#### **DEFINITION OF TERMS**

- 1) <u>ABCs Flexibility</u> In <u>SL 1995-450</u>, the General Assembly approved a law to give the State Board of Education the authority to implement the ABCs. The ABCs assign more responsibility at the school building level and allow schools flexibility to use funds as they are most needed at the school. Budget flexibility is codified in G.S. 115C-105.25
- 2) Add-on Categorical dollars allocated over and above the base allotment.
- 3) <u>Allotted ADM</u> The higher of the first two months total projected ADM for the current year or the higher of the first two months total prior year ADM.
- 4) <u>Apportionment of Local Funds</u> The certification of the distribution of local current expense funds by the State Board of Education when there is more than one LEA in a county.
- 5) <u>Average Daily Membership (ADM)</u> The sum of the number of days in membership for all students in an individual public school unit, divided by the number of school days in the term.
- 6) <u>CFDA # -</u> A number that is assigned to each federal program for which a grant is awarded. <u>The Catalog of Federal Domestic Assistance</u> contains information for all federal grant programs such as grant authorization, who is eligible to apply, etc.
- 7) <u>Carryover</u> Funds appropriated but unspent in the first fiscal year that are brought forward for expenditure in the succeeding fiscal year. Most allotments that carry over must be approved annually by the State Budget Office.
- 8) Categorical Allotments An allotment with a formula that weights the distribution of funds based on student characteristics or public school unit demographics. Local school systems may use this funding to purchase all services necessary to address the needs of a specific population or service. These funds may be used to hire personnel such as teachers, teacher assistants, and instructional support personnel or to provide a service such as transportation, staff development, or to purchase supplies and materials.
  - Examples: At Risk Student Services, Transportation, and Children with Disabilities.
- 9) <u>Charter Schools</u> A public school operated by a nonprofit board or certain municipalities as a semi-autonomous school of choice within a school district operating under a "charter" with the State Board of Education. The final approval of all charters is granted by the State Board of Education. Charter schools are designed to give significant autonomy to individual schools and in turn hold these schools accountable for results. See G.S. 115C-218
- 10) <u>Child with a Disability</u> -- A child evaluated as having autism, deaf-blindness, deafness, developmental delay, hearing impairment, intellectual disability, multiple disabilities, orthopedic impairment, other health impairment, serious emotional disability, specific learning disability, speech or language impairment, traumatic brain injury or visual impairment who, by reason of the disability, needs special education and related services.
- 11) **<u>Dollar Allotments</u>** An allotment with a formula based on dollars per ADM. Local school systems can hire employees or purchase goods for a specific purpose, but the local system must operate within the allotted dollar amount.
  - Examples: Textbooks, Central Office Administration, Teacher Assistants.
- 12) <u>Dollars per ADM</u> LEA's Initial Allotments divided by the allotted ADM for that LEA. Other public school units receive an amount equal to the state funded dollars per ADM for the LEA in which the school is located or (for new charters) in which the student was

- previously enrolled.
- 13) **<u>Dollars per Child Count</u>** Funds generated for school-aged children with special needs divided by the LEA's April 1 total child count (not capped). Other public school units receive an amount equal to the LEA's state funded dollars per child count for the LEA in which the child was identified.
- 14) <u>ECATS</u> -- Every Child Accountability Tracking System. ECATS is comprised of three integrated modules accessed from a single user interface based upon role security: Special Education, Service Documentation and Multi-Tiered System of Support modules. ECATS also contains a combined set of data or Operational Data Store (ODS) from the three modules. ECATS will have direct data interface with the Student Information System PowerSchool and other NCDPI enterprise systems.
- 15) **ESEA** Elementary and Secondary Education Act of 1965. This act was amended by the No Child Left Behind Act of 2001 and the Every Student Succeeds Act of 2015.
- 16) **Full-time Equivalent** (FTE) Sum of part-time positions employed when added together equate to a full-time position used within a classification.
  - Example: Two one-half time positions equate to one full-time equivalent position.
- 17) <u>Grade Level Proficiency</u> Performance standards, called achievement levels, are one way that scores on the North Carolina End-of-Course Tests are reported. Students that score at or above Level III are considered to be grade level proficient and at or above Level IV are considered to be on track for career and college readiness. Listed below are the five achievement levels:
  - a) Level I: Students performing at this level have a limited command of grade-level knowledge and skills in the tested content areas.
  - b) Level II: Students performing at this level have a partial command of grade-level knowledge and skills in the tested content areas.
  - c) Level III: Students performing at this level have a sufficient command of grade-level knowledge and skills in the tested content areas to move on to the next grade but who may need additional support to be on track for career and college readiness.
  - d) Level IV: Students performing at this level have a solid command of grade-level knowledge and skills in the tested content areas to move on to the next grade and are on track for career and college readiness.
  - e) Level V: Students performing at this level have a superior command of grade-level knowledge and skills in the tested content areas to move on to the next grade and are on track for career and college readiness.
- 18) <u>Headcount/Child Count</u> This term refers to the process of actually counting the number of pupils who are defined as Children with Special Needs or Limited English Proficient.
  - a) For federal purposes, children with special needs include only a child with a disability.
  - b) The federal government requires child counts of children with special needs who have been properly identified, are receiving special education and related services on the child count day and have an individual education plan (IEP) or an individualized family service plan (IFSP). The December 1 IDEA Title VI-B child count includes those children ages 3 to 21 who are being served by LEAs, charter schools, or state-operated programs. State law requires an adjusted child count on April 1 of children ages 5 to 20 who are being

served by LEAs or charter schools and ages 3 to Pre-K-5 for Preschool funds. The April child count includes additions or deletions to the December 1 child counts and is used for state funding purposes.

The state allots a certain number of months of employment which can be assigned to a position, or a portion of a position, at the discretion of the LEA. Months of employment pertain to all position allotments which include Career Technical Education and School Building Administration (Assistant Principals).

Example: If an LEA is allotted 100 months of employment, that LEA can hire 10 Career Technical Education teachers for 10 months; or 8 teachers for 12 months and 1 teacher for 4 months; or any other combination which equals 100 months. Each allotment category must be reviewed for any special restrictions.

- 23) **PR/Award** A unique, identifying number assigned to each application. This is commonly known as the "grant number" or "document number".
- 24) <u>Planning Allotments</u> The tentative allocation of state and federal funds to LEAs to provide information for budgeting purposes. These allotments occur during February, preceding the fiscal year for which the initial allotment will be made.
- 25) <u>Positions</u> Positions equate to the full-time equivalent individuals that can be assigned for the employment period represented by the allotment category. For example, a position in the classroom teacher allotment represents an employment period of 10 months. The number of full-time equivalent individuals that can be employed is limited to the number of months associated with the positions allotted by the state.
- 26) <u>Position Allotments</u> The State allots positions to a local school system for a specific purpose. The local school system pays whatever is required to hire certified teachers and other educators based on the <u>State Salary Schedule</u>, without being limited to a specific dollar amount. Each local school system will have a different average salary based on the certified personnel's experience and education. For more information see the State Salary Schedule Manual.

- 35) <u>UERS</u> Uniform Education Reporting System. UERS is the comprehensive system by which LEAs and Charter schools report data electronically to the Department of Public Instruction.
