or todd.silberman@dpi.nc.gov.
Thank you for your help.

2. Benefits HB 226 was signed into law. Part III of this legislation provides the following:

   - Bonus leave for State employees – this does NOT include employees for local board of education

   Allocations for the benefits increase in funding will be provided in a later revision.

   
   HB75 was signed into law

   This legislation provides an additional $20m into the instructional support allotment (PRC007). This equates to approximately 260 positions statewide and a file providing the impact by LEA has been posted on the FBS website under What’s New. These positions are NOT included in the preliminary initial allotments and will be provided in a later revision.

   During the week of September 23rd, The Center for Safer Schools will be opening up the grant application process for School Resource Officers, school safety equipment and other grants in HB75. Please check their website at www.ncpublicschools.org/cfss/ for more information.

4. Other Allotments

   School Allotments Section continues to prepare allotments that are not included in the preliminary Initial Allotments. A file has been posted on the FBS website with allotments see “Estimated Allocations Revision File for Selected PRCs” www.ncpublicschools.org/fbs/

   These allocations have been approved by the respective program staff and will be allocated in a revision after the preliminary initial allotments. This allocation will be allotted in an allotment revision after the Preliminary Initial Allotment are processed.

Staff UID System

DPI has received multiple inquiries from LEAs and charter schools regarding the timing of uploading new staff members to the Staff UID System, via regular exports from the payroll system. There should be a timely and accurate exchange of data between the LEA/charter school payroll system and the Staff UID System. This includes any new staff members who need access to K-12 related systems (i.e. PowerSchool, Schoolnet, NCEES, etc.). Additionally, new staff that have been hired but who are not yet receiving a paycheck can be added to the payroll system, and subsequently included in the Staff UID export file to receive a UID. Non-payroll staff members who work with the LEA/charter school but are not entered into payroll can still be added to the Staff UID System, via the ‘Add Staff’ feature. Documentation for adding non-payroll staff to the Staff UID System can be found at www.ncpublicschools.org/docs/cedars/uniqueid/staff/training/non-payroll-staff.pdf.

Short Term Disability - Effective July 1, 2019 - LEAs only
In the May 24th newsletter, we provided information on the legislative change on short term disability reimbursements. Prior to this legislation, employers were reimbursed for the cost of providing the disability income payments and health insurance premiums to eligible employees from the Disability Income Plan of North Carolina (DIPNC) trust fund during the second six months of the short-term disability benefit period. Session Law 2018-52 halts those reimbursements of employers for short-term disability benefits that begin on or after July 1, 2019.
If the begin date of Short-Term Disability Benefits is before July 1, 2019, employers continue to be reimbursed for the second six months of DIPNC short-term disability. These benefits are coded to object code 186 – Short-Term Disability Payment Beyond Six Months. Object code 186 will be removed at the expiration of these payments.

If the begin date of Short-Term Disability Benefits is on or after July 1, 2019, the employer has full responsibility for the 12 months of Short-Term Disability Benefits to include health insurance premiums (§135-105(d)). These benefits are coded to object code 189- Short Term Disability Payments – First Six Months (The description will be modified.)

For example, for a school nutrition employee:

- Short Term disability started prior to July 1, 2019 - The first six-months is paid out of Fund 5 object code 189 and the second six months is paid out of Fund 1 PRC 009, Object code 186.
- Short Term disability started on July 1, 2019 - All twelve months payments are paid out of Fund 5 and Object Code 189. The entire 12 months will be paid out of the fund the employee is normally paid from.

Pending Salary Legislation

Two bills have been passed by the House and Senate related to public school personnel salaries. The Governor’s action will determine the final legislation, at which point School Business will provide guidance.

Preliminary ESSA Per Pupil Expenditure Data - LEAs only

ESSA requires that both LEA and school level per pupil expenditures by fund are published on the LEA report card. The Division of School Business in collaboration with an NCASBO committee developed the business rules for the school level calculation, and the preliminary calculations have been completed. The 2018-19 school level preliminary reports were sent to each LEAs eMFTS folders on October 31st.

The LEA level FINAL PPE (R44R-20191029153000-13-2754-LEA-PGA44RSF) dated October 29, 2019 is also in the LEA eMFTS folder.

The preliminary school level PPE report (R45N-20191031143900-13-2754-LENNN--PGA45NEW includes the following:

- **School level - NNN** Each school with a State assigned school number has an individual per pupil expenditure report. The report provides both total expenditure by object grouping and per pupil expenditures. Consistent with the LEA per pupil expenditure calculation, 2018-19 Final ADM is used as the denominator.
  
  **Note:** At this time transportation expenditures are not included in the school level report, regardless of whether your LEA codes transportation expenditures to the school level or to schoolwide location code “000”. At this time, all transportation expenditures are shown in the school wide report. This is temporary and before the report is final, these expenditures will be reflected in the individual school report.

- **Schoolwide** – Location “000” represents all expenditures coded to schoolwide “000” and all transportation expenditures. This report is separate from the school level at this time, however, in the final report schoolwide expenditures will be added to the school level report as an average per pupil and will not be shown separately.

- **Central Office** – Location “810” represents all Central Office expenditures. This report is separate from the school level at this time, but in the final report these expenditures will be shown as a separate category in each school labeled “central expenses”.

These reports are provided for your review and to help you we have provided the schoolwide and central office separately. We are continuing to work on the integration of the transportation expenditures which will modify the reports for those LEAs that code the transportation expenditures to a school location. We hope to have the programming completed in the next couple of weeks. The display of the data and the level of detail presented in the report card is being evaluated by DPI leadership.

As you review your data, should you have any questions or concerns, please contact Icilma Burroughs at icilma.burroughs@dpi.nc.gov.

Budget Status
On November 1, the General Assembly presented the Governor with two bills that addressed public school employee salaries. The Governor vetoed Senate Bill 354 and has not taken any action on House Bill 377. A summary of the items addressed in the Appropriations Bill, S354 and H377 and their current status has been posted on our website at www.ncpublicschools.org/fbs/. In the event that H377 becomes law, more information will be provided.

The Division of School Business will calculate all mini budget bills that have become law since July 1, 2019 starting November 12.

Independent Public School (IPS) Second Funding Installment
The Division of School Business is navigating the budget situation and calculating the different scenarios that may become law. The IPS budgets are integrated in to the total Public School Fund and the uncertainty of the mini budget bills has significantly complicated the timing and the calculations of the second installment. All mini budget bills that have become law as of November 12th will be incorporated in to the LEAs and IPS allocations. The base allocation will be recalculated based on the month 1 ADM and the second installments will be allotted before November 29th. Charter schools on disciplinary financial or governance noncompliance will receive a monthly allocation.

New Object Code 533 - Improvements to Site - Reimbursable from DOT
Session Law 2017-57 changed General Statute 136-18(29a) to require the Department of Transportation to reimburse costs for improvements to the State highway system as part of construction projects. Object code 533 has been created to facilitate the accounting for these expenditures. Effective July 1, 2019.

Mini Bill Information
As a reminder, as stated in the last newsletter for information on the mini bills and the impact on salaries, please refer to www.ncpublicschools.org/fbs/Budget Status.

2019-20 Salary Schedules
Public School Employee salary schedules have been updated on our website www.ncpublicschools.org/fbs/finance/salary/. Salary schedules are effective July 1, 2019. Veteran Teacher bonuses are not authorized.

Instructions from the Retirement System for Retroactive Pay
The purpose of this notice is to provide clarification regarding how to report these retroactive salary increases to the NC Retirement Systems. Since these raises are retroactive more than 90 days, the Retirement Systems will allow agencies to submit records for omitted contributions as prior period adjustments over a 3-month period. An example of calculating and reporting in this manner is outlined below:

1. November Reporting period – report the affected employee’s raise as it would normally occur in November
2. Calculate the total amount of increase due from July – October
3. Divide that total amount by 3 (representing the 3 months retro that can be accepted by the Orbit system)
4. Report 1/3 of the total amount as a prior period adjustment for August
5. Report 1/3 of the total amount as a prior period adjustment for September
6. Report 1/3 of the total amount as a prior period adjustment for October

Non certified and central office salary increases
LEAs may provide salary changes in 2019-20 within funds available. LEAs must pay non certified personnel within the salary ranges if they are State or Federally funded.

Principal Bonuses
While we work on the individual principals eligible, the list of schools and the amount of the bonus are posted on the FBS website. LEAs should determine the principal who served the
school for the majority of the year (greater than 6 months) and was employed as a principal as of November 1, 2019. The Q&A will be updated and posted on the FBS website by the end of the week.

---

**IFE Conversion**
The conversion rate will be adjusted for the change in benefits. The Division of School Business will automatically adjust the funding in PRC020 for the IFE conversions that have been processed.

---

**Allotment Sequence**
Calculate the impact of the mini budgets and allot to the LEAs
Calculate the per student base funding for independent public schools and restart schools
Allocate the second installment to independent public schools (exact date will be provided in the Nov 15 newsletter)
Open restart school module and ABC transfers
Charter School and Lab School Second Installment

The budget status, the timing of the mini budget bills and the upcoming Thanksgiving holiday have created challenges with regards to the allotment calculations and schools’ access to cash in time to meet November payroll. The Division of School Business is recalculating all allotments with the impacts of the recently passed mini budget bills. The Thanksgiving holiday pushes the cash calendar up and the last day in November to order cash and receive it before the end of the month is November 21st. School Business is not able to complete all the requirements for the charter school allotment calculation prior to November 21st and therefore, will provide a temporary “authority to draw”.

The authority to draw will be entered on November 15th and have been calculated as follows:

\[ 20\% \times (\text{month 1 ADM} \times 2019-20 \text{ LEA base funding before mini budget adjustments}). \]

The amount is capped at 68% of the estimated annual funding.

For charter schools that are on disciplinary noncompliance, an estimated monthly installment will be provided.

The intent is to ensure that funding and cash are available for the short term. These amounts will not be entered into the allotment system and are temporary. School Business will replace the temporary authority to draw with the actual allotments when the calculations are finalized. We appreciate your patience. If you have questions, please contact Roxane Bernard at roxane.bernard@dpi.nc.gov.

Principal Salary Determination

HB377 provides a new 2019-20 salary table Effective July 1st.

LEAs must calculate the retroactive salary based on the school in which the principal is assigned. The following data is used to place the principal on the appropriate pay level:

- **July 1 to December 31**
  - Higher of month 1 & 2 average daily membership 2018-19 of the school in which they are assigned
  - Growth scores of the school(s) the principal supervised in 2016, 2017 and 2018.
- **January 1 to June 30**
  - Higher of month 1 & 2 average daily membership 2019-20 of the school in which they are assigned
  - Growth scores of the school(s) the principal supervised in 2017, 2018 and 2019.

If you have questions, please send them to salary@dpi.nc.gov.
State Health Plan Premium Rates

The General Assembly approved a hospitalization rate of $6,306, however the State Health Plan will NOT adjust their rates until January 1, 2020. The new employer health rates are effective January 2020.

However, since December premiums are for January coverage, LEAs should change the employer rate in December for payment in January 2020. The benefit amount provided by the State Health Plan is $532.36.

Installment Collapse (LEAs Only)

Effective 9/30/19, DPI posted the 11th & 12th installment payments for State funds (Company 1000) in the current year to the special installment codes: 5110-001-120, 5110-001-210, and 5110-001-220. This procedure is known as the Installment Collapse. Because the installment payments are "cash" payments for July and August, but are not expenditures against your current year allotments, they are included only to reflect an accurate "cash" balance. While the installment amounts were posted on your general ledger when the checks were written, DPI did not post to the DBS/MSA system until September. This process will not affect your bank reconciliation. A copy of the Installment Report JHA850EG, (run
date of October 14, 2019) detailing the installment amounts posted for your LEA was placed in your eMFTS Reports folder on Tuesday, October 15, 2019.

Each LEA should have reversed the State accrual entries on their general ledgers during the month of July. Not reversing the accruals impacts the cash zero out. Any differences between the accrual amount and the actual installment payment for State Funds should be moved on your general ledger to the special installment codes listed above, using manual journal vouchers (JV). Please note that you cannot use auto adjustments/BUDS to move these expenditures. The manual JVs are essential, so the installment verses accrual amount differences do not affect your current year allotment balance.

Also, effective September 30, 2019, DPI posted the State installment payments and accrual reversing entries to Prior Year State. The Allotment Balance Reconciliation Report (JHA351EG) for Prior Year (Company 8000) was placed in your eMFTS Reports folder on Friday, October 18, 2019.

Federal Installments/Accruals: The 11th and 12th installment payments for Federal Funds posted in July and August and are included in your MFR file. Effective September 30, 2019, DPI posted the liability portion of the accrual reversing entries for all Federal programs.

Each LEA should have reversed the Federal accrual entries on their general ledgers during the month of July. Not reversing the accruals impacts the cash zero out. Any differences between the accrual amount and the actual installment payment, for Federal Funds, will be included with your current year expenditures.

If you have any questions concerning the Installment Collapse, contact Roxane Bernard at roxane.bernard@dpi.nc.gov or 919-807-3725.
